

UNIVERSITY OF HAWAI‘I SYSTEM ANNUAL REPORT

REPORT TO THE 2020 LEGISLATURE

Annual Report on the
Research and Training Revolving Fund

HRS 304A-2253

November 2019

**ANNUAL REPORT ON THE RESEARCH AND TRAINING REVOLVING FUND
PURSUANT TO HRS 304A-2253
2018-2019**

INTRODUCTION

The Research and Training Revolving Fund continues to be very effective in stimulating research, which results in extramural contracts and grants. This report summarizes the investments of the Fund for 2018-2019 and indicates the effectiveness of this support. Procedures for awarding grants from the Fund were the same as in previous years.

The Governor's approved guidelines for the administration and investments of the Fund:

1. The funds were administered by the Vice President for Research & Innovation (VPRI), the UH Mānoa Vice Chancellor for Research (VCR), and the University Research Council within the general guidelines approved by the University President.
2. The funds were administered in the four categories described under Part I – Fund Investments.

FUND INVESTMENTS

Pursuant to HRS Section 304A-2253, \$49,881,527.54 was deposited into the Research and Training Revolving Fund and invested as follows:

1. Scholarly Development Fund

The Scholarly Development Fund serves two purposes. The first is to provide seed money support to develop research projects or training programs for extramural funding. The second is to provide travel funds for University professionals that enable them to communicate research and new ideas at international, national or regional meetings, and to permit contact with extramural funding agencies.

Investments

A total of \$350,000 was invested in Professional Travel by the UH Mānoa VCR distributed as follows:

The Council reviewed 283 travel requests and made 267 awards totaling \$373,068.18. Table 1 lists the Professional Travel recipients.

A total of \$100,000 was invested in Professional Travel for UH West O'ahu and was distributed as follows:

The Council reviewed 69 travel requests and made 61 awards totaling \$107,186.00. Table 2 lists the Professional Travel recipients.

Investments for 2018-2019: \$450,000

2. Facilitating Services Fund

The Facilitating Services Fund is used to support the research, instruction and public service missions of the University units that generated overhead revenue.

The fund is invested in proportion to the overhead revenue generated by each of the units.

Effective FY 1999, the Deans and Directors of the units were granted the authority to expend these funds at their own discretion.

Investments

A total of \$35,438,138 was invested in the fund. Table 3 lists the distribution by unit.

Investments for 2018-2019: \$35,438,138

3. Project Development Fund

The Project Development Fund is used to facilitate research and training in new or developing fields, provide matching funds for the acquisition of research equipment, and to promote participation in professional organizations.

Investments

The UH Mānoa VCR made 61 awards totaling \$7,151,434.10. Table 4 lists the Project Development Fund recipients.

\$1,500 was invested in the Student Excellence in Research Awards by the UH Mānoa VCR. Table 5 lists the Student Excellence in Research Awards recipients.

Investments for 2018-2019: \$7,152,934.10

4. Vice President for Research and Innovation Investments:

A total of \$10,839,092 was invested for infrastructure:

Description	FY 2019
RCUH Management Fees	5,100,000
A-133 Audit	322,816
High Speed Internet Connection	810,000
Office of the VP for Research and Innovation	1,548,296
Office of Research Services	1,474,531
Office of Innovation and Commercialization	512,067
Office of Research Compliance	1,071,382
TOTAL	10,839,092

The VPRI made 24 awards totaling \$4,417,059.31 in support of programs summarized in Table 6.

Investments for 2018-2019: \$15,256,151.31

5. Summary of Investments

<u>Description</u>	<u>Allocation</u>	<u>Carry Forwards / Adjustments</u>	<u>Total Available</u>	<u>Expenditures</u>	<u>Committed to be Spent</u>	<u>Available Balance</u>

RESULTS OF SEED MONEY AND PROFESSIONAL TRAVEL AWARDS

1. Extramural Awards to Recipients of Seed Money

Recipients of these funds are actively seeking new sources to support their research. The Scholarly Development Fund (“Fund”) is very important in this connection, especially for younger faculty not yet having established a track record. Once they have initiated research with seed money, they can cite initial results, and thus make a much stronger case for receiving additional support.

Results from seed money are not always immediate, but may occur sometime after a seed money award. The results reported herein thus may be due to funds invested in earlier years. The Fund was initiated in 1975.

The Research Council awards for seed money from the Fund give due consideration to the potential for generating extramural support. Faculty receiving seed money awards must indicate their plans for extramural funding to further research. During the last fiscal year, no awards were given for seed money.

2. Extramural Awards to Faculty Receiving Travel Support

The recipients of these travel awards are all productive scholars with active research agendas. The presentation of their research results at major professional meetings allows the investigators to meet with potential sponsors and exchange ideas with colleagues. It also exposes the broader professional community, including funding agencies, to the work being accomplished at the University of Hawai‘i, results in increased professional recognition of investigator and the University, and leads to additional funding.

TOTAL EXTRAMURAL SUPPORT FOR RESEARCH/TRAINING, 2018-2019

Attached summary table, Table 7 for research and non- research projects, each of which gives comparative figures for awards made to the University, the past five years.

In 2018-2019, research awards worth \$222,860,456 and training awards worth \$198,991,704 were received.

CONCLUSIONS:

As summarized in this report, the Research and Training Revolving Fund is essential to the effective operation of the programs administered through this office. It is one of the most important sources of support this University has. The Governor and the Legislature should be commended for their foresight in establishing the Fund as an investment in the health of research and training at the University, and for the provision of the additional funds for equipment, repairs and maintenance.

Respectfully submitted,

Vassilis L. Syrmos
Vice President for Research & Innovation
