Meeting Notes  
February 18, 2004  
University of Hawaii Libraries Information Literacy Committee

Present: Anne McKenna, Laurel Gregory, Jeff Marzluft, Ellen Okuma, Diane Nahl, Gail Urago, Xin Li, Kevin Roddy, Tara Severns, Melanie Solon, Thora Abarca (Note-taker)

Absent: Gregg Geary

It was announced that the meeting would need to end at 10AM due to another conference at Manoa.

The minutes for the January meeting were sent to WebCT this morning by January’s note-taker, Anne McKenna. She will send them via the e-mail listserv to all members for approval. Approval can be done by e-mail.

Web CT. Kevin reported that WebCT Classic will be running until summer so we can continue to use it for UHLILC and transfer it to the new version during the summer.

UH Libraries Council Report. Laurel reported that the Council discussed copyright and whose responsibility it was to teach students about copyright issues. UHLILC should be aware that this may have an impact library instruction.

LILO Workshop in May. Diane reported on the recent meeting that she, Gregg Geary, Valerie Perret and Richard Miles (library student intern) attended with Megan Oakleaf, one of the librarians who created LOBO and who is slated to present our LILO Workshop May 18 at LCC. Megan will not be presenting the technical aspects of LOBO, but can provide information on content and development of the project.

For the March meeting, the group will develop the content for the May 18th workshop and plan the workshop logistics. Diane stressed that we should be very clear about the content and our expectations so Megan can provide the information that we need. The group also discussed inviting ENG 100 teachers to the workshop, but they and the library directors would probably be interested in just the morning introductory session.

Gail will report on possible facilities available for the May workshop at our next meeting in March.

Information Literacy Web Page. Diane reported that it would be possible to have a system Information Literacy Web page with several librarians assigned access. The system form allows for three UH faculty/staff to request access. Diane, Kevin and Thora will be assigned access, but other committee members and appropriate staff may participate in creation/maintenance of the site. Thora, as current chair, will sign the request.
TILT. The sub-committee investigating adapting TILT for the UH Libraries, Diane, Tara, Xin and Gail (with Valerie and Richard Miles) will present a report at the next meeting.

Membership. It was announced that David Coleman will not be able to attend UHLILC meetings since he has other commitments. Gail will represent Leeward.

Thora will contact Eric Flower to see if West Oahu would like to have a member on UHLILC.

Student Learning Outcomes. Gail reported that she is working with English faculty on SLOs for the information literacy component of ENG 100 at LCC. She discussed the usage of Bloom’s taxonomy and how it would depend on the complexity of assessment tools used to measure SLOs. LOBO’s format allows for more advanced skills assessment.

Discussion among members revealed that many English 100 faculty at the community colleges are concerned with plagiarism and do not have time to incorporate information literacy skills consistently. A more standardized approach to SLOs would benefit English 100 programs and library instruction. To meet accreditation and articulation goals, the development of assessable SLOs for English 100 may be a requirement for all campuses. It would definitely assist librarians in providing library instruction.

Plagiarism Resource. Kevin has developed a Web page for Kapiolani CC about plagiarism that he will share with committee members via e-mail.

CIL. Tara will share information with the committee as developments occur.

March Meeting. Xin reported that 11 librarians plan to attend the meeting at HonoluluCC. Valerie Perret will also attend this meeting. This will be an important meeting to plan the May workshop, discuss the content of Information Literacy Web page, TILT and information literacy SLOs for English 100. All members should try to attend.
