

Education Access Annual Report for 2017

Introduction

The following report is an overview of the Educational Access (EA) activities for the calendar year 2017. This report was compiled by the Hawaii Educational Networking Consortium (HENC) as a condition of the Educational Access agreement between ‘Olelo, Community Media and HENC. HENC is an informal consortium of the Hawaii State Dept. of Education (HDOE), the University of Hawaii (UH) and the Hawaii Association of Independent Schools (HAIS) formed in 1999 to jointly manage the formal institutional education access component of the programming that is funded by the cable franchise fees provided by Oceanic Cable and Hawaiian Telecom.

This report is divided into four major sections that include:

Section 1.0 - The Channels and their Programming	Page	x
Section 2.0 - The 2016 Awards	Page	x
Section 3.0 - Funding and Report Summary	Page	x
Section 4.0 - Appendices	Page	x

Section 1.0.0 - The Channels and their Programming

Section 1.1.1 - EA Programming

There are two Educational Access channels on Oahu known as UHTV and TEACH. On Oceanic Cable these channels can be found as digital channels 355 and 356 respectively (QAM channels 46.55 and 46.56). On Hawaiian Telecom TV the UHTV and TEACH channels also can be found on 355 and 356 respectively. The programming reports for these two channels during 2017 can be found in Appendix 1 and 2 of this report.

Programming Hours by Type by Channel	Total Hours of Programming	Hours of Locally Produced Programming	Hours of Repeat Programming
Year	2017	2017	2017
Channel 355 -- UHTV University of Hawaii	8,186	4,013	5,642
Channel 356 -- TEACH HDOE/Video Technology Group	8,082	3,446	3,956
EA Channels Total	16,268	7,459	9,598

In addition, during 2017 the UHTV Video On Demand (VOD) Channel on Oceanic Cable continued to be made available to Oceanic subscribers. This channel is located on Oceanic Cable’s channel 358. In addition to Oahu, this service is also available on Kauai, Maui and Hawaii. This service, known as UHVOD, makes cable classes available on demand 24 hours a

day, seven days a week, during each of the school semesters. Classes are loaded as the semester progresses and each class remains available through finals week. At the end of each semester all programming is cleared from the on-demand channels.

Section 1.1.2 - Other Channel Related Issues

No issues requiring resolution were identified during the reporting period.

Section 2.0 - The 2017 Awards

In the plan for 2017 year, the Hawaii Educational Networking Consortium recommended three core awards for the purpose of developing and delivering educational programming on the Oahu UHTV and TEACH access channels. The purpose of each of the award funds is described in the sections below.

Section 2.1.0 - Award No. 1

Department of Education, Video Production Branch, State of Hawaii

Section 2.1.1 - HIDOE 2017 Annual Award Funding Review

The term of this report is for the year of January 1, 2017 to December 31, 2017. The Educational Access funds awarded to the Extended Learning Opportunities & Student Support, Video Production Branch (VPB) for this calendar year period were \$616,278.30.

Section 2.1.2 - Award No. 1 - HIDOE Annual Review

Core Programming

During 2017 the HIDOE/VPB continued airing the following core programming: A.P. Calculus; A.P. Statistics; Mandarin for Kids K-2; Mandarin for Kids 3-4; Japanese for Kids 3-4; Choices; Voices and Wings; Music Factory K-2; Music Factory 3-4; Exploring the Islands; Artists of Hawaii; Pacific Clues; Arts Smarts; Elements of the Visual Arts, 3-part series; and, Ke Imi Noi, a 10-part series for Hawaiian Immersion students.

New Non-Core Programming

Other non-core programming completed by the VPB during the reporting period include: STEM-Application To Reality: Challenger Center Hawaii (25th anniversary of the DOE learning center and its way of teaching); Solomon Elementary School New Campus (look at the plans for upcoming new campus for Schofield Barracks school); Hickam Elementary School Mentoring Program; OIA Marching Band Festival 2017 at Aloha Stadium; Milken Award winners recap 2017; 2018 Teacher of the Year recap; 2018 Employee & Team of the Year recap; OIA Girls Volleyball Championships recap; OIA Football Championship recap; Graduation ceremonies recap; May Day celebrations; Teacher Appreciation week messages;

New Programming

VPB has acquired the following educational programming during the reporting period:

Nationally: new episodes Ocean Vet Series; new episodes of documentary shorts from the National Science Foundation

Locally: GROW Series (2 episodes; profile of the HIDOE Farm to School pilot program in Kohala, and a look at farming on Oahu); Mālama Honua: Kailua Complex ; Historical Places in Hawaii, new episodes; Artist in Hawaii, new episodes; Ika Piko (mini profiles of Hawaii artists invited to England art show); Kai Piha: Ka‘ahele ma Waikiki (a look at the history of Waikiki and surfing history);

Other Programming

The HIDOE Mililani School Complex continues to air a one-hour production each week during the school year entitled "MOVE" (Mililani Oceanic Video Exploration). VPB added Kauai Complex's Kauai Shining Stars monthly program.

During the review period the VPB and the TEACH channel continued to collect, package and deliver the monthly program *Hawaii Students Digital Showcase* (HSDS). This monthly, student-supplied program was changed to three ½-hour video shows featuring productions from elementary, middle, and high school videos submitted by Hawaii's private and public schools.

Current information regarding the VPB's programming is available via the Internet at the VPB website: <http://www.video.k12.hi.us/programs/tv-schedule>

Section 2.1.3 - HIDOE Supplemental Programming

No new supplemental programming (SP) funds were allotted to the VPB during the reporting period.

Section 2.1.4 - HIDOE Award 2017 Summary

HIDOE provided a total of 8,082 programming hours during the 2017 calendar year.

Section 2.2.0 - Award No. 2

Hawaii Association of Independent Schools (HAIS)

Section 2.2.1 - HAIS 2017 Award Funding Review

The term of this report is for the period from January 1, 2017 to December 31, 2017. The Educational Access funds awarded to the Hawaii Association of Independent Schools for this review period include:

\$102,713.05 - HAIS 2016 core programming funds award.

\$ 58,222.04 - Hawaii School Digital Media (HSDM) grants - 2017-18 school year.

\$160,935.09 - Total funds allocated for review in this report.

Section 2.2.2 - Award No. 2 - HAIS Annual Review

Core Programming

During the reporting period HAIS completed the production of twelve new programs. All of the completed programs have been delivered for scheduling and broadcast on the TEACH channel. Below is a list of the videos completed by HAIS during 2017:

Title	Presenter/Schools/Organizations
Schools of the Future Conference 2016	Mālama Honua Public Charter School Breakout Session
From Schools to Community to Careers: Learning Through STEM	Mauka Lani Elementary, Asia Pacific International School, Windward Community College, Oceanit
From Schools to Community to Careers: Learning Through Planning and Resource Management	Priory School, Ala Wai Elementary School, Iolani School, University of Hawai‘i system, Sierra Club of Hawai‘i, Chaminade University, and Sean Connelly, community architect, artist, planner
From Schools to Community to Careers: Learning Through Food	Le Jardin Academy, Waipahu High School, Mid-Pacific Exploratory (MPX), Windward Nazarene Academy
From Schools to Community to Careers: Learning Through Entrepreneurship	Purple Mai'a, Hawaii Preparatory Academy, Liv Technologies Inc, Box Jelly, Adult Friends for Youth
Schools of the Future Conference 2017: Now That's a Good Question! Questioning for Cognitive Rigor	Erik Francis, Maverick Education, LLC
Schools of the Future Conference 2017: Empathy to Action	Robyn Vierra and Dan Kinzer, Punahou School
Schools of the Future Conference 2017: "I am different- not disabled." Life through the lens of ADHD, a perspective from the neurodiverse Part 1	Ian Hunt, MPI
Schools of the Future Conference 2017: "I am different- not disabled." Life through the lens of ADHD, a perspective from the neurodiverse Part 2	Ian Hunt, MPI
Schools of the Future Conference 2017: Fight Fake News	Michelle Colte, Daniel K Inouye Elementary, Linda Lindsay, Seabury Hall
Passion of Teachers	Priory School, Ala Wai Elementary, Iolani School, Waipahu High School, Waikiki Elementary
Passionate Teachers: How and Why They Do What They Do	Island Pacific Academy, Waipahu High School, Waikiki Elementary

Hawaii Schools Digital Media (HSDM) Grants

During the reporting period HENC approved an additional \$80,000 in funding for the Hawaii Schools Digital Media (HSDM) grants which range in size from \$1,000 to \$3,000 and are awarded to Hawaii public, private, charter and parochial schools to support student video and digital media activities in school video production clubs and courses. These funds are used to develop and expand the capacity of elementary, intermediate and secondary schools to produce video programming appropriate for cablecast on the Educational Access channels, on Public Television’s Hiki No program, and for submission to local and national K-12 video and media

contests. All grant awards are tied to minutes of video programming that will be submitted during the 2017-18 academic year.

As part of this undertaking HAIS promotes and distributes the digital media awards to the schools by providing a mechanism to acquire and submit grant applications for their projects at the start of each school year, and also to submit reports on their grant activities at the end of each academic year. The HENC web site provides HSDM grant fillable forms for these purposes:
<http://www.hawaii.edu/henc/hsdm/>

A total of \$118,500 was awarded to 58 schools, the largest number of awards in the history of the HSDM grants program. Below is a list of the schools that received 2017-18 HSDM awards and the amount of each grant award.

School Name	2017 Award
Aliamanu Middle School	2,000
Ele'ele Elementary School	2,000
Farrington High School	2,500
Fern Elementary School	2,500
Hanalani Schools	2,000
Hawaii Academy of Arts and Science	2,500
Hawaii Preparatory Academy	2,000
Highlands Intermediate School	2,500
Hilo Intermediate School	2,500
Honowai Elementary School	2,500
Ilima Intermediate School	2,000
Iolani School	2,000
Island Pacific Academy	2,000
Ka'ala Elementary School	2,500
Ka Waihona o Ka Na'auao PCS	1,500
Ka Waihona o Ka Na'auao PCS	1,500
Kahakai Elementary School	1,500
Kahakai Elementary School	1,500
Kaimuki High School	2,500
Kainalu Elementary	2,000
Kaiser High School	2,500
Kauai High School	2,000
Keolu Elementary School	2,500
King David Kalakaua Middle School	2,500
Kipapa Elementary School	1,000

Konawaena High School	2,000
Kua o ka La PCS	2,000
Lahainaluna High School	2,500
Ma'ili Elementary School	2,500
Maui Preparatory Academy	2,000
McKinley High School	2,000
Mililani Middle School	2,000
Moanalua High School	2,000
Montessori School of Maui	2,000
Pōmaika'i Elementary	2,500
Pukalani Elementary School	2,500
Stevenson Middle School	2,000
Sacred Hearts Academy	1,500
Sacred Hearts Academy	1,500
Salt Lake Elementary School	1,500
Salt Lake Elementary School	1,500
Samuel Enoka Kalama Intermediate	2,000
SEEQS	2,000
St. Anthony School	2,000
St. Catherine School - Kauai	2,000
St. Joseph Jr-Sr High School	2,000
St. Theresa School	2,000
Trinity Lutheran School	2,000
Waiākea Intermediate School	2,000
Waiakeawaena Elementary School	2,000
Waianae Intermediate School	2,000
Waimea Elementary School	2,500
Waimea Middle PCS	2,000
Waipahu Intermediate School	2,500
Waipahu High School	1,500
Waipahu High School	1,500
Webling Elementary	2,000
West Hawaii Explorations Academy	2,000

The amount of HSDM grant funds awarded for the 2017/18 academic year was \$38,500 more than made available for this purpose during 2016/17. The additional funds for award during the 2017/18 year were available due to the fact that only 31 schools had applied for HSDM grants

during the 2014/16 year and only 39 schools had applied for HSDM grants during the 2015/16 year and, as a result, not all of the \$80,000 in funding provided for HSDM grants in 2014 and 2015 were used during those years.

Other Programming

In addition to the above activities, HAIS once again helped HENC to organize a digital video production “playground” at the 2017 Schools of the Future Conference held at the Hawaii Convention Center on October 26 & 27 and attended by more than 2,100 educators. HAIS, in cooperation with ‘Olelo Community Media, Kamehameha Schools Distance Learning, and Hawaii Public Television, organized and staffed this interactive exhibit area at the conference for an entire day that allowed educators from Hawaii’s public and private schools to learn how to use digital video tools to support classroom activities and after school extracurricular video clubs. Teachers could try their hand at making a short video, as well as learn about the basic equipment that is needed to start a digital media program in their own school.

As an incentive to visit and participate in the “playground”, participants filled out a form for a drawing at the end of the day and three lucky winners received a digital video media kit valued at \$1,000 that was funded as an HSDM grant to that teacher’s school by HENC. The kit included all of the components needed to start up a basic video production program: camera, microphone, tripod, filters, lights, audio and video recording equipment, and other minor items.

One of the key reasons for organizing this digital video playground at the SOTF Conference is to make teachers aware of digital media as both a 21st Century skill set and an academic option for student expression and performance. The playground is also used to advertise and promote the HSDM grants, and is one reason that applications for the HSDM continue to increase.

Section 2.2.3 - HAIS Supplemental Funding

Supplemental funds for educational access in the amount of \$21,777.96 that became available late in the 2016 year were awarded to HAIS for HSDM grants to be awarded during the 2017/18 academic year. In light of this, only \$58,222.04 in 2017 HENC funding was required to meet the \$80,000 budget for HSDM grant awards.

Section 2.2.4 - HAIS Award 2017 Summary

HAIS continues to produce quality video programming. The range of programming includes educational subject matter such as 21st Century teaching & learning, deeper learning strategies, the impact of social media on education, and public-private education partnerships. This year, the programming content expanded to personal narratives relating passion and purpose in learning, aimed at creating a deeper understanding of the interconnectedness of students, schools and community. The HAIS programming is valuable to the Educational Access cable subscriber community as it portrays a different facet for EA. The HAIS videos positively impact the quality of educators, administrators, students and parents of both public and private schools in the State of Hawaii.

HAIS also provides a valuable contribution to the Hawaii Schools Digital Media initiative. HAIS oversees and promotes the digital media program, collects all grant applications, helps to assess

the applications, administers the project financial awards, and helps to maintain the HENC web site at <http://www.hawaii.edu/henc/>

Section 2.3.0 - Award No. 3 University of Hawaii (UH)

Section 2.3.1 - UH 2017 Award Funding Review

The term of this report is for the period from January 1, 2017 to December 31, 2017. The Educational Access funds awarded to the University of Hawaii for this review period were: \$748,337.94.

Section 2.3.2 - Award No. 3 - UH Annual Review

The core of the University of Hawaii programming continues to focus on credit courses that allow students to regularly advance toward an Associate of Arts (AA) degree through a combined use of cable TV, the Internet and interactive television. For current and complete information regarding cable programming for classes leading to an Associates of Arts degree reference: <http://www.hawaii.edu/dlus/cable/prmg.html>

Section 2.3.3 - UH Supplemental Programming

No new supplemental programming (SP) funds were allotted to the UH during the 2017 reporting period.

Section 2.3.4 - UH Award 2017 Summary

The UH continues to develop its long-term plan and objectives for expansion of the Associates of Arts degree with a range of delivery options. During the reporting period UH provided 8,186 hours of programming for the UHTV channel (on Oahu digital 355 and QAM 46.55).

During the reporting period UH staff continued to meet regularly with the various producers and directors of Leeward, Honolulu and Kapiolani Community Colleges to discuss campus needs and to establish a budget for funding and structure a method for long-term scheduling of credit classes. This group also addresses the concerns of each campus and their video producers and instructional designers to allow for the continual improvement in the quality of their cable course offerings.

Section 3.0.0 - Funding and Report Summary

Section 3.1.1 - 2017 Funding Summary

The following is a summary of all funds available and expended from the 2017 Educational Access funds:

TOTAL FUNDING MADE AVAILABLE:

Oceanic Cable EA Funding:	\$1,332,968.71
Hawaiian Telcom EA Funding:	<u>\$ 242,582.62</u>

Total 2017 Educational Access Funding: \$1,575,551.33

EXPENDITURES

Department of Education, State of Hawaii

DOE Core Programming Award: \$616,278.30

Hawaii Association of Independent Schools

H AIS Core Programming Award: \$ 102,713.05

2017/18 Hawaii Schools Digital Media Grants: \$ 58,222.04

Total 2017 H AIS Funding: \$ 160,935.09

University of Hawaii

UH Core Programming Award: \$748,337.94

Educational Access Management Fee: \$ 50,000.00

Total 2017 EA funds accounted for in this report: \$1,575,551.33

Section 3.1.2 - EA Annual Report 2017 Summary

For 2017 the two EA channels provided 16,268 hours of Educational Access programming during the reporting period. More detailed information on these programming hours, as well as a list of programming titles can be found in Appendices 1 and 2 at the end of this report. Also, during 2017, the UHTV Video On Demand (VOD) Channel on Oceanic Cable continued to be made available to Oceanic subscribers on Oceanic Cable’s channel 358 on Oahu, Kauai, Maui and Hawaii.

Finally, the continuing improvement in both of the Educational Access channels would not be possible without the support of ‘Olelo. The Hawaii Educational Networking Consortium would like to thank Sanford Inouye and his excellent team for their continued support of Educational Access programming during 2017.

This report finds the program producing entities and the Educational Access channels to be in full compliance with the terms of Educational Access Agreement signed in 1998. If this is not found to be the case the Senior HENC Program Coordinator, upon request, will attempt to resolve any issues, concerns or conflicts with ‘Olelo and the Department of Commerce and Consumer Affairs (DCCA) relating to the matters covered in this document.
