Voyager will help you:

- find books, journal titles, maps, newspapers, and government documents in UH Libraries

Voyager will NOT help you:

- find journal articles
- find or provide full-text

To search for materials on a topic

1. Use *Guided Search*.

2. Enter keywords for the concept.

- Use **AND** to combine concepts and to get fewer results
- Use **OR** to search synonyms and to get more results

In the example, this search will find items with both "biogeography" and "islands" anywhere in the record.

3. Click *Search*.

4. The next screen is a list of titles.

Click on the title for more information on an item.

5. This screen provides further information on an item. In this example, the item is in Hamilton Library, in the folio collection.

- Check **Location** to confirm **Hamilton Library** has a copy of the item
- **Voyager searches all UH libraries; scroll down until Hamilton Library's information appears**

6. Use the call number to find the item on the shelf. Check *Status* to confirm the item is not checked out.
