## **REVISED**

Attachment to Form 138: Request for Exemption from Chapter 103D, HRS

Description of goods, services, or construction:

Executive search firm services are needed for the recruitment and selection of the Dean of the Nancy Atmospera-Walch School of Nursing at University of Hawai'i at Manoa. The search firm will provide additional support and expertise in developing the specification, advertisement, and recruitment profile; recruiting the highest caliber of applicants and nominees including the preparation of background materials and vetting of applicants and/or nominees for minimum qualifications and validated credentials; providing assistance with materials necessary for recommended appointment to the Board of Regents; and providing appropriate market data.

Estimated Cost: \$70,000

- (1) Explanation describing how procurement by standard competitive means is either not practicable or not advantageous to the University.

Procurement by standard competitive means, involving the preparation and advertising of a formal request for proposals, will not permit the completion of an extensive recruitment and selection process and adherence to internal policies and procedures, in time for the University to make offers of appointment by the Summer of 2022 for this critical leadership position. As a reasonable alternative, it is being proposed that invitations to submit proposals be extended to at least three prospective search firms that are well-versed with University of Hawai'i leadership positions, in higher education markets and nursing education. This competitive but less formal procedure will provide the University, in a timely manner, with a sufficient number of proposals from search firms with the experience and expertise necessary to successfully assist with this critical search especially during this post-pandemic period.

- (2) Details of the process or procedures to be followed in selecting the vendor to ensure as fair and open competition as practicable.

Proposals from responding firms will be reviewed primarily by the President, Provost, Search Advisory Committee (SAC) Chair, and Executive Search Coordinator, taking into consideration the following factors: (1) experience in higher education searches for similar positions, (2) prior record of successful placements and tenure of candidates at other higher education institutions and/or major organizations, (3) networking and outreach capabilities, (4) administrative support capabilities, (5) ability to meet the search schedule set by the University, (6) proposed costs of the services to be provided, and (7) the quality of the proposal and services. The President and Provost will make the final selection of the search firm that best matches the needs of, and that will be most advantageous to, the University.

- (3) A description of the Department's internal controls and approval requirements for the exempted procurement.

The Office of Procurement Management will assist in reviewing a contract for services with the firm determined by the President and Provost to match the needs of and that will be most advantageous to the University. Expenditures will be subject to review, approval and processing in conformity with specifications of the request for proposals and University expenditure policies and procedures.

- (4) A list of Department personnel, by position title, who will be involved in the approval process and administration of the contract.

President, UH, David Lassner  
Provost, UHM, Michael Bruno  
SAC Chair & Shidler Dean, Vance Roley  
Executive Search Coordinator, Michele Lau  
Fiscal Administrator, Jenine Isawa
