

Request for Proposals  
The Research Corporation of the University of Hawai'i  
Building Research Competitiveness for Life Sciences

Responses to Questions

1. Question: Re: Section 1.16 REFERENCES – We assume that when you ask for “all contracts for similar services for the last FIVE (5) years” that we will be providing you a representative list of clients that reflect a similar scope of work (I ask this because we currently represent over 60 colleges and universities). Also, do you want only current or both current and former clients in this category?

Answer: Please provide list of former and current contracts/clients over the past 5 years that reflect a similar scope of work.

2. Question: Document – is it possible to get an unprotected PDF so that we can copy/paste forms and text that would come from the proposal. Currently we cannot because it is protected.

Answer: One can be emailed to you, when requested.
