

Designing Powerful Learning Experiences:

Strategies from Innovation and Impact Showcase Awardees

Spring 2023

Wednesday, February 8
10:30 am–11:15 am
Online Event

As higher education professionals, we strive to prepare our graduates to become competent professionals and productive citizens. The awardees of the UH Mānoa Innovation and Impact Showcase (IIS) were keenly aware of the importance of engaging students in powerful learning experiences through real-world connections, supported by guidance and collaborative learning environment. Each panelist will share their innovative teaching practices and its impact on student learning.

Join this webinar to explore strategies and adapt them for your own context, share your tactics with fellow participants, and learn more about the UH Mānoa IIS Award.

This event is sponsored by the OFDAS Center for Teaching Excellence (CTE).

PRESENTERS

Aaron Ohta

Electrical and Computer Engineering,
UH Mānoa

Jamie Simpson Steele

Institute for Teacher Education, UH Mānoa

OFDAS Center for Teaching Excellence (CTE)

We strive to host inclusive and accessible presentations. Live captioning will be provided. If our presenters agree, we will distribute their slides one day in advance and share a link to the event recording. To request additional accommodations, please email us before the event. Mahalo!
