

HOW DO CULTURALLY ANCHORED PROGRAMS ENHANCE TREATMENT FOR OPIOID MISUSE?

Join the *Overdose Data to Action* webinar to learn more.

APPLYING CULTURAL COMPETENCE AND CULTURAL ANCHORING TO OPIOID OVERDOSE PREVENTION

Tuesday July 21, 2020 ▪ 11:00 am - 12:00 pm HST

LEARNING OBJECTIVES:

- Define cultural competence and specifically cultural anchoring
- Describe the connection between cultural anchoring and opioid overdose prevention strategies
- Identify a strategy and method for the application of cultural anchoring in opioid overdose prevention drawing on experiences and expertise from peers

FEATURED PANELISTS

Dr. Sheri-Ann Daniels

CSAC, Executive Director,
Papa Ola Lōkahi

Shari Lynn

MEd, CSAC, Executive Director,
Ka Hale Pōmaika'i

The **Overdose Data to Action** (OD2A) project expands public health surveillance and data collection that builds capacity for public health programs on opioid related mis-use and associated overdose morbidity and mortality and to use these data to inform prevention strategies through the **Hawaii Opioid Initiative** (HOI).
