(1) Explanation describing how procurement by standard competitive means is either not practicable or not advantageous to the University;

The Office of the Provost currently in a contract with EAB that was previously exempt procurement due to it being considered a membership. We are currently in year 4 of the contract and have established a strong working relationship with EAB. They are knowledgeable of UHM’s strategic planning, operations and management needs to be addressed. Discontinuing our membership with EAB to see other options would be considered highly disruptive to our operations and decisions making.

(2) Details of the process or procedures to be followed in selecting the vendor to ensure as fair and open competition as practicable;

We are currently in year 4 of our existing contract and have established a strong working relationship with EAB. Their services have been essential in developing our strategic plan as we prepare for our WASC accreditation visit this year and as we have had to navigate through COVID-19 and upcoming budget restrictions. For the reasons stated in section 1 above, it would be most practicable, effective, and efficient to continue utilizing EAB’s academic affairs module program services. The contract extension is for 3 additional years at a reduced price. In terms of pricing and services, the contract extension is consistent with other EAB contracts at UHM (VCAFO C190046 and Outreach College C170059).
(3) A description of the Department’s internal controls and approval requirements for the exempted procurement; and
The Office of the Provost will oversee the services that EAB provides as the first line of contact and communication between the University and EAB, and ensures that UH procedures and policies are properly followed.
