Agenda

- HIPAA is a “TEAM SPORT” and everyone has a role in protecting protected health information (PHI).

- Purpose of the UH HIPAA Policy

- Objectives of the UH HIPAA Policy

- General Requirements and practices

- Roles and responsibilities

- Policies and procedures
UH HIPAA Policy Purpose

- Ensure that the University of Hawai‘i (the “University”) complies with the Health Insurance Portability and Accountability Act of 1996, as amended by the American Recovery and Reinvestment Act of 2009 (“ARRA”), which included the Health Information Technology for Economic and Clinical Health Act (“HITECH”) that expanded the scope of privacy and security protections, and by the implementing regulations at 45 Code of Federal Regulations (“CFR”) Parts 160, 162 and 164, as amended (collectively referred to as “HIPAA”).
UH HIPAA Policy Objectives

- Establish University System-wide policies and procedures to:
  - Designate the University as a Hybrid Entity
  - Establish fundamental principles governing the University’s management and use of Protected Health Information (“PHI”)
  - Establish a set of standardized terms and definitions to promote consistent interpretation and implementation of the University’s HIPAA Policy.
  - Establish clear lines of authority and accountability related to PHI.
  - Set forth best practices for HIPAA compliance with the ongoing objectives of:
    - Identifying University units and subunits (and their activities) that are subject to HIPAA
    - Managing and mitigating information privacy and security risks related to PHI.
General requirements and practices
