Aloha!

As we start up the summer, here are a few reminders about summer eligibility for student employees:

In order to remain eligible through the summer, you must:

1. Be enrolled at your primary campus for Fall 2009 at least half-time excluding Outreach credits (International students must be enrolled full-time), be making satisfactory academic progress (cumulative GPA at least 2.0 for undergraduates, Law, unclassified, or community college student, or 3.0 for classified graduate students) and in good academic standing.

   OR

2. Be enrolled in at least one credit in both Summer Session I and II and be making satisfactory academic progress (cumulative GPA at least 2.0 for undergraduates, Law, unclassified, or community college student, or 3.0 for classified graduate students) and in good academic standing.

CDSE will soon be performing an audit of ineligible students during Summer 2009. In the case that you do not meet these criteria, please take the appropriate actions to remedy this. When the audit is conducted, employers will be receiving memos of their student employees' ineligibility.

Please keep in mind that the period for continued registration ends on July 17, 2009. If you are not registered for the appropriate number of credits by this time, you will be considered ineligible.

**Study Abroad Students:** If you are participating in the Study Abroad Program in the Summer/Fall but would like to remain on the student payroll, verification of your acceptance is needed. If we do not receive written confirmation of your participation, your student employment position may be terminated.

If you should have any questions, please feel free to contact our office.
