

Biological Abstracts *via Web of Knowledge*

A database covering all aspects of biological and biomedical sciences

How to Search for Articles

To find articles on a topic:

1. On the **Science & Technology Database** web page, www.hawaii.edu/sciref/databases, click **Biological Abstracts**, and then click **Biological Abstracts** again on the Electronic Resources page.

NOTE: If you are off campus, you need to log into your UH account

2. In the **Search Box**, enter the terms for the topic, author name, or publication name

If you have more search terms to add:

- Select an operator (**and**, **or**) from the drop down menu
- Enter the additional term(s) in the search box

3. Be careful with the **Search Fields** – the defaults are Topic, Author and Publication Name. Use the drop down menus to change the fields if necessary.

4. Click **Search**
