

LEVEL	Who do you think is at this level?	What did you SEE, HEAR, THINK when you watched them this week?
<p>Sapphire – No change from past Slower, but consistent Forgetful – helped with written or verbal cues Oriented to current situation, place, time, and person May have emotional distress over life events, but is connected to why, and can talk it out</p>		
<p>Diamond - Still sharp & clear Old habits & routines Territorial/invasive space Respect authority Leaders/followers Joiners/Loners CANNOT remember NEW Will ask over and over Will retell old stories LOTS</p>		
<p>Emerald - Wants to do – makes mistakes without supervision Needs things to do Needs help to fill the day Forgets steps if not prompted at that time Uses visual info Gesture, point, offer Dislikes "help" phrase Likes friendly & partners Gets lost in time & place Repeats doing over & over</p>		
<p>Amber - All about sensation In the MOMENT Help meet sensory needs ?LOW sensory tolerance Busy fingers Things in mouth Fiddling & messing Exploring their world Time alone/with others Quiet space/Busy space Upset during personal care tasks Use H-u-H and resting hand Back off & re-approach</p>		
<p>Ruby - Walks a lot Sleeping a lot Fine motor stopping Follows others Copies grossly Fall risk Support rest breaks Guide to next place/space Respect space needs</p>		
<p>Pearl - Becoming immobile Increasing reflexes Swallowing problems Weight loss Stiffness & contractures SLOW responses Little speech Limited awareness Watch for NEEDS by LOOK, LISTEN, FEEL</p>
