

Tapping Educational Brakes:

Taking Intentional Pauses in Our Transformational Journeys in the Creation of Change

Spring 2023

The world we live in and will grow into, will continue to change. Our total set of lifelong influences, including ourselves, the physical environments and the global community, have a huge impact on who we will become. How we learn to reflect, communicate and collaborate within the confines of these influences shapes us and the world around us.

Thursday, February 16
12:00 am–1:15 pm
Kuykendall 106 Events Room

Please come and gather, share, inspire as well as learn from each other. In this conversation David Stubbs will be greatly leaning from his recent experiences in the bamboo canopy of Green School Bali.

PRESENTER

David A Stubbs II
