UNIVERSITY OF HAWAI‘I
Average Graduation and Persistence Rates, Fall Cohorts

Success rate is the percentage of students who have either graduated or are still enrolled at a campus. Average success rates are 64% at UH Manoa, 35% at UH Hilo and 36% at the UH community colleges. Graduation rates for the most recent cohort are 53% at UH Manoa and 32% at UH Hilo for the Fall 1996 cohort six years after entry, and at the UH community colleges for the Fall 1999 cohort three years after entry: 13% overall, 20% at Hawai‘i CC, 13% at Honolulu CC, 10% at Kapi‘olani CC, 15% at Kaua‘i CC, 11% at Leeward CC, 18% at Maui CC, and 11% at Windward CC.

This information is provided for the Student Right-to-Know Act, Public Law 101-542. It provides a partial description of the graduation and enrollment patterns of students and describes averages for groups of students. It should not be used to infer or predict individual behavior.
