PRESIDENT, UNIVERSITY OF HAWAII
REQUEST FOR EXEMPTION FROM CHAPTER 103D, HRS
CONSULTING SERVICES TO ASSIST WITH
UNDERGRADUATE AND GRADUATE
FOR THE UNIVERSITY OF HAWAI'I AT MĀNOA

(1) Explanation describing how procurement by standard competitive means is not practicable or not advantageous to the University.

Since the Spring of 2018 through the Fall of 2023, EAB Global (EAB) provided consultant services for undergraduate and graduate enrollment growth solutions for the University of Hawai‘i at Mānoa (UH Mānoa). UH Mānoa is seeking to re-engage with EAB to continue with this effort.

Procurement by standard competitive means, involving the preparation and advertising of formal Request for Proposals or Invitation for Bids, would not be practicable or advantageous to the University as UH Mānoa and EAB maintained a highly successful partnership with the previous engagement. In addition, EAB has developed extensive knowledge of UH Mānoa’s Enrollment Management strategies, processes and requirements and seeking other options would be highly disruptive to our operations. Continuing our relationship with EAB is needed for the following reasons: UH Mānoa had 1) significantly increased the volume of undergraduate application 2) significantly increased metrics in yield/enrollment; 3) increased capacity of EM’s ability to develop and execute effective communication campaigns; 4) streamlined EM’s ability to capture applicants and facilitate completion; and 5) developed and executed effective strategies related to awarding and leveraging financial aid to meet enrollment targets when utilizing EAB’s proprietary modeling tool.

UH Mānoa is requesting a procurement exemption to ensure continued services with a partner that has a proven success record.

(2) Details of the process or procedures to be followed in selecting the vendor to ensure as fair and open competitions as practicable.

During the initial UH Mānoa procurement process in 2018, several companies that provide enrollment consulting services were surveyed by the former Associate Vice Chancellor for EM. A total of nine companies were surveyed across four essential services and EAB was identified as the vendor with the capability to deliver all services. EAB has been, and continues to be, considered the gold standard among enrollment consulting companies, through today. In addition, the current Vice Provost for EM Chun has directly worked with two of the nine enrollment consulting companies previously surveyed (Fire Engine Red and Ruffalo Noel-Levitz), as well as with a smaller enrollment consulting firm called GDA, Inc. She can confirm that EAB remains the most competitive company to offer the full array of enrollment services that UHM has relied upon for its recent enrollment growth solutions. Since EAB continues to be the strongest company to serve UHM’s enrollment needs, and EAB has a proven record of success with UHM, it would be most practicable, effective, and efficient to continue to utilize EAB as its enrollment consulting firm.
A description of the Department’s internal controls and approval requirements for the exempted procurement.

The Office of Procurement Management will assist in reviewing the contracts for services with EAB Global, Inc. to match the needs of the campus and that will be most advantageous to the university.

The Office of the Vice Provost for Enrollment Management will oversee the work of EAB and all expenditures under the contract will be subject to review, approval, and processing in conformity with specifications of the contracts and university expenditure policies and procedures.

A list of Department personnel, by position title, who will be involved in the approval process and administration of the contract

Nikki Chun, Vice Provost for Enrollment Management, UH Mānoa
Robynn Yokooji, Fiscal Administrator, Office of the Vice Provost for Enrollment Management, UH Mānoa
Alexandra French, Chief Business Officer, UH Mānoa
