HB 1408 HD3 – RELATING TO DIGITAL EQUITY

Chair Dela Cruz, Vice Chair Keith-Agaran, and Members of the Committee:

The University of Hawai'i, representing the State's broadband interests, supports the intent of HB 1408 HD3.

The proposed state digital equity grant program along with state funding support would provide needed funding opportunities to support digital equity efforts that would directly benefit communities with the greatest needs. Based on the proposed timing, this program would provide funding opportunities in advance of the anticipated National Telecommunications and Information Administration (NTIA) State Digital Equity Capacity Grant program, and could be used to accelerate the delivery of digital equity and literacy benefits to our communities.

We would recommend that the efforts be fully coordinated with other statewide digital equity efforts, including the state's digital equity plan, the Broadband Equity, Access and Deployment (BEAD) Five-Year Plan, and work funded under the Tribal Broadband Connectivity program with DHHL (all three efforts funded by NTIA).

Thank you for the opportunity to provide comments on HB 1408 HD3.
