

# Education Access Annual Report for 2022

## Introduction

The following report is an overview of the Educational Access (EA) activities for the calendar year 2022. This report was compiled by the Hawaii Educational Networking Consortium (HENC) as a condition of the Educational Access agreement between ‘Olelo, Community Media and HENC. HENC is an informal consortium of the Hawaii State Dept. of Education (HDOE), the University of Hawaii (UH) and the Hawaii Association of Independent Schools (HAIS) formed in 1999 to jointly manage the formal institutional education access component of the programming that is funded by the cable franchise fees provided by Spectrum Cable and Hawaiian Telecom.

This report is divided into four major sections that include:

<b>Section 1.0 - The Channels and their Programming.....</b>	<b>Page 1</b>
<b>Section 2.0 - The 2022 Awards.....</b>	<b>Page 2</b>
<b>Section 3.0 - Funding and Report Summary.....</b>	<b>Page 7</b>
<b>Section 4.0 - Appendices.....</b>	<b>Page 10</b>

## Section 1.0.0 - The Channels and their Programming

### Section 1.1.1 - EA Programming

The following table summarizes the programming activities during 2022 for the two Educational Access channels on Oahu known as UHTV and TEACH. On Oceanic Cable these channels can be found on digital channels 355 and 356 respectively (QAM channels 46.55 and 46.56). On Hawaiian Telcom the TEACH channel is 356 and UHTV is 355.

Programming Hours by Type by Channel	Total Hours of Programming	Hours of Locally Produced Programming	Hours of Repeat Programming
Year	2022	2022	2022
<b>Channel 355 -- UHTV University of Hawaii</b>	8,666	1,771	6,475
<b>Channel 356 -- TEACH HIDOE/Video Production Branch</b>	8,611	3,698	4,305
<b>EA Channels Total</b>	17,277	5,469	10,780

### **Section 2.1.4 - HIDOE Supplemental Programming Funds**

No new supplemental programming (SP) funds were allotted to the Video Production Branch during the reporting.

### **Section 2.1.5 - HIDOE Award Annual Summary**

This report shows a total of 8,611 programming hours were provided by the HIDOE during this annual review period. No failings or shortcomings were observed during the reporting period.

Current information regarding the HIDOE's programming is available via the Internet at <http://proweb.myersinfosys.com/hetv/week>

### **Section 2.2.0 - Award No. 2**

#### **Hawaii Association of Independent Schools (HAIS)**

#### **Section 2.2.1 - HAIS 2022 Award Funding Review**

The term of this report is for the period from January 1, 2022, to December 31, 2022. The Educational Access funds awarded to the Hawaii Association of Independent Schools for this review period include:

\$ 105,595.49 - HAIS 2022 core programming funds award.

\$ 80,000.00 - Hawaii School Digital Media (HSDM) grants – 2022-23 school year.

\$ 185,595.29 - Total funds allocated for review in this report.

### **Section 2.2.2 - Award No. 2 - HAIS Annual Review**

The Hawaii Association of Independent Schools completed a series of six videos that address Pandemic takeaways and post-Pandemic recovery. 2022 marked the third year of living in a global pandemic. While much of the world around us returned to some semblance of normalcy, educators have found themselves confronted with increased signs of depression, stress, and agitation.

The videos produced focused on student mental health and wellness, as well as strategies for engaging students, and aim to highlight student stories of self-discovery as they reflect on their emotions and explore creative expressions to release them. The goal of this year-long video project was to document how students engage with their emotions and stress. Additionally, the project explored how students find their voice by expressing and releasing what they're feeling, while identifying how that process provides the space and freedom to enjoy learning.

### **Hawaii Schools Digital Media (HSDM) Grants**

During the reporting period HENC approved an additional \$80,000 in funding for the Hawaii Schools Digital Media (HSDM) grants which range in size from \$1,000 to \$4,000 and are awarded to Hawaii public, private, charter and parochial schools to support student video and digital media activities in school video production clubs and courses. These funds are used to develop and expand the capacity of elementary, intermediate, and secondary schools to produce video programming appropriate for cablecast on the Educational Access channels, on Public Television's Hiki No program, and for submission to local and national K-12 video and media contests. All grant awards are tied to minutes of video programming that will be submitted during the 2022-23 academic year.

As part of this undertaking, HAIS promotes and distributes the digital media awards to the schools by facilitating the grant application process and review each year. Award recipients are also required to submit reports on their grant activities at the end of each academic year. The HENC web site provides HSDM grant forms for these purposes: <http://www.hawaii.edu/henc/hsdm/>

A total of \$84,000 was awarded to 23 schools. This represents about half of the normal number of awards, which is a result of the significant disruption to academic programming caused by the recent pandemic. Below is a list of the schools that received HSDM awards for the 2022/23 academic year and the amount of each grant award.

<b>2022 Awards</b>	<b>School Name</b>

**Section 2.2.3 - HAIS Supplemental Funding**

No Supplemental Funds award was made to HAIS during the reporting period.

**Section 2.2.4 - HAIS Award Annual Summary**

HAIS produced quality programming during the reporting period. The range of its programming included subject matter on current education issues and concerns, with the primary focus being the emotional toll the pandemic has taken on students. Through the lens of mental wellness, the films provide an insightful reflection of how students are coping with and expressing their lived experiences. HAIS successfully completed its planned goal of six videos during the grant year.

The Hawaii Association of Independent Schools' programming is valuable to the Educational Access cable subscriber community. The HAIS videos positively impact and serve as a learning resource for educators, administrators, students and parents.

**Section 2.3.0 - Award No. 3  
University of Hawaii (UH)**

**Section 2.3.1 - UH 2022 Award Funding Review**

The term of this report is for the period from January 1, 2022, to December 31, 2022. The Educational Access funds awarded to the University of Hawaii for this review period were: \$769,338.64.

**Section 2.3.2 - Award No. 3 - UH Annual Review**

The core of the University of Hawaii programming continues to focus on credit courses that allow students to regularly advance toward an Associate of Arts (AA) degree through a combined use of cable TV, the internet and interactive television.

**Section 2.3.3 - UH Supplemental Programming Funds**

The UH received no additional Supplemental Programming funds during the reporting period.

**Section 2.3.4 - UH Award Annual Summary**

The UH continues to implement its long-term plans and objectives for the continual refinement of Associate of Arts degree programs with a range of delivery options.

The UH staff continue to meet regularly with the producers/directors of the various University of Hawaii Community Colleges to discuss collective needs and to establish a budget for the funding and to structure a method for long term scheduling of credit classes. This group also addresses the concerns of each campus and its video producers and instructional designers to allow for the continual improvement in the quality of their cable course offerings.

**Section 3.0.0 - Funding and Report Summary**

**Section 3.1.1 - Funding Summary**

The following is a summary of all funds available and expended from the 2022 Educational Access funds:

**Total 2022 Educational Access Funding: \$1,638,507.13**

**CURRENT EXPENDITURES**

**Department of Education, State of Hawaii**

**University of Hawaii**

Core Programming Award: \$769,338.64  
Supplemental Programming Funds: \$ 0.00  
UH Award during reporting period: \$769,338.64

**Educational Access Management Fee:** \$ 50,000.00

**Total 2022 EA Funds accounted for in this report:** **\$1,638,507.13**

**Section 3.1.2 - EA Annual 2022 Report Summary**

The Oahu Cable franchise of Hawaiian Telcom fees are paid to ‘Olelo on an incremental basis during the calendar year, and, as a result, HENC receives this portion of its funding on a retroactive basis - that is, based upon actual funds paid to ‘Olelo from the previous 12-month period. This allows HENC to budget on known funds paid to the PEG provider. For 2022 the fees are for the period of January 1, 2021, through December 31, 2021.

This report finds that the combined two channels provided at least 17,277 hours of Educational Access programming during 2022. More detailed information on these programming hours can be found in Appendix 1 and 2 at the end of this report.

The continuing improvement in the Educational Access channels would not be possible without the continuing support of ‘Olelo. The Hawaii Educational Networking Consortium once again thanks the ‘Olelo team for its continued support of Educational Access programming during 2022, and for its assistance in promoting the Hawaii Schools Digital Media grants to local public, charter, independent and parochial schools, as well as in providing training in video production for Hawaii’s public and private school teachers.

This report finds the program producing entities and the Educational Access channels to be in full compliance with the terms of Educational Access Agreement signed in 1998. If this is not found to be the case, the HENC Senior Program Coordinator, upon request, will attempt to resolve any issues, concerns or conflicts with ‘Olelo and the Department of Commerce and Consumer Affairs relating to the matters covered in this document.
