<td>This project encompasses critical capital renewal and deferred maintenance, health and safety, and infrastructure projects at University of Hawaii campuses. Capital Renewal and Deferred Maintenance - The University of Hawaii's physical plant has accumulated a backlog of repairs and maintenance due to the lack of general funds. As of December 2003, the University has an unfunded backlog of maintenance projects totaling $161.046 million. The scope includes reroofing, upgrade/installation of mechanical and electrical systems, renovations, resurfacing, repainting, and other improvements and project costs to upgrade facilities at all University campuses.</td>
