Dear Entering Student:

Welcome to University of Hawai‘i at Mānoa! The University Health Services Mānoa (UHSM) is located on campus near the Kennedy Theater. A professional staff of physicians and nurses provide for the health needs of the students. UHSM has a general medical clinic for ambulatory care and specialty clinics by appointment, including women’s health, sports medicine, dermatology, psychiatry, and nutritional counseling. We have a laboratory and pharmacy. Please visit our website at http://www.hawaii.edu/shs to schedule an appointment or learn more about us.

HEALTH CLEARANCE REQUIREMENTS (Hawai‘i Administrative Rules, DOH Title 11, Chapter 157)

The State of Hawai‘i mandates that certain health requirements be met for entrance to post-secondary educational institutions. All students, including faculty/staff enrolled as students, must comply with health clearance requirements by completing the Health Clearance Form and Immunization Record and returning it by mail, fax or secure email to the Health Services. Please follow instructions for Tuberculosis Clearance and Immunization Requirements carefully. Observe the deadline - You may not register for classes until you have received health clearance.

1) TUBERCULOSIS (TB) CLEARANCE (Effective March 17, 2018)

U.S. Students: Complete the TB Risk Assessment Form and have your U.S. licensed healthcare provider (M.D., D.O., A.P.R.N., or P.A.) sign your completed form. If your TB Risk Assessment is positive, a TB skin test, IGRA or CXR is required.

Students Coming from Foreign Countries: The TB Risk Assessment Form must be completed and signed by a U.S. licensed healthcare provider (M.D., D.O., A.P.R.N., or P.A.). The U.S. licensed healthcare practitioner must document the state he/she is licensed and license number. The TB Risk Assessment Form may be completed upon arrival in Honolulu, at our University Health Services, the Hawai‘i State Department of Health, or a private physician’s office. If your TB Risk Assessment is positive, a TB skin test, IGRA or CXR is required.

Returning or Transferring Students from a post-secondary school in Hawai‘i: When a student subsequently re-enrolls or enrolls in another post-secondary school in Hawai‘i, a copy of the original certificate shall meet this Tuberculosis requirement for certification. Students with history of a positive PPD and negative chest x-ray must complete and return the Tuberculosis Symptom Screening form. This form can be found on our website: http://www.hawaii.edu/shs, under Forms and Memos.

Positive TB Risk Assessment Students: If you have recently taken the MMR vaccine (or any live vaccine), you must wait 4 weeks to take the TB skin test or TB blood test. A chest x-ray can be done to preliminarily complete the tuberculin requirement. The chest x-ray will allow you to register, however you are still required to have the TB skin test or blood test done 4 weeks after your MMR vaccine.

2) MEASLES, MUMPS, AND RUBELLA (MMR) IMMUNIZATIONS

Two doses of measles vaccine are required, with at least one of the two being an MMR (Measles, Mumps, and Rubella). First dose must have been given on or after 12 months of age and the second must have been given at least 4 weeks after the first dose. Measles, Mumps and Rubella immunizations may be waived if: 1) Student was born before 1957, or 2) provide laboratory evidence of immunity (positive antibodies) to Measles, Mumps, and Rubella.

The Hawai‘i Department of Health has proposed adding “new” routinely recommended vaccinations to the list of required immunizations. Although not currently required for enrollment, these vaccines may soon be: a) Meningococcal, b) Tetanus/Diphtheria/Pertussis (Tdap), and c) Varicella. The Meningococcal vaccine is strongly recommended for college students, especially students who intend to live in the residence halls, as there is an increased risk of this highly contagious disease in this campus population. The serogroup B Meningococcal (MenB) vaccination should be considered; please discuss with your Healthcare Provider. Other vaccines highly recommended include: a) Polio, b) Human Papilloma Virus, and c) Hepatitis A and B.
**HEALTH CLEARANCE FORM**

**URGENT DEADLINES TO SUBMIT HEALTH FORMS:**
- **FALL SEMESTER:** JULY 15
- **SPRING SEMESTER:** DECEMBER 2

This information is treated confidentially. Please type or print answers in English using black ink.

</tr>
</tbody>
</table>

IF THE ANSWER TO ALL OF THE ABOVE QUESTIONS IS NO, HAVE YOUR U.S. LICENSED HEALTHCARE PROVIDER SIGN FORM. GO ON TO PART II REQUIRED MEASLES (RUBEOLA), MUMPS, AND RUBELLA (GERMAN MEASLES) OR MMR.

*IF THE ANSWER IS YES TO ANY OF THE ABOVE QUESTIONS THE FOLLOWING IS REQUIRED:

- Have a Tuberculin skin test (TST) OR Tuberculosis blood test (QFT, T-Spot) done:
  - Testing must be done by a U.S. licensed healthcare provider (M.D., D.O., N.D., A.P.R.N., or P.A.) and within ONE year prior to initial attendance.
  - The TST interpretation should be based on mm of induration as well as risk factors. **Negative and 4 days readings are NOT accepted.** A positive TB skin test requires a chest x-ray. A **positive or borderline** IGRA test requires a chest x-ray.
  - If the test was done in a foreign country, a U.S. licensed healthcare provider must document the U.S. state and number in which they are licensed AND the TB test solution used must be FDA approved, either Tubersol or Aplisol.

- **UPON COMPLETION OF PART I,** have your US Licensed Healthcare Provider sign form and GO ON TO PART II: REQUIRED: MEASLES (RUBEOLA), MUMPS, AND RUBELLA (GERMAN MEASLES).

<table>

### PART II REQUIRED: MEASLES (RUBEOLA), MUMPS, AND RUBELLA (GERMAN MEASLES) OR MMR

Two doses of live Measles vaccine with at least one being an MMR vaccine is required for students born after 1956. Dose one must have been given on or after age 1. Dose two must have been given at least 4 weeks after the first dose. **Complete ONE of the following:**

1. MMR vaccines
   - #1: ___________________________  #2: ___________________________
   OR
2. Measles vaccine date: ___________________________ AND MMR date: ___________________________
   - Mumps vaccine date: ___________________________
   - Rubella vaccine date: ___________________________
   OR
3. Antibody titer results:
   - Measles date: ___________________________ Circle results: Positive / Negative / Equivocal
   - Mumps date: ___________________________ Circle results: Positive / Negative / Equivocal
   - Rubella date: ___________________________ Circle results: Positive / Negative / Equivocal

HEALTH INSURANCE

If you do not have health insurance, we highly recommend that all students obtain coverage. Health insurance is mandatory for international students and students enrolled in specific programs.

The University Health Service can bill many non-HMO insurance companies for services provided at UHSM. (There are some exceptions, and we do not bill Med-QUEST, listed below.) Although you do not need to have insurance to use the on-campus health services, you will be asked to provide insurance coverage information when you visit. To expedite the clinic registration process, please return the completed Insurance Information Form and a front and back copy of your medical insurance card to:

University Health Services Mānoa
1710 East West Rd.
Honolulu, HI 96822

At the Health Service, charges for uninsured students are reasonable; however, costs for off-campus care, emergencies, and hospitalization can be extremely high. We highly recommend that you obtain insurance to cover these situations.

HOW TO OBTAIN HEALTH INSURANCE COVERAGE

1) Students who have coverage through their parents’ employee health plans:
Under the Affordable Care Act (www.healthcare.gov), young adults will be allowed to stay on their parents’ plan until they turn 26 years old (some exceptions may apply). Contact your insurance provider for specifics.

2) Students who wish to purchase their own health insurance coverage:
University of Hawai’i endorsed student health insurance plans are available for regular registered students. The current plans are provided by Hawaii Medical Services Association (HMSA). The coverage terms and premiums are very favorable. Please see our website for details. Application forms are available at the University Health Services or can be downloaded from the HMSA website at www.hmsa.com/portal/student.

3) Students who may qualify for the State of Hawai’i Med-QUEST plan:
Med QUEST is a State health insurance plan for those who meet low-income criteria. For more information, please visit the Department of Human Services, Med QUEST website: http://humanservices.hawaii.gov/mqd/

4) Out-of state students and students who have non- Hawai’i or foreign insurance plans:
Please review carefully the terms of your health insurance coverage. Your insurance may not cover medical services performed away from your home location and/or designated medical facilities or providers. IMPORTANT for International Students: The University requires that all international students maintain adequate medical health insurance and medical evacuation and repatriation coverage while attending UH. For F-1 students, go to http://www.hawaii.edu/shs for more information. For all other international students, go to the office that handles your visa for more information.

Please feel free to visit the University Health Services at 1710 East West Road. We will be happy to answer any questions you may have concerning your health care needs on campus. Telephone 808-956-8965. You may also visit our web site at http://www.hawaii.edu/shs. For questions on the UH Student Plan, you may also contact the Student Health Insurance Office at shio@hawaii.edu.
