Tentative Implementation Strategy

Goal: Full migration to new LMS for all courses by **Fall 2025**

Spring 2024 Jan - Mar	Summer 2024 Apr - Jul	Fall 2024 Aug - Dec	Spring 2025 Jan - May	Summer 2025 May - Jul
Implementation planning	**Sandbox environment & summer pilot**	**Cohort 1 Migration**	**Cohort 1 Implementation / Cohort 2 Migration**	**Transition to Laulima archive, and new LMS full implementation**
Architecture, network, security, data strategy, technical migration and SIS integration, support structure. Recruit summer pilot.	Sandbox environment of the LMS open to all faculty, introductory training videos for faculty & students, voluntary cohort of summer classes offered as pilot.	Units opting for cohort 1 content migrated in Fall 2024, Spring 2025 course shells open, all courses taught in new LMS Spring 2025.	Units opting for cohort 2 content migrated in Spring 2025, course shells open, all courses taught in new LMS Summer or Fall 2025.	Review Spring 2025 implementation. Most summer 2025 courses taught in new LMS. Laulima archived. All courses taught in new LMS by Fall 2025.
