

Education Access Annual Report for 2018

Introduction

The following report is an overview of the Educational Access (EA) activities for the calendar year 2018. This report was compiled by the Hawaii Educational Networking Consortium (HENC) as a condition of the Educational Access agreement between ‘Olelo, Community Media and HENC. HENC is an informal consortium of the Hawaii State Dept. of Education (HDOE), the University of Hawaii (UH) and the Hawaii Association of Independent Schools (HAIS) formed in 1999 to jointly manage the formal institutional education access component of the programming that is funded by the cable franchise fees provided by Oceanic Cable and Hawaiian Telecom.

This report is divided into four major sections that include:

Section 1.0 - The Channels and their Programming	Page 1
Section 2.0 - The 2018 Awards	Page 2
Section 3.0 - Funding and Report Summary	Page 9
Section 4.0 - Appendices	Page 11

Section 1.0.0 - The Channels and their Programming

Section 1.1.1 - EA Programming

There are two Educational Access channels on Oahu known as UHTV and TEACH. On Oceanic Cable these channels can be found as digital channels 354 and 355 for UHTV and channel 356 for TEACH. On Hawaiian Telecom TV the UHTV and TEACH channels also can be found on 355 (Olelo TEC) and 356 (Olelo TEACH). The programming reports for these channels during 2018 can be found in Appendix 1 and 2 of this report.

Programming Hours by Type by Channel	Total Hours of Programming	Hours of Locally Produced Programming	Hours of Repeat Programming
Year	2018	2018	2018
Channel 354/355 – UHTV University of Hawaii	8,882	2,070	5,091
Channel 356 -- TEACH Hawaii Dept of Education	8,131	4,205	3,926
EA Channels Total	17,013	6,275	9,017

In addition, during 2018 the UHTV Video On Demand (VOD) Channel on Oceanic Cable continued to be made available to Oceanic subscribers. This channel is located on Oceanic Cable’s channel 358. In addition to Oahu, this service is also available on Kauai, Maui and Hawaii. This service, known as UHVOD, makes cable classes available on demand 24 hours a

day, seven days a week, during each of the school semesters. Classes are loaded as the semester progresses and each class remains available through finals week. At the end of each semester all programming is cleared from the on-demand channels.

Section 1.1.2 - Other Channel Related Issues

No issues requiring resolution were identified during the reporting period.

Section 2.0 - The 2018 Awards

In the plan for 2018 year, the Hawaii Educational Networking Consortium recommended three core awards for the purpose of developing and delivering educational programming on the Oahu UHTV and TEACH access channels. The purpose of each of the award funds is described in the sections below.

Section 2.1.0 - Award No. 1

Department of Education, Video Production Branch, State of Hawaii

Section 2.1.1 - HIDOE 2018 Annual Award Funding Review

The term of this report is for the year of January 1, 2018 to December 31, 2018. The Educational Access funds awarded to the Extended Learning Opportunities & Student Support, Video Production Branch (VPB) for this calendar year period were \$630,600.

Section 2.1.2 - Award No. 1 - HIDOE Annual Review

Core Programming

During 2018 the HIDOE/VPB continued airing the following core programming:

- Mandarin for Kids K-2;
- Mandarin for Kids 3-4;
- Japanese for Kids 3-4;
- Choices;
- Hawaii Student Digital Showcase;
- MOVE - Mililani Oceanic Video Exploration;
- Artists of Hawaii;
- Thirst-Artist Profiles;
- Pacific Clues;
- Arts Smarts;
- Ke Imi Noi; and,
- Art Hunter.

New Non-Core Programming

Other non-core programming completed by the VPB during the reporting period include: 90th Anniversary of Lunalilo Elementary School; Proud Public School Graduates; Winward District Lab Cohort; Aliiolani Elementary Morning Mile program; Milken Award winner recap; High School Pele Awards; CTE – Health Services Program; CTE – Construction Career Days; State of the School Address; Hawaiian Hope & Locations PC Donation Event; Music for Life Foundation Event; Future Focus: Hawaii Innovation Initiative Forum; Manoa Elementary School

– Peace Project; 2018 Teacher of the Year recap; 2018 Employee & Team of the Year recap; Graduation ceremonies recap; May Day celebrations; Teacher Appreciation week messages.

New Programming

VPB has acquired the following educational programming during the reporting period:

Nationally: From NBC Learn: Writers Speak to Kids, Human Water Cycle, Science of Innovation, Sustainability: Water

Locally: Ola Na Iwi – 30th Anniversary of the Kula Kaiapuni schools of Hawaiian Immersion; Sounds of Hawaii – Ukeke; Artists in the Schools;

Other Programming

The HDOE Mililani School Complex continues to air a one-hour production each week during the school year entitled "MOVE" (Mililani Oceanic Video Exploration) and Kauai Complex's Kauai Shining Stars monthly program.

During the review period the TEACH channel continued to collect, package and deliver Hawaii Students Digital Showcase (HSDS). This student-supplied, monthly 90 min (three 30 mins shows) video program features productions from elementary, middle, and high school videos submitted by Hawaii's private and public schools, most of which were produced with the assistance of funds from the Hawaii Schools Digital Media grants, also funded by HENC.

Current information regarding the VPB's programming is available via the Internet at the VPB website: <http://www.video.k12.hi.us/programs/tv-schedule> or <http://pw.myersinfosys.com/hetv/week>

Section 2.1.3 - HDOE Supplemental Programming

No new supplemental programming (SP) funds were allotted to the VPB during the reporting period.

Section 2.1.4 - HDOE Award 2018 Summary

HDOE provided a total of 8,131 programming hours during the 2018 calendar year.

Section 2.2.0 - Award No. 2

Hawaii Association of Independent Schools (HAIS)

Section 2.2.1 - HAIS 2018 Award Funding Review

The term of this report is for the period from January 1, 2018 to December 31, 2018. The Educational Access funds awarded to the Hawaii Association of Independent Schools for this review period include:

\$ 105,122 - HAIS 2018 core programming funds award.

\$ 90,000 - Hawaii School Digital Media (HSDM) grants – 2018-19 school year.

\$ 195,122 - Total funds allocated for review in this report.

Section 2.2.2 - Award No. 2 - HAIS Annual Review

Core Programming

During the reporting period HAIS completed the production of ten new programs which cover topics ranging from current education issues to new programs and trends in education. Each film provides insightful narrative and examples of how Hawaii schools are addressing the needs of 21st century learners. Additionally, they serve as excellent resources for both Hawaii families and educators. All of the completed programs have been delivered for scheduling and broadcast on the TEACH channel. Below is a list of the videos completed by HAIS during 2018:

Title	Presenter/Schools/Organizations
The Behavioral Support Plan	Christina Keaulana, Ph.D., Leeward Community College
Navigating Discussions with Parents	Sungalina Lee, Assets School Bekki Diener, Assets School
Leading Schools of the Future: University Presidents Panel Discussion	Dr. David Lassner, University of Hawai‘i Dr. Lynn Babington, Chaminade University John Gotanda, Esq., Hawai‘i Pacific University
Leading Schools of the Future: Funders Panel Discussion	Terry George, Harold K. L. Castle Foundation Pi‘ikea Miller, Hawai‘i Community Foundation Dr. Alfred Castle, Samuel N. & Mary Castle Foundation
Social Emotional Learning in our Schools	St. Andrew’s Schools University Laboratory School Ka‘elepulu Elementary School
SOTF: The First 10 Years	Hawai‘i Community Foundation Hawai‘i Association of Independent Schools Maui Preparatory Academy Island Pacific Academy Assets School Hanalani Schools Hanahau‘oli School ‘Iolani School Hongwanji Mission School Le Jardin Academy Sacred Hearts Academy
Schools of the Future Conference: Using Improvement Science to Prepare School Leaders	Steve Nakasato, State of Hawai‘i Department of Education, Policy, Innovation, Planning, and Evaluation branch Elden Esmeralda, State of Hawai‘i Department of Education, Professional Development Educational Research Institute

Schools of the Future Conference: Fostering Emotional Intelligence in our Classrooms and Schools	Miriam Miller, Yale Center for Emotional Intelligence
Schools of the Future Conference: S + T in STEM: Helping Young Children Investigate and Make Sense of the World Around Them	Tamara Kaldor, TEC Center, Erikson Institute
Schools of the Future Conference: Science Beyond 4 Walls	Claire Mitchell, Hawai'i Baptist Academy Corey Harkins, Farrington High School Jessica Schaefer, University of Hawai'i Joanna Philippoff, University of Hawai'i

Hawaii Schools Digital Media (HSDM) Grants

During the reporting period HENC approved an additional \$90,000 in funding for the Hawaii Schools Digital Media (HSDM) grants which range in size from \$1,000 to \$3,000 and are awarded to Hawaii public, private, charter and parochial schools to support student video and digital media activities in school video production clubs and courses. These funds are used to develop and expand the capacity of elementary, intermediate and secondary schools to produce video programming appropriate for cablecast on the Educational Access channels, on Public Television's Hiki No program, and for submission to local and national K-12 video and media contests. All grant awards are tied to minutes of video programming that will be submitted during the 2018-19 academic year.

As part of this undertaking, HAIS promotes and distributes the digital media awards to the schools by facilitating the grant application process and review each year. Award recipients are also required to submit reports on their grant activities at the end of each academic year. The HENC web site provides HSDM grant fillable forms for these purposes:

<http://www.hawaii.edu/henc/hsdm/>

A total of \$118,000 was awarded to 62 schools, once again the largest number of awards in the history of the HSDM grants program. Below is a list of the schools that received 2018-19 HSDM awards and the amount of each grant award.

School Name	2018 Award
Aliamanu Middle School	2,000
Alvah Scott Elementary School	2,000
Assets High School	1,000
Chiefess Kamakahahei Middle School	2,000
Ewa Makai Middle School	2,000
Farrington High School	2,000
Fern Elemenatary School	2,000
Hanalani Schools	2,000
Hawai'i School for the Deaf and the Blind	1,500
Hawaii Technology Academy	2,000

Hilo Intermediate School	2,000
Honowai Elementary School	1,500
Ilima Intermediate School	2,000
Island Pacific Academy	1,500
Island Pacific Academy	1,500
Island School	2,000
James B. Castle High School	2,000
Kahakai Elementary School	2,000
Kainalu Elementary	2,000
Kalihi Waena Elementary School	2,000
Kanuikapono Public Charter School	2,000
Kapolei High School	2,000
Kealakehe Intermediate School	2,000
King David Kalakaua Middle School	2,000
Kipapa Elementary School	2,000
Kohala Elementary School	2,000
Konawaena High School	2,000
Koolau Baptist Academy	2,000
Kua o ka La PCS	2,000
Kauai High School	2,000
La Pietra Hawaii School for Girls	1,500
Lanai High & Elementary School	2,000
Le Jardin Academy	2,000
Ma'ili Elementary School	2,000
Makaha Elementary School	2,000
Malama Honua Public Charter School	2,000
Manoa Elementary School	2,000
Maui Preparatory Academy	2,000
Maui Waena Intermediate School	2,000
McKinley High School	1,500
Mililani Middle School	2,000
Moanalua High School	2,000
Montessori Hale O Keiki	2,000
Montessori School of Maui	2,000
Queen Ka'ahumanu School	2,000
Sacred Hearts Academy	1,500
Sacred Hearts Academy	1,500

Salt Lake Elementary School	1,500
St. Anthony School	2,000
St. Catherine School - Kauai	2,000
St. Joseph High School	2,000
Stevenson Middle School	2,000
Trinity Christian School	2,000
Voyager Public Charter School	2,000
Waiakea Elementary School	1,500
Waiākea Intermediate School	2,000
Waianae Intermediate School	2,000
Waikiki School	2,000
Waimea Canyon Middle School	2,000
Waimea High School	2,000
Webling Elementary	2,000
West Hawaii Explorations Academy	2,000

The amount of HSDM grant funds awarded for the 2018/19 academic year was \$2,500 less than made available for this purpose during 2017/18. The additional funds for awards during the 2018/19 year were available due to the fact that residual funding was still available from prior years. During the 2014/15 year, only 31 schools applied for HSDM grants and during the 2015/16 year only 39 schools applied. 2017/18 experienced an increase in schools that applied for grant funding, with 58 schools receiving a total of \$118,500. While the total number of schools applying for HSDM grants has increased during both the 2017/18 and 2018/19 years, there will still be residual funding rolled over to the 2019/20 school year.

Other Programming

In addition to the above activities, HAIS once again helped HENC to organize a digital video production “playground” at the 2018 Schools of the Future Conference held at the Hawaii Convention Center on November 3 & 4 and attended by more than 2,100 educators. HAIS, in cooperation with ‘Olelo Community Media, Kamehameha Schools Distance Learning, and Hawaii Public Television, organized and staffed this interactive exhibit area at the conference for an entire day that allowed educators from Hawaii’s public and private schools to learn how to use digital video tools to support classroom activities and after school extracurricular video clubs. The playground provided a hands-on learning opportunity for teachers to make short videos, as well as learn about the basic equipment that is needed to start a digital media program in their own schools.

One of the primary reasons for organizing this digital video playground at the SOTF Conference is to make teachers aware of digital media as both a 21st Century skill set and an academic option for student expression and performance. The playground is also used to advertise and promote the HSDM grants, and is one reason that applications for the HSDM continue to increase.

Section 2.2.3 - HAIS Supplemental Funding

There was no supplemental funding during this reporting period.

Section 2.2.4 - HAIS Award 2018 Summary

HAIS continues to produce quality video programming. The range of programming includes educational subject matter such as 21st Century teaching & learning, social and emotional learning, assessment strategies, public-private education partnerships and topics in early childhood education. Many of the films aim to incorporate narratives that create deeper understanding of the interconnectedness between students, schools and community. The HAIS programming is valuable to the Educational Access cable subscriber community as it portrays a different facet for EA. The HAIS videos positively impact the quality of educators, administrators, students and parents of public, charter and private schools in the State of Hawaii.

HAIS also provides a valuable contribution to the Hawaii Schools Digital Media initiative. HAIS oversees and promotes the digital media program, collects all grant applications, helps to review and assess applications, administers the project financial awards, and helps to maintain the HENC web site at <http://www.hawaii.edu/henc/>

Section 2.3.0 - Award No. 3 University of Hawaii (UH)

Section 2.3.1 - UH 2018 Award Funding Review

The term of this report is for the period from January 1, 2018 to December 31, 2018. The Educational Access funds awarded to the University of Hawaii for this review period were: \$765,660.00.

Section 2.3.2 - Award No. 3 - UH Annual Review

The core of the University of Hawaii programming continues to focus on credit courses that allow students to regularly advance toward an Associate of Arts (AA) degree through a combined use of cable TV, the Internet and interactive television. For current and complete information regarding cable programming for classes leading to an Associates of Arts degree reference: <http://www.hawaii.edu/dlus/cable/prmg.html>

Section 2.3.3 - UH Supplemental Programming

No new supplemental programming (SP) funds were allotted to the UH during the 2018 reporting period.

Section 2.3.4 - UH Award 2018 Summary

The UH continues to expand the Associates of Arts degree with a range of delivery options. During the reporting period UH provided 8,882 hours of programming for the UHTV channels (on Oahu digital 354, 355 and 358). Most of this programming is also available on neighbor island channels that carry UHTV.

During the reporting period UH staff continued to meet regularly with the various producers and directors of Leeward, Honolulu and Kapiolani Community Colleges to discuss campus needs and to establish a budget for funding and structure a method for long-term scheduling of credit

classes. This group also addresses the concerns of each campus and their video producers and instructional designers to allow for the continual improvement in the quality of their cable course offerings.

Section 3.0.0 - Funding and Report Summary

Section 3.1.1 - 2018 Funding Summary

The following is a summary of all funds available and expended from the 2018 Educational Access funds:

TOTAL FUNDING MADE AVAILABLE:

Oceanic Cable EA Funding:	\$1,366,293.00
Hawaiian Telcom EA Funding:	<u>\$ 275,089.00</u>

Total 2018 Educational Access Funding: \$1,641,382.00

EXPENDITURES

Department of Education, State of Hawaii

DOE Core Programming Award:	\$630,600.00
-----------------------------	--------------

Hawaii Association of Independent Schools

HAIS Core Programming Award:	\$ 105,122.00
2018/19 Hawaii Schools Digital Media Grants:	<u>\$ 90,000.00</u>
Total 2018 HAIS Funding:	\$ 195,122.00

University of Hawaii

UH Core Programming Award:	\$765,660.00
----------------------------	--------------

Educational Access Management Fee: \$ 50,000.00

Total 2018 EA funds accounted for in this report: \$1,641,382.00

Section 3.1.2 - EA Annual Report 2018 Summary

For 2018 the two EA channels provided 17,013 hours of Educational Access programming during the reporting period. More detailed information on these programming hours, as well as a list of programming titles can be found in Appendices 1 and 2 at the end of this report. Also, during 2018, the UHTV Video On Demand (VOD) Channel on Oceanic Cable continued to be made available to Oceanic subscribers on Oceanic Cable’s channel 358 on Oahu, Kauai, Maui and Hawaii.

Finally, the continuing improvement in both of the Educational Access channels would not be possible without the support of ‘Olelo. The Hawaii Educational Networking Consortium thanks

Sanford Inouye and his excellent team for their continued support of Educational Access programming during 2018.

This report finds the program producing entities and the Educational Access channels to be in full compliance with the terms of Educational Access Agreement signed in 1998. If this is not found to be the case the Senior HENC Program Coordinator, upon request, will attempt to resolve any issues, concerns or conflicts with ‘Olelo and the Department of Commerce and Consumer Affairs (DCCA) relating to the matters covered in this document.
