CHAPTER 5 - SPECIAL PROGRAMS, PUBLICATIONS, AND PROJECTS

Sec. 5.09. Classified Research Policy

The University shall not accept any classified contract which restricts freedom to acknowledge the existence of the contract, to identify the sponsor, and to disclose the general purpose and scope of the proposed research in sufficient detail to permit informed discussion regarding its appropriateness within The University.

The University shall accept only those classified contracts under which there is a reasonable expectation that the investigation will yield significant new literature at an early date.

The Advisory Committee on Classified Research shall have the responsibility (1) to conduct a continuing review of the University policies on classified research in the light of the public interest and to seek revision of these policies when appropriate, and (2) to review periodically the ongoing classified research program for conformance with the established policies and to report its findings annually to the President.
