*Bill descriptions provided by Legislative Reference Bureau’s “Bills Passed by the Hawai‘i State Legislature Regular Session of 2013”*
INTRODUCTION

On Thursday, May 2, 2013, the 27th Legislature of the State of Hawai‘i came to a close.

The 2013 legislative session was quite challenging for the University of Hawai‘i with a number of measures being introduced as a result of findings by the Senate Committee on Accountability investigation into a failed fundraising event for the UH Mānoa Athletics Department.

Some of the bills introduced that did not pass the legislature this session would have required the Board of Regents to: submit to the Legislature requests for salary range approvals; file annual financial interest disclosures which would be made public; have sole oversight of the University General Counsel; and prohibit the use of Tuition and Fees Special Funds for executive and managerial salaries. There were also resolutions introduced that asked for a state auditor’s review and the reintegration of UH Mānoa and the UH System.

Proposals of significance that passed the legislature included:

- **HB 114** (Act 87, SLH 2013) among other things, requires that all UH procurements for professional services furnished by licensees under the professional engineers, architects, surveyors, and landscape architects law for construction projects be monitored by the State Procurement Office on behalf of the Board of Regents (BOR); and provides that the State Procurement Office shall not be responsible for procurements determined by both the university and the department to be professional services for repair and maintenance.

  This bill also creates an independent audit committee, which shall be established within the BOR as an advisory body. The bill further requires the board to establish the charter of the independent audit committee and set forth its members' roles and responsibilities, consider changes to the independent audit committee's charter that are necessary in response to new laws, regulations, and best practices, and conduct an annual review of the independent audit committee's charter to reassess its adequacy and adopt any proposed and necessary changes to the charter.

- **SB 563** (Act 72, SLH 2013) repeals the Regents Candidate Advisory Council (RCAC) for the Board of Regents of the University of Hawai‘i and establishes the Candidate Advisory Council for the Board of Regents of the University of Hawai‘i attached to the University of Hawai‘i; and provides that the members of RCAC shall serve until the member's current term expires.

- **SB 1388** (Act 288, SLH 2013) amends provisions relating to the board of directors of the Research Corporation of the University of Hawai‘i (RCUH) by: reducing the number of members on the board of directors of RCUH to 8; reducing the number of members of the UH Board of Regents serving on the board of RCUH to 2; requiring the governor to appoint 1 member who shall be a University of Hawai‘i System research faculty member, 1 member who shall be from the business sector, and 1 member who shall be a representative of a non-University of Hawai‘i research organization; requiring 1 member to be appointed by the President of the Senate and 1 member appointed by the Speaker of the House of Representatives; and requiring the Vice President for Research of the University of Hawai‘i System to be a nonvoting ex officio member of the board of directors. The bill further provides that the exemption from the Hawai‘i public procurement code with respect to construction contracts shall not apply where state funds are used and compliance is required by a bill enacted by the legislature; repeals the president of the University of Hawai‘i serving as the president of RCUH; and requires RCUH to employ an executive director.
The Board of Regents approved a University of Hawai‘i System fiscal biennium 2013-2015 operating budget request for an additional 88 positions and $31.9 million in general funds in FY14, and an additional 123 positions and $51.7 million in general funds in FY15. The Governor’s request transmitted to the Legislature included an increase of $7.480 million in general funds and no additional positions for the University System.

The Legislature approved an additional $3.0 million in general funds for the UH West O‘ahu campus and an additional $4.0 million in general funds for the Community College System. However, the Legislature reduced the UH Mānoa campus’ general funds by $7.0 million and reduced UH Mānoa’s authorized general fund position counts by 100 positions.

The Legislature also provided an additional $5.0 million in general fund adjustments through specific legislative acts and/or appropriations to specific programs.

Finally, the Legislature appropriated $4.5 million and $3.9 million for salary restoration and negotiated salary increases, respectively, for HGEA and UPW members in FB13-15. However, the Legislature did not appropriate any general fund support for UHPA member negotiated salary adjustments in FB13-15.

HB 200 (Act 134, SLH 2013) appropriated a total of $233.094 million for capital improvements for the University of Hawai‘i for fiscal biennium 2013-2015. Of the $233.094, $205.494 million is in general obligation bonds, $4.100 million is in special funds, and $23.500 million is in revenue bonds.

Highlights include:

• $57.000 million for Health, Safety, and Code Requirements
• $50.000 million for Capital Renewal and Deferred Maintenance
• $38.213 million for Honolulu Community College's Advanced Technology Training Center
• $30.000 million for UH Mānoa's Snyder Hall Renovation
• $2.000 million for Leeward Community College's Native Hawaiian Center for Excellence
• $7.000 million for UH Mānoa's Law School Expansion
