This publication presents 26 proposals that will be presented to the NCAA Division I Board of Directors for action at its January 19, 2013 meeting. Based on membership feedback, the NCAA Working Group on Collegiate Model – Rules finalized these proposals during its December 17-18 meeting.

The progress of the working group has been accomplished through significant efforts to gather and apply meaningful feedback from individuals and groups ranging from presidents, compliance administrators, commissioners, athletics directors, head coaches, coaches associations, and professional organizations such as FARA, IA FAR’s and NAAC.

Feedback on these proposals or any concept still under discussion may be submitted to rulesworkinggroup@ncaa.org or through the Rules Working Group web page at http://www.ncaa.org/workinggroups. A detailed timeline of the Rules Working Group’s effort is also available at that site.

Effective Date: August 1, 2013

Proposal Category: Amendment

Topical Area: Personnel

Rationale: As a result of the Presidential Retreat in August 2011, the Collegiate Model – Rules Working Group was formed and charged with reviewing current Division I rules with a view toward reducing the volume of unenforceable and inconsequential rules that fail to support the
NCAA’s enduring values, and emphasizing the most strategically important matters. This proposal is part of a package recommended by the Rules Working Group designed to accomplish those objectives. The regulations defining recruiting coordination functions that must be performed only by a head or assistant coach are not of national significance and, in many instances, present enforcement challenges. Each institution should be responsible for establishing its own policies and procedures related to the recruitment of prospective student-athletes, including the roles and responsibilities of all athletics department staff members. The current rules requiring off-campus recruitment to be performed only by countable coaches would remain applicable.

**Estimated Budget Impact:** None.

**Impact on Student Athlete's Time (Academic and/or Athletics):** None.
RWG PROPOSAL NO. 11-3-B – ATHLETICS PERSONNEL -- SCOUTING OF OPPONENTS -- IN-PERSON SCOUTING PROHIBITED

Intent: To prohibit off-campus, in-person scouting of future opponents (in the same season) except for scouting future opponents participating in the same tournament at the same site or the same double header event at the same site.

Bylaws: Amend 11.6, as follows:

11.6 Limitations on Scouting of Opponents.

11.6.1 Basketball, Football and Women's Volleyball Off-Campus, In-Person Scouting Prohibition. In basketball, football and women's volleyball, off Off-campus, in-person scouting of future opponents (in the same season) is prohibited, except as provided in Bylaw 11.6.1.1.

11.6.1.1 Regular-Season Tournaments, Exception -- Double-Header Events or Postseason Tournaments. An institution may pay the expenses of a member of its institution's coaching staff to attend a regular-season or postseason tournament or, in basketball, a double-header event in which the institution's intercollegiate team is a participant. Under such circumstances, the individual may scout future opponents also participating in the same tournament at the same site or, in basketball, the same double-header event at the same site, without being subject to the scouting prohibition.

11.6.1.2 Purchasing Video -- Postseason. In basketball and women's volleyball, following the selection of any postseason championship field until the conclusion of the championship, it shall be permissible for the participating institution to pay the costs of purchasing video for scouting purposes from individuals or professional scouting services.

11.6.2 Sports Other Than Basketball, Football and Women's Volleyball. In sports other than basketball, football and women's volleyball, a member institution shall not pay or permit the payment of expenses incurred by its athletics department staff members or representatives (including professional scouting services) to scout its opponents or individuals who represent its opponents, except as provided in Bylaw 11.6.3 in lacrosse. A coaching staff member who receives any expenses from the institution related to recruiting or team travel shall not scout an institution's opponents in conjunction with such travel.

11.6.2.1 Regular Season or Postseason Tournaments. An institution may pay the expenses of a member of its coaching staff to attend a regular-season or postseason tournament in which the institution's intercollegiate team is a participant. Under such circumstances, the individual may scout future tournament opponents also participating in the same tournament at the same site.

11.6.3 Lacrosse. In lacrosse, it shall be permissible for an institution to pay the expenses of one person to scout each opponent on one occasion. When an individual is reimbursed to travel by
automobile to scout an opponent, others who travel with the individual in the same vehicle to the
site are not considered to have received transportation expenses. A coach may scout opponents
at his or her own expense.

11.6.3.1 Regular Season or Postseason Tournaments. An institution may pay the
expenses of a member of its coaching staff to attend a regular season or postseason
tournament in which the institution's intercollegiate team is a participant. Under such
circumstances, the individual may scout future tournament opponents also participating
in the same tournament at the same site without being subject to the one-occasion
limitation.

11.6.3.2 Salary Increases to Cover Scouting Expenses. It is not permissible for an
institution to increase a staff member's salary to cover expenses incurred by the staff
member in scouting opponents in accordance with the provisions of Bylaw 11.6.3.

11.6.3.3 Designating the Opponent. If two opponents of an institution compete against
each other and an individual receives expenses for scouting the contest, the institution
may designate the opponent it is scouting and then pay expenses to scout the other
opponent on another occasion. If two individuals receive expenses to scout the contest,
each opponent shall be considered to have been scouted on one occasion.

11.6.4 Cost of Exchanging Video. It shall be permissible to pay the costs of exchanging video for
scouting purposes in any sport, including the expenses of an individual traveling to pick up the
video.

11.6.4.1 Use of Commercial Entity. It shall be permissible in all sports for an institution
to obtain video of a future opponent's athletics contests for scouting purposes from a
commercial entity that provides video recording/dubbing services, provided the
institution requesting the video pays no fees or expenses related to obtaining the video of
the future opponent's athletics contests, except for providing a blank videotape or DVD
(or other medium) and paying postage costs.

11.6.5 Complimentary Game Tickets. In sports in which it is permissible to scout opponents, a
member institution's staff member is permitted to receive press box tickets or complimentary
tickets from an opponent for the purpose of scouting the opponent.

11.6.5.1 Lacrosse. In lacrosse, receipt of press box tickets or complimentary tickets from
an opponent shall constitute a countable scouting opportunity.

This proposal is part of a package recommended by the Rules Working Group designed to accomplish those objectives. 11.7.4.3 Off-Campus Recruiting—At Any One Time. It is permissible for a coach to leave campus to engage in off-campus contact or evaluation before another coach who is off campus actually returns to campus, provided the total number of coaches recruiting on behalf of the institution at any time does not exceed the permissible number. The coach being replaced must complete his or her recruiting activities before another coach may begin any off-campus recruiting activity. Further, the replaced coach may not engage in additional recruiting activities until after he or she has returned to the institution’s campus.

11.7.4.3.1 Exception—Basketball—July Evaluation Periods. During the July evaluation periods, a replaced coach is not required to return to the institution’s campus before engaging in additional recruiting activities, provided not more than three coaches engage in off-campus recruiting activities each day.

11.7.4.3.2 Exception—Sports Other Than Basketball—June, July and August. In sports other than basketball, during June, July and August, a replaced coach is not required to return to the institution’s campus before engaging in additional recruiting activities, provided not more than the permissible number of off-campus recruiters in the particular sport engage in off-campus recruiting activities each day (see Bylaw 11.7.4).

11.7.4.4 Banquets or Meetings. In sports other than football, a coaching staff member who attends a banquet or meeting that is designed to recognize prospective student-athletes that occurs during a contact or evaluation period is considered an off-campus recruiter in the applicable sport, regardless of whether the coach is speaking at the banquet/meeting or only attending the function. In those sports with recruiting calendars (e.g., basketball, softball), a coach is not permitted to attend such a recognition that occurs outside a contact or evaluation period, unless the coach has been asked to speak at the function (see Bylaw 13.1.8).

11.7.4.5 On-Campus Events—Women’s Basketball. In women’s basketball, a coaching staff member who attends an athletics event on the institution’s campus that involves women’s basketball prospective student-athletes is considered an off-campus recruiter.

B. Bylaws: Amend 13.1.8, as follows:

13.1.8 Banquets, Meetings and NCAA Promotional Activities.
13.1.8.3 Attendance Outside a Contact or Evaluation Period. Effective Date: August 1, 2013

Proposal Category: Amendment

Topical Area: Personnel

Rationale: As a result of the Presidential Retreat in August 2011, the Collegiate Model – Rules Working Group was formed and charged with reviewing Division I rules with a view toward reducing the volume of unenforceable and inconsequential rules that fail to support the NCAA’s enduring values, and emphasizing the most strategically important matters. This proposal is part of a package recommended by the Rules Working Group designed to accomplish those objectives. There is no data, anecdotally or otherwise, that would suggest these rules advance the Collegiate Model or any enduring value of the Association. Each institution should be responsible for establishing its own policies and procedures related to the off-campus recruitment of prospective student-athletes by authorized countable coaching staff members.

Estimated Budget Impact: None.

Impact on Student Athlete's Time (Academic and/or Athletics): None.
RWG PROPOSAL NO. 12-1 -- AMATEURISM -- DEFINITIONS AND APPLICATIONS -- ACTUAL AND NECESSARY EXPENSES

Intent: To establish a uniform definition of actual and necessary competition-related expenses.

Bylaws: Amend 12.02, as follows:

12.02 Definitions and Applications.

[12.02.1 unchanged.]

12.02.2 Actual and Necessary Expenses. Actual and necessary expenses are limited to:

(a) Meals;
(b) Lodging;
(c) Apparel, equipment and supplies;
(d) Coaching and instruction;
(e) Health/medical insurance;
(f) Transportation (expenses to and from practice and competition, cost of transportation from home to training/practice site at the beginning of the season/preparation for an event and from training/practice/event site to home at the end of season/event);
(g) Medical treatment and physical therapy;
(h) Facility usage;
(i) Entry fees; and
(j) Other reasonable expenses.

12.02.2.1 Application. Unless otherwise permitted by the NCAA constitution or bylaws, actual and necessary expenses may be provided only if such expenses are for competition on a team or in a specific event or for practice that is directly related to such competition. The value of such expenses must be commensurate with the fair market value of similar goods and services in the locality in which the expenses are provided and must not be excessive in nature. Actual and necessary expenses shall not include the expenses or fees of anyone other than the individual who participates as a member of the team or in a specific event.

This proposal is part of a package recommended by the Rules Working Group designed to accomplish those objectives. Current amateurism legislation regarding what constitutes an actual and necessary competition-related expense has caused confusion for the membership and has raised perceptions of unfairness to prospective and enrolled student-athletes. This change will establish a consistent definition, thus eliminating unnecessary regulations and interpretations.

RWG PROPOSAL NO. 12-2 – AMATEURISM – DEFINITIONS AND APPLICATIONS – CALCULATION OF ACTUAL AND NECESSARY EXPENSES

This proposal is part of a package recommended by the Rules Working Group designed to accomplish those objectives. Currently, an individual whose annual expenses significantly exceed his or her annual prize money may still incur a violation if the prize money exceeded expenses in a single event. RWG PROPOSAL NO. 12-3 -- AMATEURISM -- DEFINITIONS AND APPLICATIONS -- LIMITED BENEFIT

Intent: To specify that prior to initial full-time enrollment at an NCAA institution, if an individual receives expenses from a permissible source (e.g., event sponsor, club team) that exceed his or her actual and necessary expenses by $300 or less, the eligibility of the individual shall not be affected; further, to specify that if a student-athlete engages in permissible outside competition and receives expenses from a permissible source (e.g., event sponsor, club team) that exceed his or her actual and necessary expenses by $300 or less, the eligibility of the student-athlete shall not be affected and the institution is not required to submit a self-report of the infraction.

Intent: To permit an individual to receive actual and necessary expenses from an outside sponsor other than from an agent, a representative of an institution's athletics interests or a professional sports organization, as specified.

A. Bylaws: Amend 12.1.2.1.4, as follows:

12.1.2.1.4 Expenses, Awards and Benefits. Excessive or improper expenses, awards and benefits (see Bylaw 16 regarding permissible awards, benefits and expenses to enrolled student-athletes).

[12.1.2.1.4.1 through 12.1.2.1.4.2 unchanged.]

12.1.2.1.4.3 Expenses from Outside Team or Organization. Expenses received from an outside amateur sports team or organization in excess of actual and necessary travel, room and board expenses, and apparel and equipment (for individual and team use only from teams or organizations not affiliated with member institutions, including local sports clubs as set forth in Bylaw 13.11.2.4) for competition and practice held in preparation for such competition. Practice must be conducted in a continuous time period preceding the competition except for practice sessions conducted by a national team, which occasionally may be interrupted for specific periods of time preceding the competition.

12.1.2.1.4.3.1 Donations to Outside Team or Organization. Actual and necessary expenses received from an outside team or organization may include funds donated to the general fund of the team or organization from a sponsor (e.g., neighbor, business) other than the individual's relatives or legal guardians, provided such donations are not credited to or earmarked for the prospective or enrolled student-athlete.

12.1.2.1.4.3.2 Expenses/Benefits Related to Olympic Games. It is permissible for members of an Olympic team to receive all nonmonetary benefits and awards provided to members of an Olympic team beyond actual and necessary expenses, including entertainment, equipment, clothing, long distance telephone service, Internet access, and any other item or service for which it can be demonstrated that the same benefit is available to all members of that nation's Olympic team or the specific sport Olympic team in question.

An individual who participates in a sport as a member of a team may receive actual and necessary expenses for competition and practice held in preparation for such competition from an outside sponsor (e.g., team, neighbor, business) other than an agent or a representative of an institution's athletics interests (and, after initial full-time collegiate enrollment, other than a professional sports organization). An individual who participates in a sport as an individual (not a member of a team) may receive actual and necessary expenses associated with an athletics event and practice immediately preceding the event, from an outside sponsor (e.g., neighbor, business) other than an agent or a representative of an institution's athletics interests (and, after initial full-time collegiate enrollment, other than a professional sports organization).

12.1.2.1.4.5.1 Expenses Prior to Full-Time Collegiate Enrollment — Individual Sports. Currently, there are several bylaws addressing the provision of competition-related expenses to prospective and enrolled student-athletes that are overly complicated and bureaucratic. Estimated Budget Impact: None.

Impact on Student-Athlete's Time (Academic and/or Athletics): None.
Intent: In sports other than tennis, to specify that an individual may receive payment based on performance or given on an incentive basis up to actual and necessary competition-related expenses from an amateur team or a sponsor of event; further, in tennis, to specify that after initial full-time collegiate enrollment, an individual may accept prize money based on his or her place finish or performance in an athletics event.

A. Bylaws: Amend 12.1.2.1.5, as follows:

12.1.2.1.5 Payment Based on Performance. Any payment, including actual and necessary expenses, conditioned on the individual's or team's place finish or performance or given on an incentive basis that exceeds actual and necessary expenses, or receipt of expenses in excess of the same reasonable amount for permissible expenses given to all individuals or team members involved in the competition.

B. Bylaws: Amend 12.1.2.4, as follows:

12.1.2.4 Exceptions to Amateurism Rule.

12.1.2.4.1 Exception for Prize Money Prior to Full-Time Collegiate Enrollment Based on Performance -- Sports Other Than Tennis. In sports other than tennis, prior to collegiate enrollment, an individual may accept prize money based on his or her place finish or performance in an open athletics event (an event that is not invitation only). Such prize money may not exceed actual and necessary expenses and may be provided only by the sponsor of the open event. The calculation of actual and necessary expenses shall not include the expenses or fees of anyone other than the prospective student-athlete individual (e.g., coach's fees or expenses, parent's expenses).

12.1.2.4.2 Exception for Prize Money Prior to Full-Time Collegiate Enrollment -- Tennis.

12.1.2.4.2.1 Prior to Full-Time Collegiate Enrollment. In tennis, prior to full-time collegiate enrollment, an individual may accept up to $10,000 per calendar year in prize money based on his or her place finish or performance in open athletics events (events that are not invitation only). Such prize money may be provided only by the sponsor of an open event in which the individual participates. Once the individual has accepted $10,000 in prize money in a particular year, he or she may receive additional prize money on a per-event basis, provided such prize money does not exceed the individual's actual and necessary expenses for participation in the event. The calculation of actual and necessary expenses shall not include the expenses or fees of anyone other than the individual (e.g., coach's fees or expenses, parent's expenses).
12.1.2.4.2 After Initial Full-Time Collegiate Enrollment. In tennis, after initial full-time collegiate enrollment, an individual may accept prize money based on his or her place finish or performance in an athletics event. Such prize money may not exceed actual and necessary expenses and may be provided only by the sponsor of the event. 12.1.2.4.3 Exception for Prize Money for Prospective Student-Athletes After Full-Time Collegiate Enrollment at Non-NCAA Institutions -- Outside the Playing Season During the Summer Vacation Period. After a prospective student athlete has enrolled full time at a non-NCAA institution, he or she may accept prize money based on his or her place finish or performance in an open athletics event (an event that is not invitation only), provided the competition occurs outside his or her institution's declared playing and practice season during the institution's summer vacation period. Such prize money may not exceed actual and necessary expenses and may be provided only by the sponsor of the open event. The calculation of actual and necessary expenses shall not include the expenses or fees of anyone other than the prospective student athlete (e.g., coach's fees or expenses, parent's expenses).

12.1.2.4.4 Exception for Prize Money for Student-Athletes -- Outside the Playing Season During the Summer Vacation Period -- Individual Sports. In individual sports, a student-athlete may accept prize money based on his or her place finish or performance in an open athletics event (an event that is not invitation only), provided the competition occurs outside the institution's declared playing and practice season during the institution's summer vacation period. Such prize money may not exceed actual and necessary expenses and may be provided only by the sponsor of the open event. The calculation of actual and necessary expenses shall not include the expenses or fees of anyone other than the student-athlete (e.g., coach's fees or expenses, parent's expenses).

12.1.2.4.5 Exception for Payment Based on Team Performance Before Full-Time Collegiate Enrollment -- Sports Other Than Men's Ice Hockey and Skiing. In sports other than men's ice hockey and skiing, before full-time collegiate enrollment, an individual may accept payment from his or her amateur team or the sponsor of the event based on his or her team's place finish or performance, or given on an incentive basis (e.g., bonus), provided the combination of such payments and expenses provided to the individual does not exceed his or her actual and necessary expenses to participate on the team. The calculation of actual and necessary expenses shall not include the expenses or fees of anyone other than the prospective student-athlete individual (e.g., coach's fees or expenses, parent's expenses).

RWG PROPOSAL NO. 13-1 -- RECRUITING -- PROSPECTIVE STUDENT-ATHLETE -
- EXCEPTION -- AFTER SIGNING NATIONAL LETTER OF INTENT

**Intent:** To specify that an individual who has signed a National Letter of Intent (NLI) (or, for an institution that does not use the NLI in a particular sport, the institution's written offer of admission and/or financial aid) shall no longer be considered a prospective student-athlete for purposes of Bylaw 13; however, activities and actions that would have been contrary to Bylaw 13.2.1 if the individual had not signed an NLI shall be subject to the application of the extra benefit legislation; further, to specify that an individual who officially registers, enrolls and attends classes during the certifying institution's summer term prior to his or her initial enrollment at the certifying institution shall no longer be considered a prospective student-athlete; finally, to specify that an individual who reports to an institutional orientation session that is open to all incoming students within 14 calendar days prior to the opening day of classes of a regular year term shall no longer be considered a prospective student-athlete.

**Bylaws:** Amend 13.02.12, as follows:

13.02.12 Prospective Student-Athlete. A prospective student-athlete is a student who has started classes for the ninth grade. In addition, a student who has not started classes for the ninth grade becomes a prospective student-athlete if the institution provides such an individual (or the individual’s relatives or friends) any financial assistance or other benefits that the institution does not provide to prospective students generally. An individual remains a prospective student-athlete until one of the following occurs (whichever is earlier):

(a) The individual officially registers and enrolls in a minimum full-time program of studies and attends classes in any term of a four-year collegiate institution's regular academic year (excluding summer);

(b) The individual participates in a regular squad practice or competition at a four-year collegiate institution that occurs before the beginning of any term; or

(c) The individual officially registers, enrolls and attends classes during the certifying institution's summer term prior to his or her initial full-time enrollment at the certifying institution; or

(d) The individual reports to an institutional orientation session that is open to all incoming students within 14 calendar days prior to the opening day of classes of a regular year term.

13.02.12.1 Application Exception -- After National Letter of Intent Signing. An individual who has signed a National Letter of Intent (NLI) (or, for an institution that does not use the NLI in a particular sport, the institution's written offer of admission and/or financial aid) shall no longer be considered a prospective student-athlete for purposes of Bylaw 13; however, activities and actions that would have been contrary to Bylaw 13.2.1 if the individual had not signed an NLI shall be subject to the application of the extra benefit legislation (Bylaws 16.02.3 and 16.11.2). An individual who is no longer considered a prospective student-athlete per
Bylaw 13.02.12 (c) shall not be subject to the contact limitations in Bylaw 13 and shall be considered a student-athlete for purposes of Bylaw 16. The individual is still remains a prospective student-athlete for purposes of applying the remaining provisions of Bylaw 13 and other bylaws (other than the extra benefit legislation as noted above).

13.02.12.2 Institutional Orientation Session. A recruited prospective student-athlete who has signed a National Letter of Intent (NLI) [or, for an institution that does not use the NLI in a particular sport or for a prospective student-athlete who is not eligible to sign an NLI (e.g., four-year college transfer), the institution's written offer of admission and/or financial aid] and has reported to an institutional orientation session that is open to all incoming students within 14 calendar days prior to the opening day of classes of a regular year term shall not be subject to the contact restrictions in Bylaw 13 and shall be considered a student-athlete for purposes of Bylaw 16 as of the opening day of the orientation session.

This proposed change is designed to further student-athlete success and well-being by allowing an individual who has demonstrated a significant commitment to attend a particular institution to no longer be subject to recruiting regulations in Bylaw 13. Further, if the individual enrolls and attends summer school classes prior to initial enrollment at the certifying institution, the individual should be treated similarly to the enrolled student-athletes attending that institution. In addition, this proposal would promote a greater development of the student-athlete/coach relationship by permitting increased access between the coach and an incoming signee.

Impact on Student Athlete's Time (Academic and/or Athletics): None.
RWG PROPOSAL NO. 13-2 -- RECRUITING -- INITIAL DATE FOR COMMUNICATION AND IN-PERSON CONTACT

13.1.1.1.1 Exception -- Men's Basketball. In men's basketball, off-campus recruiting contacts shall not be made with an individual (or his relatives or legal guardians) before the opening day of his junior year in high school. Contacts that occur during a prospective student-athlete's junior year during recruiting periods other than the April recruiting period may occur only at the prospective student-athlete's educational institution. 13.1.3.1.2 Exception -- Football. In football, one telephone call to an individual

the individual (or his or her relatives or legal guardians) may not be made before
the day after the conclusion of the individual's sophomore year in high school.
Thereafter, once it is permissible to make telephone calls to an individual, an
institution may make telephone such calls to a prospective student athlete at its
discretion.

[13.1.3.1.3.1 renumbered as 13.1.3.1.2.1, unchanged.]

13.1.3.1.4 Exception — Women's Basketball. In women's basketball, telephone

**Effective Date:** July 1, 2013

**Proposal Category:** Amendment

**Topical Area:** Recruiting

**Rationale:** As a result of the Presidential Retreat in August 2011, the Collegiate Model – Rules Working Group was formed and charged with reviewing current Division I rules with a view toward reducing the volume of unenforceable and inconsequential rules that fail to support the NCAA’s enduring values and emphasizing the most strategically important matters. **Estimated Budget Impact:** None.

**Impact on Student Athlete's Time (Academic and/or Athletics):** None.

Effective Date: July 1, 2013

Proposal Category: Amendment
**Topical Area:** Recruiting

**Rationale:** As a result of the Presidential Retreat in August 2011, the Collegiate Model – Rules Working Group was formed and charged with reviewing Division I rules with a view toward reducing the volume of unenforceable and inconsequential rules that fail to support the NCAA’s enduring values, and emphasizing the most strategically important matters. This proposal is part of a package recommended by the Rules Working Group designed to accomplish those objectives. The current legislation governing recruiting materials presents enforcement challenges. Arguably, a prospective student-athlete's decision to attend a particular institution is not significantly influenced by the volume of recruiting material received. In addition, the current legislation does not further the working group's proposed principle of fair competition. It would remain permissible for an institution to post materials on its website to be accessed by prospective student-athletes.

**Estimated Budget Impact:** None.

**Impact on Student Athlete's Time (Academic and/or Athletics):** None.
RWG PROPOSAL NO. 13-7 -- RECRUITING -- PUBLICITY -- NO RESTRICTIONS AFTER COMMITMENT

Before the signing of a prospective student-athlete to a National Letter of Intent or an institution's written offer of admission and/or financial aid or before the institution receives his or her financial deposit in response to its offer of admission, a member institution may comment publicly only to the extent of confirming its recruitment of the prospective student-athlete. The institution may not comment generally about the prospective student-athlete's ability or the contribution that the prospective student-athlete might make to the institution's team; further, the institution is precluded from commenting in any manner as to the likelihood of the prospective student-athlete committing to or signing with that institution.

13.10.2.2 Evaluations for Media, Recruiting Services. Athletics department staff members shall not evaluate or rate a prospective student-athlete for news media, scouting services or recruiting services prior to the prospective student-athlete's signed acceptance of the institution's written offer of admission as a student and/or written tender of financial assistance to be provided upon the prospective student-athlete's enrollment.

[13.10.3 through 13.10.7 renumbered as 13.10.2.2 through 13.10.2.6, unchanged.]

13.10.2.7 Photograph of Prospective Student-Athlete. It is permissible for an institution to photograph a prospective student-athlete during a campus visit to be used in the institution's permissible publicity and promotional activities (e.g., press release, media guide), but the photograph may not be provided to the prospective student-athlete. It is permissible for an institution to use a prospective student-athlete's photograph in printed institutional items (e.g., season ticket brochure) that promote a sport's season in which the prospective student-athlete will participate as a student-athlete, provided the prospective student-athlete has signed a National Letter of Intent or the institution's written offer of admission and/or financial aid and the prospective student-athlete's name...

Such communications (with no limit on number or content) may be released to media outlets at the institution's discretion except as limited by Bylaw 13.10.9.2. However, an institution is prohibited from purchasing or receiving commercial advertising (e.g., print, media or billboard) to be used to identify a prospective student-athlete by name or picture.

13.10.9.1 Video Clips. It shall be permissible for an institution to show video clips of a prospective student athlete during its announcement of the prospective student athlete's signing, provided such publicity occurs only after the prospective student athlete has signed a National Letter of Intent or after the prospective student athlete's signed acceptance of the institution's written offer of admission and/or financial aid. 13.10.9.3 Independent Announcement by Prospective Student Athlete. 13.10.9.4 Celebratory Functions. Coaching staff members may attend functions designed to celebrate the institution's signees in the applicable sport and may discuss prospective student athletes who have signed commitments to attend the institution, including discussions with working media, provided the institution previously has released communications of the prospective student athletes' commitments to attend the institution to media outlets.

13.10.9.4.1 Highlight Video. An institution may produce a single highlight video (one per sport), which includes clips of prospective student athletes who have signed a National Letter of Intent or accepted a written offer of admission and/or
financial aid from the institution, to show in conjunction with celebratory functions. Other prospective student athletes may appear in the video clips, provided the focus of the clips is related to the prospective student athlete who has committed to the institution.

13.10.9.5 Signings on Campus. An institution is responsible for signings on its campus (whether involving an individual or a group of prospective student athletes). Any contact by the media with prospective student athletes on campus during the time the prospective student athlete signs a National Letter of Intent or tender of financial aid shall be considered to be prima facie evidence of institutional involvement in arranging media involvement and shall be prohibited.

RWG PROPOSAL NO. 13-8 -- RECRUITING -- CAMPS AND CLINICS --
PROSPECTIVE AND ENROLLED STUDENT-ATHLETE EMPLOYMENT

**Intent:** To deregulate the camps and clinics employment legislation related to prospective and enrolled student-athletes, as specified; further; in football, to eliminate the participation prohibition on senior prospective student-athletes.

**A. Bylaws:** Amend 13.12.1, as follows:

[13.12.1.1 through 13.12.1.2 unchanged.]

13.12.1.3.1.1 Senior Prospective Student-Athlete Defined. For purposes of this legislation, a "senior prospective student-athlete" is a prospective student-athlete who is eligible for admission to a member institution or who has started classes for the senior year in high school. A preparatory school or two-year college student is considered to be a "senior prospective student-athlete" for purposes of this rule.

13.12.1.3.1.2 No Physical Activity. A "senior prospective student-athlete" may attend a camp or clinic, provided the prospective student-athlete does not participate in any physical activities.

[R]
13.12.1.7.1 Exception -- Employment after Commitment. An institution may employ a prospective student-athlete in a camp or clinic, provided he or she has signed a National Letter of Intent or the institution's written offer of admission and/or financial aid or after the institution has received his or her financial deposit in response to its offer of admission. Compensation may be paid only for work actually performed and at a rate commensurate with the going rate in the locality for similar services. Such compensation may not include any remuneration for value or utility that the student-athlete may have for the employer because of the publicity, reputation, fame or personal following that he or she has obtained because of athletics ability. A prospective student-athlete who only lectures or demonstrates at a camp/clinic may not receive compensation for his or her appearance at the camp/clinic.

A student-athlete who may be employed in any sports camp or clinic must meet the following requirements: provided compensation is provided pursuant to the criteria of Bylaw 12.4.1. A student-athlete who only lectures or demonstrates at a camp/clinic may not receive compensation for his or her appearance at the camp/clinic. [R]

(a) The student-athlete must perform duties that are of a general supervisory character in addition to any coaching or officiating assignments.

(b) Compensation provided to the student-athlete shall be commensurate with the going rate for camp or clinic counselors of like teaching ability and camp or clinic experience and may not be paid on the basis of the value that the student-athlete may have for the employer because of the athletics reputation or fame the student-athlete has achieved. It is not permissible to establish varying levels of compensation for a student-athlete employed in a sports camp or clinic based on the level of athletics skills of the student-athlete.

(c) A student-athlete who only lectures or demonstrates at a camp/clinic may not receive compensation for his or her appearance at the camp/clinic.

[13.12.2.1.1 unchanged.]

13.12.2.1.2 Provision of Travel Expenses to All Employees. A student-athlete may receive actual travel expenses (including lodging and meals in transit and prepaid plane tickets or cash advances) only if such travel expenses are paid and

13.12.2.1.3 Cash Advances Based on Anticipated Earnings. In the case in which all employees do not receive travel expenses, a cash advance based on anticipated earnings may be provided to a student-athlete only if such advance does not exceed the estimated actual and necessary cost of travel or the student-athlete's estimated employment earnings, whichever is less, and such a benefit is available to all camp employees. In bowl subdivision football, a member of an institution's football squad who has eligibility remaining may be employed in any camp that specializes in football, other than his own institution's camp, provided not more than one football student-athlete from any one Division I institution is employed. [R]

13.12.2.1.6.3 Employment in Diversified Sports Camp. In bowl subdivision football, a member of an institution's football squad who has eligibility remaining may be employed as a counselor in any diversified camp, including a diversified camp conducted by the student-athlete's own institution, provided not more than one member with eligibility remaining of the previous year's football squad of any one Division I institution is employed. This proposal is part of a package recommended by the Rules Working Group designed to accomplish those objectives. The requirements that compensation is for work actually performed and at a rate commensurate with the going rate in the locality for similar services are adequate and appropriate safeguards for governing employment by student-athletes. Consistent with the general prohibition on the receipt of compensation by a student-athlete in conjunction with speaking engagements or attendance at events such as luncheon meetings of booster clubs or civic organizations, it remains impermissible for a student-athlete (or a prospective student-athlete) to receive compensation if he or she only lectures or demonstrates at a camp or clinic. Finally, prospective student-athletes who have demonstrated a commitment to attend an institution should be allowed to be employed in that institution's camps and clinics since no recruiting advantage will be gained through such employment.

Estimated Budget Impact: None.

Impact on Student Athlete's Time (Academic and/or Athletics): None.
Intent: To eliminate or modify specified Bylaw 14 regulations, including legislation that is directly supported by institutional academic policy.

Bylaws: Amend 14, as follows:

This provision shall be applicable to the eligibility not only of a continuing student, but also of a transfer student from a four-year or two-year collegiate institution who is entering his or her third year of collegiate enrollment, even if the student has not yet completed an academic year in residence or used a season of eligibility in a sport at the certifying institution. (b) Approval by an appropriate academic official (who must not be an academic advisor/counselor employed by the athletics department) of the program leading to the specific baccalaureate degree that the student-athlete is pursuing.

14.4.3.1.7.1 Documentation of Degree Program Designation. If the designation is in accordance with Bylaw 14.4.3.1.7 (a), the official enrollment records of the institution shall constitute the documentation of the program against which progress toward degree under this regulation shall be measured. If the designation is in accordance with Bylaw 14.4.3.1.7 (b), the record of the degree program designation, approved by the appropriate academic official, shall constitute that documentation. For purposes of certifying eligibility for competition, an appropriate academic official shall affirm in writing the number of credit hours applicable to the designated degree program that have been completed satisfactorily. If a recruited two-year college transfer student reports for athletics participation before the student's high school or two-year college academic record has been certified, the student may practice, but not compete, during a 21-day period, provided the student meets all other requirements to be eligible to practice. **Effective Date:** August 1, 2013

**Proposal Category:** Amendment

**Topical Area:** Awards, Benefits, and Expenses

**Rationale:** As a result of the Presidential Retreat in August 2011, the Collegiate Model – Rules Working Group was formed and charged with reviewing current Division I rules with a view toward reducing the volume of unenforceable and inconsequential rules that fail to support the NCAA’s enduring values, and emphasizing the most strategically important matters. This proposal is part of a package recommended by the Rules Working Group designed to accomplish those objectives. This proposal replaces the current and varying legislative references to various relatives with a broader definition for individuals who would be permitted to receive identified benefits in conjunction with the student-athlete experience. This concept includes nontraditional families, yet maintains a regulatory level that encourages a shared responsibility between student-athletes and institutions. An institution is in the best position to determine who in a student-athlete's life is a family member. Because this proposal maintains a level of legislative definition, it will continue to minimize undue pressures from third parties. Further, the modifications to the particular benefits enhance the student-athlete experience by providing greater opportunities for members of a student-athlete's family to share in the student-athlete's success and to be present during injury or illness.

**Estimated Budget Impact:** Will vary.

**Impact on Student-Athlete's Time (Academic and/or Athletics):** None.
**RWG PROPOSAL NO. 16-6 -- AWARDS, BENEFITS AND EXPENSES -- TEAM ENTERTAINMENT -- IN CONJUNCTION WITH PRACTICE OR COMPETITION**

**Intent:** To specify that an institution, conference or the NCAA may provide reasonable entertainment to student-athletes in conjunction with practice or competition.

**Bylaws:** Amend 16.7, as follows:

16.7 Team Entertainment **in Conjunction with Practice or Competition.**

16.7.1 Away from Home Contests and Vacation Periods. The institution may pay the actual costs (but may not provide cash) for reasonable entertainment that takes place within a 100-mile radius of where a team plays or practices in connection with an away from home contest or en route to or from such a contest. In addition, an institution may pay the actual costs (but may not provide cash) for reasonable entertainment that takes place within a 30-mile radius of the institution's campus or practice site during vacation periods when the team is required to reside on campus (or at a practice site normally used by the institution) and classes are not in session.

An institution, conference, or the NCAA may provide reasonable entertainment to student-athletes in conjunction with practice or competition. [R]

16.7.1.1 Professional Sports Tickets. Complimentary tickets to professional sports contests shall not be provided to student-athletes, unless the tickets are provided by the institution (or by a representative of athletics interests through the institution) for entertainment purposes to student-athletes involved in an away from home contest. Under the latter circumstances, the institution may pay actual costs for reasonable entertainment that takes place during a team trip. [R]

16.7.2 Movies in Conjunction with a Home Contest. The institution may rent a film or movie, provide pay per view movies in the student-athletes' hotel rooms or take its intercollegiate team to the movies the night before a home contest without the film or movie being considered an extra benefit.

16.8.1.1.4 Swimming and Diving—Exception. In swimming and diving, if an institution does not have access to a diving platform within the mileage limitations of Bylaw 16.8.1.1, the institution may provide expenses for diving practice sessions at the closest available site that includes a diving platform.

16.8.1.1.5 On- or Off-Campus Practice Sites. An institution may transport student athletes from a central on-campus site (e.g., the locker room) to an on- or off-campus practice site.

An institution that uses this exception is required to annually submit a detailed summary to the NCAA national office by July 31.

16.8.1.2.1.2 Conference Administered Waiver—Conference Championship. A conference may grant a waiver of the 48-hour departure restriction for extenuating circumstances associated with travel prior to competition in a conference championship event.

It is permissible for any athletics department staff member to furnish transportation to eligible student-athletes to the campus from the nearest bus or train station or major airport in conjunction with practice and/or team travel relating to competition that occurs between the end of a final examination period of the fall
semester (or fall or winter quarter) and the beginning of the following regular term.

16.8.1.2.3 Meal-Allowance Limitation.—All student-athletes on the same team must receive identical meal allowances on intercollegiate trips and during vacation periods when student-athletes are required to remain on the institution's campus for organized practice sessions or competition. [R]

(c) Second Trip Home. If a student-athlete either uses team transportation to travel from campus to the event site and back to campus, or participates in an event that takes place in the institution's home community, and also has personally paid for a round-trip ticket home during that same vacation period, that student-athlete may be provided actual transportation expenses to travel between campus and home on a second occasion during that same period. [R]

(d) Mileage Limitations. Reimbursement for automobile mileage shall not exceed the rate provided to institutional staff members and shall be limited to not more than 400 miles one way.

16.8.1.6 Incidental Expenses at NCAA Championships, National Governing Body Championships in Emerging Sports and Licensed Bowl Games. 16.8.1.6.1 Excessive Per Diem Subsidies. When a sponsoring agency provides a per diem in excess of a student-athlete's actual and necessary expenses, it is not permissible for the institution to provide the student-athlete with the cash difference between the amount allocated for per diem by the sponsoring agency and the actual cost of the individual's room and board expenses. [R]

Source: NCAA Division I Working Group on the Collegiate Model -- Rules

Effective Date: August 1, 2013

Proposal Category: Amendment

Topical Area: Awards, Benefits, and Expenses

Rationale: As a result of the Presidential Retreat in August 2011, the Collegiate Model – Rules Working Group was formed and charged with reviewing current Division I rules with a view toward reducing the volume of unenforceable and inconsequential rules that fail to support the NCAA’s enduring values, and emphasizing the most strategically important matters. This proposal is part of a package recommended by the Rules Working Group designed to accomplish those objectives. The current legislation may be simplified by deregulating many prescriptive bylaws. Specifically, a general rule that permits an institution to provide actual and necessary expenses for a student-athlete to represent the institution and in practice and competition provides enough framework for an institution to determine how to apply the legislation. Simplifying the legislation surrounding the provision of expenses for travel allows an institution to use discretion to provide expenses, including incidental expenses, in accordance with institutional policies, whether for competition or for non-competitive events.

Estimated Budget Impact: Will vary.

Impact on Student-Athlete's Time (Academic and/or Athletics): None.
RWG PROPOSAL NO. 16-8 -- AWARDS, BENEFITS AND EXPENSES -- NATIONAL TEAM TRYOUTS, PRACTICE AND COMPETITION

Intent: To specify that a student-athlete may receive actual and necessary expenses and reasonable benefits associated with national team practice and competition; further, to specify that an institution may provide actual and necessary expenses for an unlimited number of national team tryouts and championship events.

A. Bylaws: Amend 12.4.2.2, as follows:

12.4.2.2 Broken Time Payments. An individual may not receive "broken time" payments except as authorized and administered by the U.S. Olympic Committee during the period immediately preceding and including actual Olympic competition. A permitted broken time payment may cover financial loss as a result of absence from employment to prepare for or participate in the Olympic Games. Such compensation during any other period and payments administered independently of the USOC by other sports governing bodies (e.g., the U.S. Ski Association) are prohibited. National Team Practice and Competition. A student-athlete may receive actual and necessary expenses and reasonable benefits associated with national team practice and competition (e.g., health insurance, broken-time payments). [R]

12.4.2.2.1 Exception When Individual Not Enrolled in Regular Term. An individual may receive broken time payments administered by the U.S. Olympic Committee or the national governing body in the sport during a period when the individual is not enrolled (full or part time) in a regular term to cover financial loss as a result of absence from employment as a direct result of practicing and competing on a national team (defined in Bylaw 14.02.8), provided the amounts are consistent with the principles set forth in Bylaw 12.4.1 and do not exceed $300 per week, and the payment period covers not more than the period from the date the individual begins practice with the national team following selection to that team to one week after the conclusion of the competition. [R]

B. Bylaws: Amend 16.8.1.3, as follows:

16.8.1.3 Other Competition. During an academic year in which a student-athlete is eligible to represent an institution in athletics competition (or in the following summer), an institution may provide actual and necessary expenses related to participation in the following activities: [R]

[16.8.1.3-(a) through 16.8.1.3-(b) unchanged.]

(c) Not more than two National National team tryout competition events, including events from which participants are selected for another tier of tryout competition or events from which final selections are made for the national team that will participate in the Olympic Games, Pan American Games, World Championships, World Cup, World University Games or World University Championships.
C. **Bylaws:** Amend 16.10.1, as follows:

16.10.1 Permissible.

16.10.1.1 *Broken-Time Payments.* The student-athlete may receive compensation authorized by the U.S. Olympic Committee to cover financial loss as a result of absence from employment to prepare for or participate in the Olympic Games. Such compensation (“broken-time” payments) is limited to the period immediately preceding and including actual Olympic competition. The receipt of payments during any other period, or from other sports governing bodies (e.g., U.S. Ski Association) independent of the USOC, would jeopardize the student-athlete’s eligibility. *National Team Practice and Competition.* A student-athlete may receive actual and necessary expenses and reasonable benefits associated with national team practice and competition (e.g., health insurance, broken-time payments). [R]

16.10.1.1 Exception When Student Athlete Not Enrolled in Regular Term. — A student-athlete may receive broken-time payments administered by the U.S. Olympic Committee or the national governing body in the sport during a period when the student-athlete is not enrolled (full or part time) in a regular term to cover financial loss as a result of absence from employment as a direct result of practicing and competing on a national team (defined in Bylaw 14.02.8), provided the amounts are consistent with the principles set forth in Bylaw 12.4.2.2 and do not exceed $300 per week, and the payment period covers not more than the period from the date the student-athlete begins practice with the national team following selection to that team to one week after the conclusion of the competition. [R]

16.10.1.2 Exception for USOC Elite Athlete Health Insurance Program. — An individual may receive the comprehensive benefits of the USOC Elite Athlete Health Insurance Program. [16.10.1.3 renumbered as 16.10.1.2, unchanged.]

16.10.1.4 Outside Sports Teams. — An amateur outside sports team or organization may provide actual and necessary expenses to team members only if the expenses are: [R] [16.10.1.4-(a) through 16.10.1.4-(d) renumbered as 16.10.1.3-(a) through 16.10.1.3-(d), unchanged.]

16.10.1.4.1 Practice in Conjunction with Competition.* Practice expenses may be accepted only if such practice is directly related to a competition and is conducted during a continuous time period preceding the competition. [R]

16.10.1.4.1.1 National Team Practice Exception. — If a student-athlete is involved in practice sessions conducted by a national team, the student-athlete may receive such practice expenses even if the practice is not
16.10.2 Nonpermissible.

[16.10.2.1 through 16.10.2.2 unchanged.]

16.10.2.3 Broken-Time Payments. The receipt by a student-athlete of compensation for a financial loss resulting from absence from employment ("broken time" payments), except as permitted in Bylaws 12.4.2.2, 16.10.1.1 and 16.10.1.1.1, is prohibited. [R]

Estimated Budget Impact: Will vary.

Impact on Student-Athlete's Time (Academic and/or Athletics): None.
**Intent:** To establish commitments to the Division I Collegiate Model, as specified.

**Bylaws:** Amend Bylaw 20.9, as follows:

20.9 Division I Membership Requirements.

20.9.1 Commitments to the Division I Collegiate Model. In addition to the purposes and fundamental policy of the National Collegiate Athletic Association, as set forth in Constitution 1, members of Division I support the following commitments in the belief that these commitments assist in defining the nature and purposes of the division. These commitments are not binding on member institutions but serve as a guide for the preparation of legislation by the division and for planning and implementation of programs by institutions and conferences.

20.9.1.1 The Commitment to Value-Based Legislation. Bylaws proposed and enacted by member institutions governing the conduct of intercollegiate athletics shall be designed to foster competition in amateur athletics, promote the Association's enduring values and advance the Collegiate Model as set forth in the NCAA Constitution. In some instances, a careful balancing of these values may be necessary to help achieve the purposes of the Association.

20.9.1.2 The Commitment to Amateurism. Member institutions shall conduct their athletics programs for students who choose to participate in intercollegiate athletics as a part of their educational experience and in accordance with NCAA bylaws, thus maintaining a line of demarcation between student-athletes who participate in the Collegiate Model and athletes competing in the professional model.

20.9.1.3 The Commitment to Fair Competition. Bylaws shall be designed to promote the opportunity for institutions and eligible student-athletes to engage in fair competition. This commitment requires that all member institutions compete within the framework of the Collegiate Model of athletics in which athletics competition is an integral part of the student-athlete's effort to acquire a degree in higher education. The commitment to fair competition acknowledges that variability will exist among members, including facilities, geographic locations and resources, and that such variability should not be justification for future legislation. Areas affecting fair competition include, but are not limited to personnel, eligibility and amateurism, recruiting, financial aid, the length of playing and practice seasons and the number of institutional competitions per sport.

20.9.1.4 The Commitment to Integrity and Sportsmanship. It is the responsibility of each member institution to conduct its athletics programs and manage its staff members, representatives and student-athletes in a manner that promotes the ideals of higher education and the integrity of intercollegiate athletics. Member institutions are
committed to encouraging behavior that advances the interests of the Association, its membership and the Collegiate Model of athletics. All individuals associated with intercollegiate athletics programs and events should adhere to such fundamental values as respect, fairness, civility, honesty, responsibility, academic integrity and ethical conduct. These values should be manifest not only in athletics participation, but also in the broad spectrum of activities affecting the athletics programs.

20.9.1.5 The Commitment to Institutional Control and Compliance. It is the responsibility of each member institution to monitor and control its athletics programs, staff members, representatives and student-athletes to ensure compliance with the Constitution and bylaws of the Association. Responsibility for maintaining institutional control ultimately rests with the institution's campus president or chancellor. It is also the responsibility of each member institution to report all breaches of conduct established by these bylaws to the Association in a timely manner and cooperate with the Association's enforcement efforts. Upon a conclusion that one or more violations occurred, an institution shall be subject to such disciplinary and corrective actions as may be prescribed by the Association on behalf of the entire membership.

20.9.1.6 The Commitment to Student-Athlete Well-Being. Intercollegiate athletics programs shall be conducted in a manner designed to enhance the well-being of student-athletes who choose to participate and to prevent undue commercial or other influences that may interfere with their scholastic, athletics or related interests. The time required of student-athletes for participation in intercollegiate athletics shall be regulated to minimize interference with their academic pursuits. It is the responsibility of each member institution to establish and maintain an environment in which student-athletes' activities, in all sports, are conducted to encourage academic success and individual development and as an integral part of the educational experience. Each member institution should also provide an environment that fosters fairness, sportsmanship, safety, honesty and positive relationships between student-athletes and representatives of the institution.

20.9.1.7 The Commitment to Sound Academic Standards. Standards of the Association governing participation in intercollegiate athletics, including postseason competition, shall be designed to ensure proper emphasis on educational objectives and the opportunity for academic success, including graduation, of student-athletes who choose to participate at a member institution. Intercollegiate athletics programs shall be maintained as an important component of the educational program, and student-athletes shall be an integral part of the student body. Each member institution's admission and academic standards for student-athletes shall be designed to promote academic progress and graduation and shall be consistent with the standards adopted by the institution for the student body in general.

20.9.1.8 The Commitment to Responsible Recruiting Standards. Recruiting bylaws shall be designed to promote informed decisions and balance the interests of prospective student-athletes, their educational institutions, the Association's
member institutions and intercollegiate athletics as a whole. This commitment includes minimizing the role of external influences on prospective student-athletes and their families and preventing excessive contact or pressure in the recruitment process.

20.9.1.9 The Commitment to Diversity and Inclusion. The Division I membership believes in and is committed to the core values of diversity, inclusion and equity because realization of those values improves the learning environment for all student-athletes and enhances excellence within the membership and in all aspects of intercollegiate athletics. The membership shall create diverse and inclusive environments, promote an atmosphere of respect for and sensitivity to the dignity of every person, and include diverse perspectives in the pursuit of academic and athletic excellence. Member institutions, with assistance from the National Office, are expected to develop inclusive practices that foster positive learning and competitive environments for student-athletes, as well as professional development and opportunities for athletics administrators, coaches and staff from diverse backgrounds.

20.9.2 Division I Philosophy. In addition to the purposes and fundamental policy of the National Collegiate Athletic Association, as set forth in Constitution 1, members Members of Division I support the following principles in the belief that these the following statements assist in defining provide further definition of the nature and purposes of the division. These statements are not binding on member institutions but serve as guide additional guidance for the preparation of legislation by the division and for planning and implementation of programs by institutions and conferences. A member of Division I:
