

CINAHL via EBSCOhost

The authoritative resource for nursing and allied health.

How to Search for Topics

To find articles on a topic—

1. On the **Sci-Tech Reference** home page (www.hawaii.edu/sciref), click **CINAHL** and then click **CINAHL** again on the **Electronic Resources** page.
2. In the **Find** search box, enter the term(s) for your topic.

If you have more search terms to add—

- a. Select an operator (**and**, **or**, **not**) from the drop list next to the search box below **Find**.
 - b. Enter the additional term(s) in the search boxes.
3. **Optional:** Select a field to search (Abstract, Title, or other appropriate field).

Note. To retrieve peer-reviewed articles only, under the **Refine Search** tab, select **Peer Reviewed**.

4. Click **Search**.

Subjects

- Nursing
- Biomedicine
- Alternative medicine
- Consumer Health
- Health Sciences Librarianship
- And more.

Search for: (chronic kidney disease or ckd) and diet

Search Tools

BOOLEAN OPERATORS

and	narrows the search. Every item must include all terms. (HIV and nurses)
or	expands the search. Retrieved items may include any term. (heart attack or stroke)
not	excludes the words following not. (cancer not leukemia)

OTHER USEFUL SYMBOLS

*	A truncation symbol at the end of a root word finds all forms of the word. gene* retrieves genes, genetic, genealogy
?	A wildcard replaces an unknown letter. behavi?r finds behavior and behaviour

GROUP SEARCH CONCEPTS

- Use parentheses to group search concepts—
(diabetes or cancer) and diet

FIND EXACT PHRASES

- Use quotation marks to find exact phrases—
"human embryonic stem"

Find the Full Text Article

Find it locates full text articles online or in the University library's collections. If an online copy is not found, search Hawaii Voyager or request the item through Interlibrary Loan (ILL).

[find it](#)

Print, E-mail, Save, Export, or Add

On the Search Results, detailed item record, and folder pages, you may—
