G-102 and G-103 AMX Equipment Instructions

Please press Shidler logo to begin.

LIGHTS, PROJECTORS AND SCREENS
The AMX system automatically adjusts the lights, projectors and screens for your use.

At the main menu, press the “Presentation” button.

Note: “VTC” is for Video Teleconference equipment.

One or two screens can be selected by pressing the “Single” or “Dual” button.

For “Single” screen use, the “Center” screen or other screen may be selected.

For more details on controlling screens, please go to page 3.
