Exploring a Teaching Excellence Framework at Mānoa
Spring 2024

Wednesday, February 7
11:30 am – 12:45 pm
Kuykendall 106 Events Room

This workshop will animate the elements of a research study conducted at Purdue University for defining teaching excellence and developing a Teaching Excellence framework. With the goal of helping instructors recognize their strengths and expand their skills, the Purdue framework defines five elements of excellent teaching as Exemplar, Educator, Enthusiast, Experimenter, and Explorer. This workshop at CTE will provide opportunities for a discussion on practicing excellence in teaching and sharing insights with fellow faculty about effective instructional and non-instructional strategies.

Presented by
Shamila Janakiraman
Assistant Professor, Learning Design & Technology, College of Education

Hazel Gedikli
OFDAS Center for Teaching Excellence (CTE)

This event is sponsored by the OFDAS CTE.
