 - 1. While enrolled at UH, you are required to have coverage that meet's UH's minimum requirements
 - Comprehensive medical coverage = at least \$100,000 US per accident/illness Your plan must provide medical benefits (doctor visits, hospital, surgery, laboratory tests, x-rays, etc.) of at least \$100,000 US (American dollars) for each accident or illness.
 - 3. Inpatient/Outpatient medical (including mental health) coverage at no less than 75% usual/customary charge (UCC) Your plan must pay at least 75% of covered medical expenses (including mental health coverage) for both inpatient (stay at an inpatient facility/hospital) and outpatient (doctor's office, outpatient department of a hospital or ambulatory surgery center) services.
 - 4. Repatriation (of remains) coverage to your home country = at least \$25,000 US If you should die in the U.S., your plan must provide at least \$25,000 US (American dollars) to send your body/remains back to your home country.
 - Medical evacuation coverage to home country = at least \$50,000 US *lf, due to a serious illness or injury, your doctor recommends that you return to your home country for treatment and/or recovery, your plan must provide up to \$50,000 US (American dollars) for you to return home.*

6. No more than \$500 US deductible per accident or illness

Your plan deductible cannot exceed \$500 US (American dollars) for each accident or illness. Most insurance plans require you to pay for part of your health expenses (this is called the deductible) before they will start to pay for any covered services. Some plans also have deductibles per year instead of per accident or illness. As long as your plan does not exceed the \$500 US deductible (per accident/illness or per year) then this requirement will be fulfilled.

7. Waiting period for pre-existing conditions no longer than 6 months Your plan cannot exclude coverage for any pre-existing conditions longer than 6 months. Some plans exclude pre-existing conditions while some plans might have a waiting period for pre-existing conditions. A waiting period means that your plan will not cover any pre-existing conditions for a certain amount of time; this waiting period can range from 6 to 18 months.

As long as your plan has either no exclusions for pre-existing conditions or a waiting period of 6 months or less, then this requirement will be fulfilled.
