INTRODUCTION

On Friday, May 8, 2009, the 25th Legislature of the State of Hawai‘i came to a close, after a two day extension. Then on July 15, 2009, the legislature convened a special session to override the Governor’s vetoes. This report summarizes state legislation of interest to the University of Hawai‘i.

This session, the University of Hawai‘i had a total of three bills approved by the Board of Regents that were introduced by the Governor as part of her administrative package. Two of these proposals passed the legislature:

- HB 1174 establishes provisions relating to Mauna Kea lands. This bill authorizes the Board of Regents of the University of Hawai‘i to charge fees for the use of facilities and programs related to the Mauna Kea lands. It further authorizes the board to enter into lease agreements for the Mauna Kea lands and allows the board to regulate public and commercial activities on the lands and to set fines. This bill provides that if the board adopts rules to regulate, the board try to be consistent with the rules of the divisions of forestry and wildlife of the Department of Land and Natural Resources and that they consult with the Office of Hawaiian Affairs.
- SB 1674 amends Act 161, Session Laws of 2007, relating to University of Hawai‘i projects and purposes, by increasing the amount that the authorization cannot exceed for the costs of construction of any university project, deleting reference to fiscal year 2007 - 2008, and adds appropriation out of revenue bond proceeds. This bill also requires the university to notify the legislature upon issuance of additional revenue bonds.

The last of these proposals was the issue of procurement exemption for the University of Hawai‘i and it failed to pass the legislature.

Other proposals passed by the 2009 State Legislature affecting the University include:

- HB 1470 which deal with procurement, exempts GSA-approved sole source vendors from procurement code; increases small purchases limit; increases the Hawai‘i products preference and allows Hawai‘i products self-certification; imposes time limits on rendering administrative and judicial review decisions; limits protests to those that are a minimum percentage of the contract value; requires posting of a protest bond, to be forfeited if the protesting party does not prevail.
- SB 1665 enhances the workforce development capacity of Hawai‘i’s community colleges by establishing a skilled worker and business development center to provide workforce training to meet the rapidly evolving needs of both employers and employees. Appropriates Reed Act funds.
- SB 1677 requires two-thirds majority vote of the legislature to adopt a concurrent resolution to sell or give away certain public lands. This bill also requires notice to be provided to the Office of Hawaiian Affairs for sales, gifts, and exchanges.

In terms of General Fund appropriations, the University’s Biennial Operating Budget Request for FY 2009-10, as approved by the Board of Regents (Board), was for a reduction of $13.2 million which reflected the Governor’s mandatory 10% reduction of discretionary expenses. The Board also approved reductions of 15% and 20% if necessary.

Unfortunately, as the Council on Revenues forecasts continued to show a declining economy and lower general fund revenues, the Legislature ultimately appropriated a reduction of $45.7 million in general funds for FY 2009-10. Partially mitigating this reduction, the legislature approved $22 million in federal stabilization funds, with $14.7 million of this for Mānoa, $7.0 million for the community colleges and $300,000 for Hilo. Pass through items such as debt service, risk management, fringe benefits, and health fund expenses of approximately $272 million were transferred to the Department of Budget and Finance and is no longer reflected in the University’s budget.
Subsequently, due to further reductions in revenue forecasts by the Council on Revenues, the Governor has imposed a restriction of $52.1 million on the University’s general fund budget for FY 2009-10. Combined with the $45.7 million reduction by the Legislature, this amounts to a $97.8 million reduction. On a base of $422.5 million for FY 2009-10, this represents more than a 20% decrease from FY 2008-09. The University represents approximately 8.2% of the State’s general fund operating budget.

The 2009 Hawai‘i State Legislature appropriated a total of $565.956 million for University of Hawai‘i capital improvements program (CIP) projects for Fiscal Biennium 2009-2011. Of this amount, $203.772 million is financed with State general obligation bonds. In addition to the State general obligation bonds, the Legislature also authorized $45.005 million in special funds, $301.029 million in revenue bonds, $10.900 million in federal funds, and authorized $5.250 million in private contributions.

Highlights of appropriations from the 2009 Legislature include:

- $8.840 million for Health, Safety, and Code Requirements at various University of Hawai‘i campuses;
- $134.285 million for Capital Renewal and Deferred Maintenance for all University of Hawai‘i campuses;
- $3.157 million for equipment of Maui Community College’s Science Building;
- $1.578 million for equipment of Windward Community College’s Library and Learning Resources Center;
- $5.550 million for plans and design of the University of Hawai‘i at Hilo’s College of Pharmacy;
- $1.000 million for plans and design of the University of Hawai‘i at Hilo’s College of Hawaiian Language Building;
- $12.660 million in State general obligation bonds and authorization of revenue bonds in the amount of $28.132 million for construction and equipment of the University of Hawai‘i System’s Information Technology Center;
- $22.500 million in revenue bonds for design, construction, and equipment of the University of Hawai‘i at Mānoa’s Center for Microbial Oceanography Research and Education Building; and
- $70.000 million in revenue bonds for plans, land acquisition, design, construction, and equipment of University of Hawai‘i at Mānoa’s Faculty Housing.

PREPARING FOR THE 2010 LEGISLATIVE SESSION

2010 LEGISLATIVE PROPOSALS AND ANNUAL/REQUESTED REPORTS

To prepare for the 2010 Legislative Session and to meet the Governor’s and the Board of Regent’s internal deadlines for submission of legislative proposals, please submit the electronic version of all proposed bills and/or resolutions with the accompanying justification sheet to the Government Relations Office by the date noted below. The UH legislative package is scheduled to be discussed at the September meeting of the BOR.

If your unit requires an extension, please notify Stephanie Kim at 956-4250 or via email at scskim@hawaii.edu as soon as possible. To prevent duplication or contradictions, please consult with others within the University System and with other state agencies affected by the proposed legislation prior to submitting the bills or resolutions to the Government Relations Office.

Also, attached to this summary is a list of reports requested by the Legislature or mandated by statute. Please review this list carefully since there are new reports due before the start of the 2010 Legislative Session.
