Adventures of our Big Tree

First day of trimming the tree

Uncle Tae Sung in the tree

Needed a truck to do the trimming

Cutting & hauling away the branches

Finished with the trimming

Drilling holes

Adding ports

Trying to inject the treatment, but it wouldn’t go in....
Trying another method of treatment

Putting pressure and the treatment into the tubes

Using a “Tree IV”

Inserting the drip system into the pre-drilled ports

Adding multiple drip holes, tubes and bottles

Clear is empty; pink is still dripping

Uncle Alan waits for the drip to all go in

Auntie Heidi removing an ant nest
