Recommendation: Advance to dissertation stage Dismiss Other _____

Dissertation Topic: _____

Does the proposed research involve the use of human subjects, nonhuman vertebrate animals, recombinant DNA, radioactive materials, scuba diving, or hazardous materials (including micro-organisms)? If yes, approval must be obtained from the appropriate institutional office or committee before research can begin. Enrollment in Thesis 700 or Dissertation 800 will not be permitted until such approval is obtained.

no yes. If yes, a copy of the protocol approval letter must be attached.

Dissertation Committee:

Your signature below indicates that you have reviewed the proposed activity and found that:

- (1) the research design is clear and appropriate to the discipline; and
- (2) the student is in compliance with all applicable University, State, and Federal requirements relating to the use of animals, human subjects, compressed gas diving (SCUBA), recombinant DNA, radioactive material, and other hazardous activities.
