Come and participate in vigorous discussion on the next steps Hawai'i needs to take to achieve our clean energy objectives!

Session 1: 2010 Legislature & Beyond

Selected legislators and administrators will discuss the outcomes of the 2010 Legislature, along with topics essential to the Hawai'i's clean energy initiatives.

Sen. Mike Gabbard, *Hawai'i State Legislature*
Rep. Hermina Morita, *Hawai'i State Legislature*
Ted Peck, *Hawai'i State DBEDT*
Jeff Mikulina, *Blue Planet Foundation*

Session 2: State of the Industry

Through video and live discussion, representatives from local energy companies will be discussing the challenges they face and will provide insights on solutions.

Video: Energy Industry Pacesetters *featuring companies advancing the industry*
Karl Stahlkopf, *Kairos Energy Capital*

Session 3: Leaders on Realizing Our Energy Initiatives

Local political and military leaders will comment on what they would do to address challenges and build upon the 2010 Legislative Session to realize Hawai'i's clean energy initiatives.

Fr. Congressman Neil Abercrombie
Lt. Governor James "Duke" Aiona
Col. Robert Rice, *Kaneohe Marine Corps Base Hawaii*

Pau Hana Power Party

Please join us for pūpū and networking with energy pacesetters at "Meet the Experts" tables.

Co-sponsors: Hawai'i Energy Policy Forum, Hawai'i State Department of Business, Economic Development & Tourism
Blue Planet Foundation, Hawaiian Electric Company, Think Tech Hawai'i and University of Hawai'i Outreach College.
