Introduction

This Handbook is intended to be used by University of Hawaii at Mānoa (UHM) students, faculty, staff, and visitors. It provides useful information, policies, and references for issues relating to safety and security at UHM. It is organized into the following sections:

- **Quick Reference**: Lists emergency, counseling, health, mental health, legal, and other services offered by the university and in the local community.
- **Safety on Campus**: Includes an overview of emergency response policies, procedures, and safety considerations.
- **University Policies and Procedures**: Gives information on policies and state laws concerning alcohol, drugs, weapons, and gambling.
- **Sexual Assault Prevention and Response**: Explains university policies and procedures, including resources available to victims of sexual violence, the reporting and judicial review processes, and university policies concerning these crimes.
- **Student Housing**: Policies and procedures for student residents, including our Missing Student and Guest policies.
- **Crime Statistics**: This section lists statistics of crimes reported on and near campus in the past three years.
- **Glossary of Terms**: Defines terms used throughout this report.
- **Annual Fire Safety Report**: Includes fire statistics for on-campus student housing facilities, description of fire safety systems in each housing facility as well as additional fire safety information.

The Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act, as a part of the Higher Education Act of 1965, is a federal law that requires colleges and universities to disclose certain timely and annual information about campus security and fire safety policies. All public and private institutions of postsecondary education participating in federal student aid programs are subject to its rules and regulations. The act includes:

- Publishing an annual report disclosing campus security policies and three years of selected crime and fire statistics.
- Issuing timely warnings to the campus community about crimes that pose a serious or ongoing threat.
- Keeping a public crime log.
- Upholding basic rights to victims of sexual assault. This section has been expanded to include new requirements under the Violence Against Women Act (VAWA) and the Campus Sexual Violence Elimination (Campus SaVE) Act.
- Making accurate crime statistics available to the U.S. Department of Education, which centrally collects and disseminates campus crime statistics at the national level.
- Facing possible sanctions from the U.S. Department of Education when schools fail to comply with the Clery Act.

The University of Hawaii at Mānoa (UHM) is firmly committed to providing a safe and secure campus environment. Policies and procedures are designed to protect people and property, and each member of the UHM community is strongly encouraged to use good judgment and take appropriate precautions to reduce the possibility of becoming the victim of a crime on campus. The following report is provided to notify the UHM community about certain crimes that have been committed at the Mānoa Campus, as well as to promote awareness of current programs available for their safety and wellbeing.

The UH Mānoa “flagship” campus consists of 278 academic, administrative, residential, and recreational buildings situated throughout 320 acres. In addition, the Mānoa Campus directly supports student residential buildings, faculty housing, and several off-campus research programs. The campus population consists of approximately 20,000 students and 5,180 faculty and staff. Approximately 3,800 students reside on campus.

The goal of this report is to inform the community of safety and security issues on campus, while providing resources for crime prevention and victim assistance.

UHM Department of Public Safety (UHM DPS)

The UHM Department of Public Safety (UHM DPS) consists of 51 department personnel: one chief, five administrative and support personnel, and 46 uniformed staff. The department selects each recruit carefully; they must pass an extensive screening and background check conducted by the State of Hawaii Attorney General’s Office. Each selected recruit completes a field training and evaluation program before being assigned to any patrol duty on his or her own.

UHM DPS officers do not have police powers or arrest authority and are not authorized to carry firearms. Security officers may detain person(s) involved in the violation of laws and those involved in criminal acts they personally view, or those positively identified as having committed such an act by victims or witnesses until the Honolulu Police arrive to take custody of the individual(s). Any campus incident requiring an arrest is referred to the Honolulu Police Department (HPD).

Local Police Monitoring & Recording of Crimes

UHM DPS has a strong working relationship with the local police department. As the primary Law Enforcement Agency, the Honolulu Police Department monitors and responds to all reported crimes, regardless of location. Please refer to Honolulu Police Department’s District 7 Mānoa Valley Map [http://honolulupd.org/information/index.php?page=crimemapping] and patrol districts for additional law enforcement information. Presently there are no off-campus, officially recognized student organizations.
I. Emergency Notification and Response

Emergency Response

UHM’s Emergency Response Plan includes general information about situational and operational requirements, and incident priorities and responsibilities. Individual departments are responsible for developing contingency and continuity of operations plans for their staff including specific areas of responsibility. UHM conducts annual assessments of our emergency response system, including tabletop discussions, field exercises, and tests of the emergency notification systems. These tests are designed to evaluate the emergency response plans and capabilities of the institution.

UHM DPS Security Officers and supervisors have received training in the National Incident Management System, Incident Command System and are able to respond to incidents on campus. When a serious incident occurs that poses an immediate threat to the UHM community, first responders to the scene are usually UHM DPS, Honolulu Police Department (HPD), Honolulu Fire Department (HFD), and Honolulu Emergency Medical Services Department (EMS). These agencies respond and work together to manage the incident. Depending on the nature of the incident, other UHM departments and local or federal agencies may also be involved in incident response.

General information about the emergency response and evacuation procedures for UHM is publicized each year as part of the University’s Clery Act compliance efforts, and is available on the UHM DPS website.

Detailed information and updates to the UHM Emergency Response Manual and UH Alert System are available on the following websites:

- UHM DPS: [http://www.hawaii.edu/security](http://www.hawaii.edu/security)
- University of Hawaii UH Alert: [https://www.hawaii.edu/alert](https://www.hawaii.edu/alert)

Notification About an Immediate Threat

In the event of an immediate threat, UHM DPS, Office of Community and Government Affairs, and Communications staff receive information from various offices/departments on campus, such as the Office of Environmental Health and Safety (EHSO), or from the City & County of Honolulu Department of Emergency Management (DEM), and/or the State of Hawaii Civil Defense Agency.

If UHM DPS confirms that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the UHM community, UHM DPS, the Office of Community and Government Affairs, and Communications will collaborate to determine the content of the message and will use some or all of the systems described below to communicate the threat to the UHM community or, if the threat is limited to a particular building or segment of the population, to the appropriate segment of the community. Notifications are issued immediately, taking into account the safety of the community, unless issuing a notification will, in the judgment of the first responders (including, but not limited to UHM DPS, HPD, and/or HFD and EMS), compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.
Emergency Alerts & Timely Warnings

In the event of a serious incident that poses an immediate threat to members of the UHM community, the University has various systems in place for communicating information quickly. Some or all of these methods of communication may be activated: social media, network emails, written bulletins, and text messages. Students, faculty and staff with a UHM username and password can sign up for this service on the UH Alert website: [http://www.hawaii.edu/alert/](http://www.hawaii.edu/alert/). The University will post updates during a critical incident on the UH Emergency website. Community members who do not have a UHM username or password can receive emergency alerts and updates through our social networking pages, the UHM DPS website, and the recorded information telephone. Information for these resources is outlined on the following page.

UHM DPS vehicles are equipped with public address systems and these vehicles can be strategically placed throughout the campus to facilitate communication through the vehicle PA system. UHM students, faculty, staff, and community members are encouraged to notify UHM DPS of any situation or incident on campus that involves a significant emergency or dangerous situation that poses an immediate or ongoing threat to the health and safety of students and/or employees on campus. UHM DPS has the responsibility of responding to and summoning the necessary resources to mitigate, investigate, and document any situation that may cause a significant emergency or dangerous situation. In addition, UHM DPS has a responsibility to respond to such incidents to determine if the situation does, in fact, pose a threat to the community. If so, federal law requires that the institution notify the campus community or the appropriate segments of the community that may be affected by the situation. Students, faculty, and staff are encouraged to report any strange activities or crimes that occur on campus, through our Anonymous Tip link below. The University will withhold as confidential the names of victims in all Emergency Alerts and Timely Warnings.

UH Alerts

In accordance with the Higher Education Opportunity Act (HEOA) (Public Law 110315), the University of Hawaii at Mānoa will endeavor to immediately notify the campus community upon confirmation of a significant emergency or dangerous situation on campus. The University has implemented a comprehensive communications system, “UH Alerts,” to provide prompt warning notifications and alerts of emergencies to the campus community using a variety of methods, including: email notices, text messages, university website and social media postings, written bulletins, and direct communication using staff members. Staff in both the Communications department and UHM DPS are authorized and trained to write an alert and will determine the appropriate segment(s) of the community to receive the alert. Any of these offices can initiate some or all of the notification systems to inform the campus community of emergencies or dangerous situations that have occurred which necessitate caution, evacuation, or other action on the part of students, employees, and campus visitors. Upon confirmation of an immediate threat to the health or safety of students or employees occurring on campus, the University officials listed above will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the system(s) unless issuing the notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim, or to contain, respond to or otherwise mitigate the emergency. When the emergency is declared over and the situation returned to normal, an announcement using the same dissemination methods listed above will be used to declare the “all-clear.” Depending on the nature of the situation, the media will be used to notify the local community. Student Housing Services maintains a parent organization to notify parents of emergency situations, and all-clear notices.
**Timely Warning**

In an effort to keep the community informed of security issues, “timely warning” bulletins are issued. A warning may be issued when there is an occurrence of a crime listed in the Annual Security Reports or any other crime considered by the institution to represent a serious threat to students or employees. Typically, a timely warning is issued when a situation poses a threat to students, but it is not an emergency requiring immediate action. This warning may be distributed to the campus community using some or all of the following methods of communication: email notices, written and social media postings, and a mailbox stuffing. Timely warnings are written and distributed by UHM DPS or Communications staff.

**Emergency Response & Evacuation Testing Procedures**

An evacuation (fire) drill is coordinated by UHM Student Housing Services staff in collaboration with UHM DPS and the UHM Fire Safety Office each semester for all residential facilities. Thus, the emergency response and evacuation procedures are tested at least twice each year (during Fall and Spring semesters). Students learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for a short-term building evacuation. UHM DPS does not tell residents in advance about the designated locations for long-term evacuations because those decisions are affected by time of day, location of the building being evacuated, availability of the various designated emergency-gathering locations on campus, and other factors such as the location and nature of the threat. In both short-term and long-term building evacuations, UHM DPS and Residential Life staff on the scene will communicate information to students regarding the developing situation or any evacuation status changes.

During evacuation tests, drills may be announced or unannounced. The purpose of evacuation drills is to prepare building occupants for an organized evacuation in the case of a fire or other emergency. At UHM, evacuation drills are used as a way to educate and train occupants on fire safety issues specific to their building. During the drill, occupants practice drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm. In addition to educating the occupants of each building about the evacuation procedures during the drills, the process also provides the University an opportunity to test the operation of fire alarm system components. Evacuation drills are reviewed by UHM DPS, and the Student Housing Services Department to evaluate emergency plans and responses. Each test is documented, including the date, time, description of the exercise, and whether it announced or unannounced.

Reports, prepared by participating departments, identify deficient equipment so that repairs can be made immediately. Recommendations for improvements are also submitted to the appropriate departments/offices for consideration.

Students receive information about evacuation and shelter-in-place procedures during their first floor meetings and during other educational sessions that they can participate in throughout the year. The Student Housing Staff members are trained in these procedures and act as an ongoing resource for the students living in residential facilities. UHM DPS publishes a summary of its emergency response and evacuation procedures in conjunction with at least one drill or exercise each calendar year.
Crime In Progress

1. Do not attempt to apprehend or interfere with a suspected criminal except in cases of self-protection.

2. If safe, get a good description of the criminal. Note size, height, weight, gender, color of skin, hair, facial hair, eyes, age, clothing, distinguishing characteristics or marks, and method and direction of travel. If there is a vehicle involved, note its license plate number, make and model, color, and outstanding characteristics.

3. In an emergency, dial 9-1-1. For UHM DPS, use the closest Emergency Call Box (ECB) or call 956-6911 for help. Inform the dispatcher of your situation, provide your name and location, and then remain where you are until contacted by a security officer.

4. If you are involved in a monetary theft, you should:
   - Not resist - do as the perpetrator says.
   - Give up the money immediately.
   - Wait until the perpetrator departs, then contact UHM DPS immediately.
   - Attempt to get a good description of the perpetrator and direction of flight. Write down whatever you remember.
   - Ask any witness to remain for the arrival of the UHM DPS officers or the HPD.

5. In the event of civil disturbance, continue with a normal routine as much as possible. If the disturbance is outside, stay away from doors and windows.

6. Do not interfere with persons creating the disturbance, or with law enforcement authorities on the scene.

Crime Reporting Policy

Crimes and other emergencies can be reported directly to UHM DPS by dialing (808) 956-6911 or extension 66911 from any phone on campus, or by using an Emergency Call Box (ECB). Crimes can also be reported directly to the Honolulu Police Department by dialing 911. We encourage the community to report crimes to UHM DPS for the purpose of issuing emergency alerts and timely warnings.

The department accepts reports of criminal activity in confidence; crimes of sexual violence may be reported by a third party and/or anonymously. The UHM DPS website has an anonymous reporting option where an individual can report a crime, incident, or sexual assault directly to the Captain of UHM DPS: [http://www.hawaii.edu/security/tip.html](http://www.hawaii.edu/security/tip.html). Additionally, anonymous reports can be made through the Women’s Center, Student Housing Staff, and the Counseling Center.

UHM DPS requests that all campus counselors encourage their clients, when appropriate, to report criminal violations on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics. However, pastoral and professional counselors are exempt from reporting obligations and may choose to withhold statistics at their discretion.
Emergency Call Boxes

UHM DPS provides 74 Emergency Call Boxes (ECBs) that connect the caller directly with the dispatcher 24 hours a day. The ECBs are easily identified by their blue light. At UHM, there are two types of ECBs: some have a red call box and require the user to lift the receiver to reach UHM DPS. Other ECBs are on a clearly-marked metal pole and require the user to push a button to contact UHM DPS. Picking up the headset or pushing the button (depending on the type of ECB) automatically activates the phone system and UHM DPS can immediately identify the location of the caller even if the caller is unable to verbally communicate. A map of ECB locations can be found at http://www.hawaii.edu/security/callboxes.html.

Response to Reports of Crimes & Other Emergencies

In response to a call, UHM DPS will take the required action, either by dispatching a security officer or asking the victim to report to the UHM DPS office to file an incident report. In an emergency, the department will summon the additional resources, as necessary, to respond to the emergency, including but not limited to the Honolulu Police Department, Fire Department, and Emergency Medical Services. All incident reports are
forwarded to the Director of Judicial Affairs Office for review and potential action, as deemed appropriate. While UHM DPS does not have a written agreement with Honolulu Police Department for the investigation of criminal incidents, the HPD by virtue of their law enforcement authority and jurisdiction, is responsible for investigating all criminal activity that occurs on University property.

**Campus Security Authorities**

The Jeanne Clery act mandates that each institution is required to report statistics concerning the occurrence of certain criminal offenses reported to the local police agency or any official of the institution who has "significant responsibility for student and campus activities." This position is defined as a Campus Security Authority.

"Campus Security Authority" means:

1. A campus public safety or police department.
2. Any individual or individuals who have responsibility for campus security but who do not constitute a public safety department under paragraph (1) of this definition, such as a private security company.
3. Any individual or organization specified in an institution’s statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.
4. An official of an institution who has significant responsibility for student and campus activities, or any employee who manages or otherwise oversees student and campus activities. For example, staff responsible for campus student and family housing, a student center, or student extracurricular activities; a director of athletics, coaches and trainers, faculty advisors to student groups, staff responsible for student discipline and campus judicial staff.

Campus Security Authorities are defined by function and not title. Examples include:

- **Vice Chancellor for Students**  
  **Dean of Students**  
  **Director of Judicial Affairs**  
  **Director of Resident Life**  
  **Athletic Director and Team Coaches**

- **Faculty Advisors to Student Group**  
  **Deans**  
  **Residential housing staff**

- **Student Activity Coordinators**

Each campus must identify these individuals. The Clery coordinator is responsible for ensuring campus security authorities are trained and aware of their responsibilities, and that they submit statistics for any crimes that have been reported to them. Pastoral and professional counselors are exempt from being a CSA as long as they are acting in a professional capacity at the time of the report. For this purpose:

- A **Pastoral Counselor** is a person who is associated with a religious order or denomination, is recognized by the religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor.

- A **Professional Counselor** is a person whose official responsibilities include providing mental health counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification.

Other individuals who have significant responsibility for campus and student activities and who counsel or advise students and employees are not exempt from reporting, even if the counseling is confidential. Examples of individuals who would not meet the criteria for being CSAs include:

- A faculty member who does not have any responsibility for student and campus activity beyond the classroom.
Clerical or cafeteria staff.

Campus Security Authorities (CSAs) are expected to keep records of reported incidents, including dates, times, and locations. If the CSA is not sure of the date and time, they should record the date that it was reported. If the location is unknown, any general identifying information (residence hall, academic building) concerning the offense can be helpful in the investigation. UHM DPS annually solicits CSAs for Clery reportable statistics, and compiles them in preparation of the Annual Security Report.

If a serious crime that may cause an ongoing threat to the University of Hawaii at Mānoa campus community is reported to anyone who is defined as a Campus Security Authority, the individual must notify UHM DPS immediately. The institution has a responsibility to notify the campus community of any crimes which pose an ongoing threat to the community, and therefore, Campus Security Authorities are obligated to report crimes immediately to UHM DPS. If there is any question about whether an ongoing threat exists, immediately contact UHM DPS at (808) 956-6911.

“Campus Security Authority” is a Clery-specific term that encompasses individuals and organizations associated with an institution. For more information, see the Handbook for Campus Safety and Security Reporting, page 74. For a full list of Campus Security Authorities at UHM, please call UHM DPS at (808) 956-5886.

## III. Security of Campus Facilities

### Access to & Security of Campus Facilities

UHM is an open campus. With the exception of residence halls, most University facilities are open to students, staff, and the public during daytime and evening hours when classes are in session. Many buildings have specific hours of business and closing times; UHM DPS secures these building based on a list provided by the Facilities Work Coordination Center (WCC). Officers regularly patrol the campus grounds, including the interior areas of UHM facilities.

### Security Considerations Used in Maintenance

UHM campus is well lighted, and further improvements in campus lighting are being made in parking lots, areas with heavy landscaping, and along sidewalks and pathways frequently traveled by students. On-duty UHM DPS officers regularly file reports if they observe overgrown shrubbery, uneven or obstructed pathways, inadequate lighting, or any other type of safety hazard. In addition, UHM DPS hosts an annual Campus Safety Walk, in which faculty, staff, and students circulate throughout campus in groups and identify safety concerns. This event takes place each Fall, and is open to all members of the community. All reported safety hazards are submitted to the Facilities Management Department for review and potential action.

To ensure that security technology is included in the construction phase of any project, security officials regularly attend design meetings for new facilities along with preconstruction planning meetings for both new facilities and renovations of existing buildings to insure that security technology is included in the construction phase of any project.
Security Escort Service & Other Programs

UHM DPS offers a campus-wide Security Escort Service, which provides a walking escort or vehicle transportation from dusk until dawn for any student walking alone on campus at night to any UHM parking lot or facility. By calling 956-SAFE (956-7233) or extension 67233 from any campus phone, a Community Service Officer (CSO) will arrive at the student or staff member’s location.

Other services include:

1. Vehicle (both motor and electric cart), bicycle and foot patrol to deter potential crime and respond to emergencies. Officers are trained in emergency first-aid, Cardio Pulmonary Resuscitation (CPR), and the use of an Automated External Defibrillator (AED).

2. Safety and security hazard inspections of the campus. Initiates work request(s) to facilities maintenance for repairs and initiates deficiency reports and sends to departments effected. See detailed description above.

3. Transportation to the UH Health Center for students who have minor injuries or illnesses.

Crime Prevention Tips & Security Awareness Programs

Throughout the school year, precautions are taken to assist in providing for the safety of students, faculty, and staff. UHM DPS offers security awareness programing, including community events, New Student Orientation sessions, presentations to student residents and other groups, and social networking updates. Crime prevention and security awareness presentations are designed to inform students and employees about UHM DPS procedures and practices, and to encourage them to take precautions for their own security and the security.

Crime prevention and awareness programs include a general information session that provides the community with an overview of security and safety procedures and a description of the safety services provided to the campus community. With the assistance of the Women’s Center and the Mānoa Alcohol Project (MAP), the department also conducts sexual assault and alcohol awareness programs. Additional safety and security awareness programs and presentations are available at any time by request. UHM DPS encourages all students, faculty, and staff to exercise these simple precautions:

- Become familiar with the Emergency Call Boxes (ECBs) located around campus. ECBs can be identified by a blue light mounted above the box. See map of ECB locations on the UHM DPS website at: [http://www.hawaii.edu/security/callboxes.html](http://www.hawaii.edu/security/callboxes.html).
- Program the number for UHM DPS into your phone: 956-6911. If you see something out of the ordinary, call us!
- For safety and security purposes, don’t put your name or address on your student housing key card.
- If you are studying/working alone at night on campus, call the Security Escort Service at 956-SAFE(7233)
- Always keep belongings with you or lock them away, even if making a quick trip to the restroom.
- If you are on an elevator with someone who makes you feel uneasy, get off at the next floor.
- Be sure to lock/secure window(s) and door(s) in your room or office, even if you are sleeping or doing homework.
- Be aware of your surroundings while walking/jogging alone. If using headphones, always leave one

— earbud out so you can stay alert.
— Never loan keys to anyone (they may be easily lost, stolen, or duplicated).
— Mark or engrave your belongings; don’t leave valuables unattended.
— Do not write your name or building name on your Student Housing key card.
— Always lock your bicycle/moped. Bicycles/mopeds should be locked around the frame to a bike rack. For more information and tips on how to properly secure your bike, visit: http://www.hawaii.edu/security/resources/PDFs/BikesWeb.pdf
— Let someone know that you are working odd hours or will be in the building after normal business hours.
— Do not allow strangers to follow you into your residence hall, visitors must be registered and escorted by the registered resident at all times.
— When you go to social gatherings, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together.
— If you find that your room has been entered, do not go inside. Go to a neighbor and call UHM DPS at 956-6911. If you are already inside, do not touch anything. You may disturb evidence that is important to the investigation.
— If you are being harassed, loudly say “Leave me alone!” If that doesn’t stop the harassment, continue to attract people's attention and head towards a store or other populated area.
— Do not keep valuables in your car. If you must, keep them in the trunk where they are out of sight. If you have an internal trunk lock, use it.
— Advise someone of your whereabouts and how long you expect to be out. Inform that person if you end up staying longer than expected.
— If you lose your student housing key, report it immediately so it can be deactivated.
Alcohol and Drug Policy

State law and the University’s Executive Policy (E11.202) regulate the purchase, possession or consumption of alcoholic beverages. Under state law, no one under the age of twenty-one may purchase, possess or consume alcoholic beverages. It is the responsibility of both the server and consumer to be aware of and abide by all existing laws and regulations. UHM faculty, staff and students are not permitted to manufacture, sell, distribute, possess, use, dispense or be under the influence of illegal drugs and/or alcohol at University-sponsored or approved events or on UHM property or in buildings used by the University for education, research, or recreational programs.

Alcohol consumption is permitted in dormitory rooms and student apartments occupied by individuals who are twenty-one years of age or older. Consumption of alcoholic beverages is forbidden in all public and common areas.

All service or consumption of alcoholic beverages involving students on campus requires an endorsement from the Office of the Vice Chancellor for Students and approval from the Vice Chancellor for Administration, Finance and Operations. A minimum of two signatures is required on the request forms from the sponsoring organization or group.

Consistent with its mission, UHM will cooperate with law enforcement agencies in any cases related to the illegal use of drugs, tobacco and alcohol. Students and employees found to be in violation might be subject to the provisions of State law, University policy and the Student Conduct Code. Faculty and staff found in violation of this part are subject to disciplinary action as provided in collective bargaining agreements, University policy, and other applicable state laws and rules. For more information, view the Student Conduct Code at: [http://studentaffairs.manoa.hawaii.edu/policies/conduct_code/](http://studentaffairs.manoa.hawaii.edu/policies/conduct_code/)

Drug and Alcohol Abuse Prevention

Section 120 of The Higher Education Act, Drug and Alcohol Abuse Prevention, requires that certification of on-campus prevention efforts be made available to the students and the public. At the University of Hawaii, the Alcohol and Other Drug Education Program (ADEP) provides substance abuse education, prevention, and intervention for all students, faculty, and staff. Sexual Assault Prevention & Response

I. UHM Sexual Assault Task Force

The University of Hawaii at Mānoa Sexual Assault Task Force (SATF) was established in 2003. In 2006, the SATF was recognized as a formal advisory group to the Mānoa Chancellor’s Office. SATF’s primary purpose is to ensure improved victim services and perpetrator accountability for UH Mānoa students. SATF members are directors/coordinators from the Office of the Vice Chancellor for Students, UHM DPS, Office of Judicial Affairs, Counseling and Student Development Center, Women’s Center, Office of the Gender Equity Specialist, Student Housing Services, University Health Services and the PAU (Prevention, Awareness, and Understanding) Violence Against Women Program. The primary mission of the SATF is to provide victim centered response and services.

The SATF meets monthly for case review and policy and protocol review. Our coordinated response allows us to provide student victims of interpersonal violence with crisis counseling, safer housing options, assistance with academic issues, assistance with appropriate medical care, advocacy in reporting crimes and appropriate referrals to on--- and off---campus services. Our responses address perpetrator accountability and improved safety on campus by issuing crime alerts, implementing trespass bans, initiating investigations and adjudicating conduct code violations.

**Information About the “Date Rape Drug”**

Date rape drugs can be placed into any beverage, not just alcohol. The drug may act as an aphrodisiac or an intoxicant. Common side effects of this drug include feelings of euphoria, short-term memory loss, decreased inhibitions, drowsiness, light-headedness, staggering, confusion, muscle relaxation, and amnesia that can last as long as 24 hours. Serious adverse effects can occur, such as seizures, insomnia, anxiety, nausea, dizziness, hallucinations, coma and even death.

If you or someone you know has been drugged and/or assaulted, go to a safe place, contact UHM DPS or local police. UHM DPS recommends that the victim request to be taken to the University’s Student Health Services or local hospital ER, for immediate treatment of any injuries. Victims may also choose to receive urine, blood pregnancy, and sexually transmitted disease (STD) testing.

**Common Myths and Misconceptions about Domestic Violence**

**Myth 1: Domestic violence is an anger issue**
- Anger is an emotion we all have.
- Some individuals say, “They just lost control and need anger management.” If anger is a regular emotion and one could “lose control”, an angry person would be violent and express that anger on anyone. Given that violence is controlled and targeted at an intimate partner, we have to realize it’s not an anger issue because the behavior is definitely managed and focused.
- Domestic violence is an issue of using violence to maintain control over an intimate partner.

**Myth 2: Domestic violence is an alcohol or drug problem.**
- Substance use can increase the severity of abuse.
- Perpetrators sometimes use substance abuse as a tool to control the behaviors of the victim.
- Survivors sometimes use substances as a coping mechanism to deal with the abuse.
- Substance and alcohol abuse do not cause violence, however can impact severity of violence.
Myth 3: Domestic violence only happens to the poor and uneducated.

- Domestic violence knows no boundaries. It occurs amongst all socio-economic groups, all levels of education, all races, heterosexual and homosexual relationships, amongst individuals with abilities and disabilities, and amongst all age groups.
- Domestic violence is often portrayed as an issue that only impacts the poor and uneducated because there is a societal belief that domestic violence is solely the use of physical violence, which is not expected of educated or rich individuals.

Myth 4: Leaving the relationship will end abuse.

- Ending a violent relationship is the most dangerous time for a survivor. Violence may increase when there is a threat to the relationship.
- The end of a relationship means the end of control over the survivor.
- On average, a victim will attempt to leave 7-9 times before safely getting out of an abusive relationship.
- Restraining orders may not stop abuse, but can help to criminalize abusive and stalking behaviors.

The UHM Women’s Center hosts several programs which assist students in education and prevention of sexual and relationship violence. In addition, Women’s Center employees are trained in bystander intervention and conduct awareness events, trainings, and information sessions both on a regular basis and by special request. The PAU Violence Against Women Program and the LGBT Student Services Offices are explained in further detail below.

**PAU (Prevention, Awareness, Understanding) Violence Against Women Program**

The Prevention, Awareness and Understanding (PAU – the Hawaiian word for end or finish) Violence Program exists to inspire, educate and empower students and campus communities to build safe living-learning environments, end interpersonal violence and encourage holistic well-being in ways that are supportive, collaborative, student-centered and strengths-based. PAU Violence provides training and education to students, faculty and staff on issues of relationship violence, sexual assault and stalking. Housed under the Women’s Center, the PAU Violence Program also coordinates a campus-community partner response team known as the Sexual Assault Task Force, which meets regularly to develop, implement and evaluate victim-centered policies and procedures related to sexual and relationship violence issues for UH Mānoa students. PAU Violence also provides crisis support and referrals to survivors of sexual and relationship violence.

PAU Violence Program goals:

1. When working with students and the campus community, the program endeavors to create an environment that is welcoming and safe, where people of all identities and experiences feel validated and supported.
2. We strive to ensure that we provide a wide range of resources and referrals that assist students in making informed decisions that are in line with their personal wellbeing and academic success.
3. The program uses innovative practices and culturally appropriate approaches to engage the campus community on multiple levels to understand sex assault, domestic and dating violence and stalking.
4. Using experiences, education and knowledge, we challenge our campus and students to be role models in ending interpersonal violence.

PAU Violence provides bystander education and basic definitions and dynamics of interpersonal violence. PAU Violence utilizes the Mentors in Violence Prevention (MVP) bystander leadership program. MVP trainings involve facilitated discussions to open dialogue regarding underlying issues and dynamic of sexual violence, intimate partner violence and stalking. This module encourages participants to be proactive leaders by challenging them to identify concrete options for intervention in potentially harmful situations. Regular trainings are provided annually to students who participate in the following campus programs:

### IV. Information About VAWA Crimes

In accordance with changes to the Violence Against Women Act (VAWA) as it applies to the Annual Security Report, UHM has included definitions and increased policies outlining Sexual Assault, Domestic Violence, Dating Violence, Stalking, and Consent. See Glossary of Terms section at the end of this document. These terms are published according to the official State of Hawaii definitions.

**Stalking**

A person commits the offense of harassment by stalking if, with intent to harass, annoy, or alarm another person, or in reckless disregard of the risk thereof, that person engages in a course of conduct involving pursuit, surveillance, or nonconsensual contact upon the other person on more than one occasion without legitimate purpose.

“Nonconsensual contact” means any contact that occurs without that individual’s consent or in disregard of that person’s express desire that the contact be avoided or discontinued. Nonconsensual contact includes
direct personal visual or oral contact and contact via telephone, facsimile, or any form of electronic communication, including electronic mail transmission.

There are three general elements for a common definition of stalking:

- Pattern (course of conduct) of behavioral intrusion upon another person that is unwanted.
- Implicit or explicit threat that is evidenced in the pattern of behavioral intrusion.
- As a result of these behavioral intrusions, the person who is threatened experiences reasonable fear.

Common elements of stalking include: annoying or threatening phone calls and emails; unwanted letters or gifts; showing up uninvited at the victim’s home, place of work, or class; taking photos or spying on the victim; threats and intimidation of the victim. If you feel that you are being stalked or need further information, contact UHM DPS or the Honolulu Police Department.

You may contact UHM DPS for any information concerning any program on campus and be directed to the proper department or person 24 hours a day, seven (7) days a week.

*Hawaii Revised Statutes §711-1106.5*

This document can be obtained through Hawaii State Judiciary to provide legal assistance which prevents one individual from contacting another if they have a history of harassing, threatening, or abusing that individual. For assistance from UHM DPS in enforcing a TRO, the complainant must provide all necessary TRO information, including a clear copy
of the TRO to the UHM DPS office. In addition to a copy of the TRO, the complainant must provide a current photo of subject of the TRO, along with a description of any vehicle the subject may own or operate. - **Procedural Error** – To determine whether the Student Conduct Administrator’s investigation was conducted fairly in light of the complaint and information presented, and in conformity with prescribed procedures. Deviations from prescribed procedures will not be a basis for sustaining an appeal unless the deviation(s) resulted in significant prejudice.
- **Substantive Facts** – To determine whether the decision reached regarding the accused student was based on information that, if believed by the Student Conduct Administrator, was sufficient to establish that a violation of the Student Conduct Code occurred.

A student must submit his/her appeal in writing to the Student Conduct Administrator, postmarked within 10 school days of the date of the written decision. The appeal will then be forwarded to the Student Conduct Appellate Board if, and only if, the student is able to provide sufficient evidence that one or more of the requirements to appeal has been met. If the student fails to do so, the appeal will immediately be denied and the Student Conduct Administrator’s decision and sanction(s) become final.

A student and his/her advisor, if any, may attend the appellate hearing, excluding deliberations. The student is responsible for presenting his/her own information, which may include any pertinent records, exhibits, and written statements. The student’s advisor is not permitted to speak during or participate directly in the hearing. Attorneys may not serve as advisors unless the student is also the subject of a pending criminal matter arising out of the same circumstances. All appellate hearings are audio-recorded, excluding deliberations, and conducted in private.

After the conclusion of an appellate hearing, the Appellate Board will determine (by majority vote) whether to uphold or deny the student’s appeal. If the appeal is upheld, the matter will be returned to the Student Conduct Administrator to reopen the investigation for reconsideration. If the appeal is denied, the matter is considered final and binding within the University. For more information, contact the Office of Judicial Affairs.

**Confidentiality**

Efforts to maintain confidentiality will be exercised to the greatest extent possible; however, appropriate members of the University community will be informed that an incident of sexual assault has been reported. Information concerning victims’ names and other identifying information will be kept confidential in both reporting and recordkeeping, to the extent permissible by law. Certain information may need to be disclosed to appropriate administrators, the respondent, and witnesses in order to conduct the investigation.
Information may also be disclosed if required by law, rule, regulation, or by order of the court or arbitrator pursuant to the appropriate collective bargaining agreement.

**Right to Alternative Procedures**

It is the right of any individual to pursue other avenues of recourse which may include initiating civil action or seeking redress under state criminal statutes (e.g., the Hawaii Penal Code, Chapter 707, Part V. Sexual Offenses, §707-730 to 707-733) and/or federal law. These avenues of complaint may be pursued concurrently without jeopardizing an individual’s right to use on-campus complaint procedures, including student judicial and disciplinary procedures.

**Title IX**

Individuals may also report a sex offense to the institution’s Title IX coordinator. This office is responsible for coordinating the institution’s compliance with Title IX. Contact information for UHM Title IX Coordinators is located below. Student Housing Staff

Community Desk Coordinators (CDC)

Desk Coordinators work at the community (front) desk in each of the halls. They serve as a resource for residents and provide various services to assist the residential community.

Resident Advisors (RA)

A Resident Advisor (RA) resides on each floor of the residence halls and is primarily responsible for an assigned group of residents. The RAs are the primary resource persons for the residents in each hall. RAs assist residents with the Roommate Living Agreement and help to mediate roommate or floor conflicts. They also provide the residents with fun and educational programs. The RAs assume on-call responsibilities, which include documenting incidents that occur, reporting malfunctions, cleaning issues in the building, and responding to emergency situations.

Residence Director (RD) / Administrator-On-Call (AOC)

A Residence Director (RD) is a full-time, professional, live-in staff member. The RD is responsible for the overall, day-to-day operations of a hall and supervises the Resident Advisors and community desk, advises the Residence Hall Association, and oversees educational programming, physical plant, emergencies, and discipline. The RDs assume the Administrator-On-Call (AOC) role on a rotational basis. The AOC oversees any crisis or emergency situation in the residence halls and apartments.

Guest Policy

A guest is defined as a person other than the registered occupants of that particular residence hall room/apartment. Occupants are allowed to host guests in their rooms as long as they have the permission of their roommate(s).

Host Responsibility

Hosts must be present whenever guest(s) are visiting in the residence hall/apartment and are responsible and accountable for the behavior of their guest(s). Non-residents violating University and Student Housing Services regulations are also subject to disciplinary action. All conduct matters concerning a non-resident student of the University will be forwarded to the Office of Judicial Affairs.

Overnight Guest(s)

Residents are permitted to have guests in rooms overnight as long as the roommate has given permission. Overnight guests must be registered online at www.surveymonkey.com/uhguest. The maximum guest stay is 72 hours (3 consecutive nights) and a resident may have guests a maximum of ten (10) nights per semester whether or not there is a vacant bedspace in the room/apartment. Resident hosts will be held accountable for any policy violations committed by guests. Student Housing reserves the right to require any guests who cause a community disruption to immediately leave campus. For more information on Student Housing policies, please visit: http://manoa.hawaii.edu/housing/guide/reshallpolicies
**Student Housing Missing Student(s) Procedure**

If a resident student has not been seen on campus for more than 24 hours and acquaintances do not know where the student may be, please notify UHM DPS at 808-956-6911. Students living in a UHM Residential Facility can register (a) missing person contact(s) with Student Housing Staff. The missing person contact information is confidential and will only be accessible to authorized campus officials and law enforcement personnel in furtherance of a missing person investigation. Students will be provided the opportunity to opt-in or opt-out annually.

UHM DPS will conduct an investigation to determine if the student is missing. The University will notify the following individuals within 24 hours of determining that the student is missing: If a student is under the age of 18 and is not emancipated, his/her parents will be notified; if the student has registered a confidential missing person or emergency contact with the University, the contact(s) will be notified; and if the Honolulu Police Department (HPD) was not involved in the initial campus investigation, UHM DPS will notify HPD or the appropriate law enforcement agency, depending on the jurisdiction. If a student has been seen in the company of individual(s) indicating that he/she may be in danger, UHM DPS and/or the Honolulu Police Department, will be notified immediately. The University of Hawaii also may choose to contact the student’s parent/guardian in the event that a student is deemed to be missing.

**UHM DPS Missing Student Policy**

The purpose of this policy is to establish procedures to be followed if a missing person complaint is made to UHM DPS office. If a complaint is made, UHM DPS will conduct the following procedures:

- The person receiving the complaint will immediately dispatch a UHM DPS officer to location of the complaint.
- The responding officer will gather all essential information about the person (description, clothes last worn, where the subject might be, who they might be with, vehicle description, etc.) An up-to-date photograph may also be obtained to aid in the search.
- The responding officer will also gather information about the physical and mental wellbeing of the individual.
- Appropriate campus staff will be notified to aid in the search for the individual.
- A quick, but thorough search will be conducted in all campus buildings and parking lots.
- Class schedules will be obtained and a search will be conducted if the above actions are unsuccessful in locating the person or it is apparent from the beginning that the person is actually missing, (i.e. call from parents, guardians) the investigation will be turned over to the appropriate local law enforcement agency. At that time, they become the authority in charge and UHM DPS will assist them in any way necessary. The Vice Chancellor for Students will be responsible for communicating with the family or relatives of the missing person.
The chart below represents all incidents reported to UHM DPS and other CSAs during calendar years 2011, 2012, and 2013. Perpetrators, especially in cases of violence against women, can be strangers, family members, or acquaintances.

Preparing the Annual Disclosure of Crime Statistics

The procedure for preparing the annual disclosure of crime statistics includes reaching out to various law enforcement agencies and UHM departments to obtain Clery reportable statistics. These sources include:

- **UHM Departments**: Office of Student Life and Development, Women’s Center, LGBT Services, Office of Gender Equity, Student Housing, Judicial Affairs, Athletics, International and Exchange Programs, Study Abroad Programs, Military Sciences, University Health Services, KOKUA (Students with Disabilities Program).

- **Satellite Facilities**: Cancer Center, Hawaii Institute of Marine Biology (HIMB) – remote vessels, John A. Burns School of Medicine (JABSOM), CTAHR College of Tropical Agriculture and Human Resources (CTAHR), Waikiki Aquarium/Marine Science, Institute for Astronomy.

  These are considered UHM property, but facilities are not immediately on or adjacent to main Mānoa campus. Some of these facilities are located on neighbor islands, but are still considered part of Mānoa campus.

- **Law Enforcement Agencies**: Honolulu Police Department, Honolulu County Sheriff, Maui County Sheriff, Kauai Police Department, Hawaii Police Department

Statistics reporting comes from a variety of sources, including the above listed agencies, departments, and satellite locations. These are obtained from police agencies and non-police officials defined as Campus Security Authorities. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported. A written request for statistical information is made on an annual basis to all Campus Security Authorities (as defined by federal law). Statistics from the Daily Crime logs for the same calendar year are also gathered.

All of the statistics are gathered, compiled, and reported to the University community via the Annual Security & Fire Safety Report (ASFSR) which is published by the institution. The University submits the ASFSR to the Department of Education, and these statistics become available through both the Department of Education website and UHM DPS website. The University sends an individual notice of availability to every enrolled student and current employee on an annual basis prior to October 1 each year. The notice includes a brief summary of the contents of the Annual Campus Security & Fire Safety Report. The notice also includes the web link to the ASFSR on the UHM DPS website and information about how to request a hard copy of the report.

2014 Annual Fire Safety Report*

University of Hawaii at Mānoa

*Please note: The Annual Fire Safety Report is written and compiled by the University of Hawaii at Mānoa Environmental Health and Safety Office/Fire Safety Program (EHSO/FSP)
This page intentionally left blank.
OVERVIEW

In August of 2008, The Higher Education Opportunity Act was enacted and became a law (Public Law 110-315) which requires all Title IV eligible institutions that participate in any Title IV program and that maintain on-campus student housing facilities to publish an annual fire safety report, maintain a fire log, and report fire statistics to the Secretary of Education. Starting October 2010, the report must be publicly disclosed. This report covers period calendar year 2013.

Fire Safety is an essential tool in protecting a campus community from injuries, deaths, business interruption, and property damage resulting from fires and related perils. Fire Safety includes education, training, and policies designed to ensure all students, staff and faculty of the University of Hawaii at Manoa are aware of and understand the elements that help to ensure the safety of all.

The University of Hawaii-Manoa Environmental Health and Safety Office/Fire Safety Program (EHSO/FSP) provides a fire safe campus environment by identifying and eliminating potential fire hazards through consistent and comprehensive building fire inspection procedures emphasizing compliance with all applicable fire and building codes. FSP is responsible for fire safety building inspections, fire investigations, Uniform Fire and Building Code interpretations and technical assistance, new construction and building renovation plans review, emergency egress and relocation drills (fire drills), and the inspection, maintenance, and testing of all fire protection equipment on the Manoa campus. FSP also conducts education and training programs which include relevant lecture, audio/video presentations on fire safety awareness and hands-on fire extinguisher training to any on-campus group upon request.

B. Fire Evacuation Procedures for Students and Employees

BEFORE A FIRE: Know the location of all exits from the building.

IF AN INDIVIDUAL DISCOVERS A FIRE OR SMELLS SMOKE: Sound the building fire alarm. Know the locations of the fire extinguisher stations and how they operate. Do not attempt to fight a fire due to the hazards associated with the products of combustion and the threat of spreading fire.

WHEN THE FIRE ALARM SOUNDS, ALL OCCUPANTS OF A BUILDING MUST LEAVE AT ONCE: Lock the office or room door. Use the nearest safe exit. Upon exit from the building, proceed to a “safe” area at least 300 feet away from the building. Check the fire safety instructions on the back of the room/apartment door for specific instructions for that facility. Do not attempt to re-enter the building until told to do so by Campus Security or the Fire Department.

DO NOT USE THE ELEVATOR: Elevator shafts are like chimneys; smoke and heat could enter the elevator shaft thereby asphyxiating the occupants of the elevator.

FEEL THE DOOR THAT LEADS FROM A ROOM/OFFICE: If it is hot or smoke is seeping in, do not open it. If an occupant becomes trapped and cannot reach the fire exit, keep the door closed and seal off any cracks. Use the telephone to call Campus Security (956-6911) and give the name and location of the building, the floor and room number. If the occupant does not have a phone, go to the window and signal for help using a white or light colored pillowcase or sheet. DO NOT JUMP. The fire department will assist you.
IF THE DOOR FEELS COOL: Open it cautiously. Be braced to slam it shut if the hall is full of smoke or if the occupant feels heat or pressure against the door. If the hall is clear, proceed to the nearest fire exit.

IF CAUGHT IN SMOKE OR HEAT: Stay low where the air is better; take short breaths (through the nose), until the occupant reaches a safe exit or area of refuge. Campus Safety 25

IMPORTANT: Be sure fire exit doors and hallway doors are kept closed at all times. These doors prevent the spread of noxious smoke and heat should a fire occur. If a resident observes these doors propped or tied open, please close them and report the occurrence to the hall staff or community desk.

C. Fire Evacuation Procedures

BEFORE A FIRE: Know the location of all exits from the building.

IF A RESIDENT DISCOVERS A FIRE OR SMELLS SMOKE: Sound the building fire alarm. Know the locations of the fire hose stations and how they operate. Do not attempt to fight a fire due to the hazards associated with the products of combustion and the threat of spreading fire.

WHEN THE FIRE ALARM SOUNDS, ALL RESIDENTS AND THEIR GUESTS MUST LEAVE AT ONCE: Lock the room/apartment door. Use the nearest safe exit. Upon exit from the building, proceed to a “safe” area at least 300 feet away from the building. Check the fire safety instructions on the back of the room/apartment door for specific instructions for that facility. Do not attempt to re-enter the building until residents are told that they can do so by hall staff.

DO NOT USE THE ELEVATOR: Elevator shafts are like chimneys; smoke and heat could enter the elevator shaft thereby asphyxiating the occupants of the elevator.

FEEL THE DOOR THAT LEADS FROM A RESIDENT’S ROOM: If it is hot or smoke is seeping in, do not open it. If a resident becomes trapped and cannot reach the fire exit, keep the door closed and seal off any cracks. Use the telephone to call Campus Security (956-6911) and give the name and location of the building, the floor and room number. If the resident does not have a phone, go to the window and signal for help using a white or light colored pillowcase or sheet. DO NOT JUMP. The fire department will assist the resident.

IF THE DOOR FEELS COOL: Open it cautiously. Be braced to slam it shut if the hall is full of smoke or if the resident feels heat or pressure against the door. If the hall is clear, proceed to the nearest fire exit.

IF CAUGHT IN SMOKE OR HEAT: Stay low where the air is better; take short breaths (through the nose), until the resident reaches a safe exit or area of refuge.

IMPORTANT: Be sure fire exit doors and hallway doors are kept closed at all times. These doors prevent the spread of noxious smoke and heat should a fire occur. If a resident observes these doors propped or tied open, please close them and report the occurrence to the hall staff or community desk.

Residents with special needs or those who are unable to wake up to alarms should notify the hall staff of any assistance needs.
D. Fire Safety Education and Training

Fire Safety Program conducts education and training programs which include relevant lecture, audio/video presentations on fire safety awareness and hands-on fire extinguisher training to any on-campus group upon request. Fire safety awareness and fire extinguisher training is provided to Residential Assistants every year before the start of the Fall semester.
