RE: WASC Recommendations

Please find attached the Faculty Senate responses to the follow up to the WASC recommendations. The Faculty Senate Executive Committee requested that the Institutional Learning Objectives (ILO) Working Group compile the report because our group included members from CAPP, GEC, MAC and the Assessment Office. The attached report includes the following:

1. I have used the Assessment Office template for reporting information that matches the original WASC format. This should provide some ease in reading the results.
2. I have highlighted in bold those items that went both to the Assessment Office and the Faculty Senate as well as those items that went only to the Faculty Senate.
3. Where the Assessment Office and the Faculty Senate were both tasked with identifying information, specifically regarding learning outcomes and assessment, this report includes the information compiled by the Assessment Office in order to ensure consistency in reporting. Furthermore, the Assessment Office information is in alignment with the ILO working group and thus describes the same information.
4. Where the Faculty Senate or one of the subcommittees was tasked with identifying information, it is reported here and not on the report you will received from the Assessment Office.

Please let me know if you have any questions.
