
Summary of Testimonies Objecting to UH Acting on Issues Related to Mauna Kea during the Covid-19 Crisis

Healani Sonoda-Pale <healanipale@gmail.com>
To: bor.testimony@hawaii.edu

Wed, May 20, 2020 at 11:28 AM

Aloha Board of Regents,

I am sending you a summary of the 2355 testimonies submitted objecting to the University of Hawai'i Board of Regents acting on issues related to Mauna Kea during the Covid-19 crisis.

Unfortunately because of the high volume of testimonies received via this form, the program capped the number of notifications and emails sent to you and will be sending you the hundreds of emails you have yet to receive at the end of today.

The 2355 testimonies were submitted via the form by 10:30 am and should not be counted as late. On the spreadsheet is the forms timestamp as well as comments from individuals.

Of the 2355 testimonies received 1400 were from Kanaka Maoli and 711 of them were from non-Kanaka Maoli. There were 482 testimonies sent from UH Alumni, 374 from UH students, and 77 from UH staff and faculty.

I've attached the submission report as well.

Please feel free to contact me at 808-372-2512 if you have any questions. I hope you will heed the voices of your constituents and the community.

Sincerely,

M. Healani Sonoda-Pale

| Date | My name is-First | My name is-Last | I am-Kanaka Maoli aka Native Hawaiian | I am-non-Kanaka Maoli aka non-Native Hawaiian | Other value | I am a UH-Staff or Faculty | I am a UH-Student | I am a UH-Alumni | Other value | My email is | I reside at | I object to the UH Board of Regents moving forward with Mauna Kea restructuring and management plans (Agenda Item VII. b) for the following reason(s):-1. The proposed change of Mauna Kea governance within the UH structure has not been shared with the larger community, including the Hawai'i Island community where Mauna Kea exists. There has been very little opportunity for the community to hear the explanations and provide input. | I object to the UH Board of Regents moving forward with Mauna Kea restructuring and management plans (Agenda Item VII. b) for the following reason(s):-2. Holding BOR meetings where decisions and discussions on Mauna Kea are taking place in the midst of the Covid-19 crisis shows a lack of good faith and transparency on the part of the UH especially since Mauna Kea is a hot topic and the laws that govern Sunshine laws have been lifted. The intent of lifting the Sunshine laws was to allow government entities to continue working during the quarantine period. The intent was not to eliminate community opportunities to provide in person testimony and engage in back and forth discussions with decision makers. | I object to the UH Board of Regents moving forward with Mauna Kea restructuring and management plans (Agenda Item VII. b) for the following reason(s):-3. Of the four Mauna Kea management models being proposed, only Model 3 moves the University out of the central command and decision-making process for Mauna Kea. It is the only option which would address the serious issues brought forth in the various State Auditor reports. Going forth with restructuring the UH internally to streamline management (including enforcement) of Mauna Kea, makes it clear that UH was never seriously considering taking itself out of the picture. Furthermore Model 3 should be a discussion at the Board of Land and Natural Resources and not before the UH Board of Regents. This option needs to be discussed more fully in the community as well. | I object to the UH Board of Regents moving forward with Mauna Kea restructuring and management plans (Agenda Item VII. b) for the following reason(s):-4. There is no model comparison or full evaluation of all the various options proposed in the report. It appears the BOR is being asked to consider only one option – 4a which would not only be expedient to implement (since it does not require legislation) but would allow UH to maintain land authorizations (occupancy use, rights and privileges). | Additional Comments: |

| 2020-05-20 08:49:45 | Matthew | Ing | yes | no | no | yes | no | yes | no | | Honolulu, HI | yes | yes | yes | yes | decision to disregard Sunshine Law and opt for opaque decision making. As a public institution of knowledge, transparency of process should be paramount. If UH had any hope that the Maunakea Management Plan could serve any role in community healing or compromise, those hopes are now thrown out the window as a result of this private process. This document is now clearly a one-sided declaration of a monolith's intent to move forward in disregard of public concern. I don't believe this is UH's intent. My concern regarding process is indicative of public concerns that stated concessions, regarding removal of structures and restoration of land, will be similarly disregarded, as has been the case with multiple Mauna Kea Management Plans in iterations past, as verified by the State Auditor. Passing this plan during the pandemic would be a slap in the face to the public and a strong signal that UH has given up on previously stated objectives for reconciliation. I love this school, and we still have a chance to do the right thing. I strongly recommend UH delay discussion and voting on the proposed Plan until full public transparency is restored, after the executive order is lifted. Even while the executive order technically allows certain public transparency measures so essential to public trust and accountability to be disregarded, UH has a moral obligation to transparency. We take |

A suggestion is using zoom to deliver and listen to testimonies. The Maunakea Management Restructuring Plan should be shared with the public and be shown to adapt some changes before decisions are made. |

| 2020-05-20 08:07:22 | Maluhia | Stoner | yes | no | no | yes | yes | no | no | mckstoner@hawaii.edu | Hana, Maui | yes | yes | yes | yes | As a Native Hawaiian and a member of the UH staff and student body, I demand that the entity I represent, UH, takes my opinion and the opinion of a majority of my peers into serious consideration. I do not condone the exploitation of my natural resources and/or the exploitation of our sacred lands. Native Hawaiians demand and deserve all rights to lands seized by the illegally occupying United States government. The Native Hawaiian majority has done everything in its power to peacefully resist forceful, violent, and illegal occupancy of Crown/sacred Lands. Your failure at successful diplomacy and negotiations through your refusal to make any significant compromises signifies the irrational and tyrannical condition of our UH leadership. I respectfully demand as a Native Hawaiian Prisoner of War, and as a hopefully valued member of the UH staff, that all members of the UH Board of Regents resign from their positions. You are no longer a valued member of UH. |

The basis of your claim to build a telescope comes from our desires to learn and educate however, at what expense? What is the value of this enormous structure if it requires uprooting millennia of traditions, values and teachings. Science is supposed to propel us forward without damaging culture and ancient traditions. There is respect. Please respect this land and the people that originally settled here, native Hawaiians. This sends the wrong message entirely. We are living in a world where we no longer make space for underserved populations when there is gain to be made at their expense. Be better. Be the example of how higher education serves everyone. Maluna a'e o nā lāhui a pau ke ola ke kanaka (Above all nations is humanity) This is your slogan. Stand by your words. |

This topic has been a cause of stress and strife among the Kanaka Maoli and non-Kanaka Maoli who support the legitimacy of their claims. The lack of appropriate response, transparency and respect from the UH board is egregious. The TMT project is better served elsewhere since UH Board of Regents has mismanaged the lands they have trust over. Previous telescopes that have been decommissioned still litter the summit of Mauna Kea, with no plans for dismantling. Further proof of UH's mismanagement. This issue is about continued violation of the stewardship of sacred and indeed all Kanaka Maoli land. I must stand in solidarity with the Kanaka Maoli against the TMT project, continued UH Board of Regents management of any Trust lands and UH Board of Regents continued abuse of power. |

You have proven to be unworthy by your mismanagement and desecration of MaunaKea 13 times already! You never held the true authority to "manage" Maunakea nor any other Hawaiian lands. It is abhorrent that you would consider voting on this plan during this global pandemic. Have you any moral values? Your presence has been nothing but abusive to MaunaKea and to all who hold Hawai'i sacred. This yet another example of your lack of moral behavior. Management of MaunaKea belongs to the native Hawaiians protecting the Mauna now and forever. We will not go away, we Kū Kia'i Mauna! |
| 2020-05-20 03:52:40 | Kamakakēhau | Fernandez | no | yes | no | no | no | no | yes, Hawai | no | kamakakehaufernandez@ | Honolulu | yes | yes | yes | yes | As someone raised out here in Hawai'i, it has always been in my best interest to stand for what is right... To desecrate the land by placing something foreign on it, is like taking a knife to the body. The land is our protector wether one can visually see it or not. "He Ali'i Ka 'Āina, He Kauā Ke Kanaka" Hawaiian prover that has been shared by our wise kūpuna who knew and understood the land just as people of native ancestral ties do... It says, "Land is chief, and we the people are it's slave" so why dose one feel the need to do something out of pride just to say they did something while in the house. A'OLE!!!! HEWA!!! I humbly ask for you to stop, think about the 'aina and what you really would be damaging... |

Holding meetings and discussions pertaining to Mauna Kea during this pandemic not only shows a lack of transparency but also a lack a respect for the community who should be able to participate without fear of contracting Covid-19. Furthermore, holding meetings in a time that the UH BOR understands will limit community participation, reveals the absence of support from said community. |

| 2020-05-19 22:50:00 | Maliauluika | Gentry | yes | no | no | no | no | yes | no | makakupu@yahoo.com | Kailua-Kona | yes | yes | yes | yes | The renewal of UH's oversight of the mountain is not in keeping with the years of mismanagement for the past 30+ years. Further, a decision of this magnitude should be open to the public, during a time when testifying would not risk the health of the community. Mauna Kea is sacred, or set apart as a place that is culturally and spiritually important to many Hawaiians and to vote on the managment of such a culturally important site without input from Hawaiians is wrong. I am a retired Archaeologist and Kanaka Maoli. I oppose the building of TMT on the mountain, and the renewal of UH's lease on Mauna Kea. I also oppose the scheduling of this meeting during a worldwide pandemic, when public input cannot be obtained. |

| 2020-05-19 22:09:28 | Jared | Perez | no | yes | no | no | no | no | yes | no | jared.w.perez@gmail.com | Honolulu, O | yes | yes | yes | yes | I am an alumni of the Myron B. Thompson school of social work and I am requesting that the UH Board of Regents halt any restructuring and management plans at this time. Discussions being held amidst a global pandemic in which Kanaka Maoli community members and other interested parties are not able to actively engage in without jeopardizing their health is inconsiderate at best. If the indigenous people of this land cannot be provided with a safe opportunity to participate in conversations with The University of Hawai'i regarding Mauna Kea, then the university will be acting in direct conflict with its mission. I am respectfully calling for The UH Board of Regents to act with integrity, transparency, and aloha 'Aina during this challenging time and postpone any further discussions until the health and well-being of all interested persons can be guaranteed. |

| 2020-05-19 21:50:36 | Rosa | Motta | no | no | yes, Maoli Hawaii | no | no | yes | no | | Hoku'ula, HI | yes | yes | yes | yes | The people of Hawai'i have taken the kuleana of managing the lands of Hawai'i into our own hands. Mauna Kea is not a commodity, it is not up for ownership, or exploitation; Mauna Kea is the pillar of the people of Hawaii, showing us to stand tall, and making sure that we always know where home is. The time has come for the University of Hawai'i to relinquish the privledge of management of Mauna a Wākea, and restore her integrity and honour by restoring the management of Mauna Kea to the Lāhui Hawai'i; it is strongly advised to do so graciously, as it would be in the best interest of maintaining the dignity and honour f the University of Hawai'i. |

| 2020-05-19 21:44:10 | Shannon | Rudolph | no | yes | no | no | no | no | no | yes, emp | shannonkona@gmail.com | Holualoa, HI | yes | yes | yes | I am a 37 year Hawai'i Island resident who has been following the Mauna Kea issues for a good 20 years. What you've got up there is a big fat rat's nest, to put it in plain language. To try to rush through yet another management/restructuring plan during a pandemic with little public participation is disgusting and reeks of taking advantage of people's stress & distraction in a crisis - and nearly every long time Hawai'i resident that I know feels the same way. Please stop this farce. The mauna has been mismanaged for 50 years, postponing this meeting for a couple of months is not going to matter at all. If nearly 1000 testimonies were submitted on short notice to oppose Chris Yuen's re-appointment, I'd say that's a gauge to remind you, many Hawai'i residents are paying attention to the machinations of UH and Mauna Kea. Shutting out the public is undemocratic and will invite more lawsuits - with taxpayers on the hook, once again. Let cooler heads prevail & re-schedule this meeting until the virus is fully under control and residents can participate. |

| 2020-05-19 21:09:24 | Bronson | Azama | yes | no | no | no | yes | no | no | bazama02@gmail.com | Kaneohe, O | yes | yes | yes | yes | The university of Hawai'i at Mānoa has revealed itself through the TMT crisis and now the COVID-19 crisis to be incapable of proper stewardship of Mauna A Wākea. Simply being opportunistic to hold meetings in a time where the public is in no capacity to be able to extensively research this issue. I have deep distaste for how the University has run their processes with the public, often times ignoring the plea for justice of our 'Āina. I would has that this meeting be postponed for a later decision when The COVID crisis is no longer an issue. I would also request that during this interim time that the University of Hawai'i improve its plans by looking to decentralize it's control of the mountain transferring it's control to an entity that best suits the public's interests. |

| 2020-05-19 20:52:55 | Sara | Kahanamoku | yes | no | no | no | no | no | no | no | | Waialua, C | yes | yes | yes | yes | Kanaka maoli have been tokenized as "consultants" throughout the Maunakea management restructuring process. If UH claims to be an "aloha 'āina" university, it must defer to kanaka maoli leadership on the management of 'āina. This process blatantly disregards the wishes and needs of the Hawaiian community, as well as disregards the rights of indigenous people to determine what happens to their homelands. |

You have plenty of time to do so between now and 2033 when the community is not on lockdown. Do the right thing and postpone this decision now. Hold public hearings after the threat of Covid 19 has passed. |

| 2020-05-19 18:48:24 | Megan | Yarbrough | yes | no | no | no | no | no | yes, Future student | | Portland, O | yes | yes | yes | yes | By allowing management plans to move forward with the Mauna Kea reconstruction would only open more doors to the destruction of native lands. This problem has been happening for way to long, events like these have always been overlooked. Finally a native movement has garnered international attention, the government still continues to undermine Native lands during a time of weakness when the people cannot protest their opinion. Although the state of Hawaii is illegally occupied, the local government is still a democracy and is supposed to listen to the voices of the people. To strike when the people cannot represent themselves is underhanded and shows how cowardly and corrupt this system has become. |

| 2020-05-19 17:57:32 | Pahnelopi | Mckenzie | no | yes | no | no | yes | no | no | no | | makawao | yes | yes | yes | yes | It s so shameful to see UH holding these meeting when people cannot be part of the conversation. There are so many things wrong with this. You each on the board know that this is wrong. This does not set an example what you say UH represents. The management of Mauna Kea belongs to the people not to UH. These meetings should not be in session unless you figure out a way that all people can have equal voice to all of these matters. Do not make meetings and decisions based on greedy beneficial disenfranchisement and beneficial use of a global pandemic to do dirty dishonest work. Shame on you for even trying to move forward. |

| 2020-05-19 17:33:08 | Kiana | Perreira-Keawekane | yes | no | no | no | yes | no | no | kianapk@hawaii.edu | Hilo, Hawaii | yes | yes | yes | yes | states: As the only provider of public higher education in Hawai'i, the University embraces its unique responsibilities to the indigenous people of Hawai'i and to Hawaii's indigenous language and culture. To fulfill this responsibility, the University ensures active support for the participation of Native Hawaiians at the University and supports vigorous programs of study and support for the Hawaiian language, history and culture. I bring my family, my friends, and my classmates to your meetings so that we can express our concerns; my grandmother once wept before you in a way I've never seen, and you ignore us - over and over again, as if we do not exist. The Board of Regents as a unit has openly ignored the concerns of indigenous students, faculty, staff, and principle in matters that concern the management of Mauna Kea. As a student, choosing to continue my endeavors toward higher education is difficult because in the things that matter most to my safety and well-being, I feel insignificant and ignored by the schools administration. Here, you are given yet another opportunity to abide by Chapter 4-1 of the BOR policy and seriously consider the concerns of native students and principle over that of visitors and foreign scientists. I object to the UH Board of Regents moving forward with Mauna Kea restructuring and management plans (Agenda Item VII. b). |

Further, stop creating inappropriate contracts with false corporations founded by the occupying corporation, The United States of America. This a grave miscarriage of justice. The Department of Hawaiian Homelands and every other created corporations formed by America is not the rightful and legal representatives of the Kanaka Maoli shoes rights are in the land and the Hawaiian Subjects, whose responsibility is to obey the Hawaiian Kingdom Laws. Please Stop! Cease and Desist! |

As a California taxpayer I strongly oppose the limited funding available to be used for the TMT project. Lastly, the TMT project is causing an astronomical amount of historical trauma for Native Hawaiians. Please know that your decision to continue this project further traumatizes indigenous peoples. I urge you to divest immediately. |

| 2020-05-19 16:17:34 | AaRoN | Pryer | no | yes | no | no | no | no | no | aaron.pryer@yahoo.com | Honolulu, | yes | yes | yes | I Believe that the buliding of The Thirty Meter Telescope is desecration to Native Hawaiian SACRED Land. I also believe that meetings around this project wich exclud the community access to engage & participate is wrong. Due the COVID-19 Challenge I believe this shows that The Boards are purposely excluding the Native Hawaiian & Community input. (A huge lack of Transparency. I Believe the land belongs to The Native Hawaiians. Not only do they hold the TRUE leases of their land they should most definitely be the ones to participate in "Discusions"about this topic. I feel that it is wrong to have meetings without the input of Native Hawaiians or The concerned Community. There should be more Transparency on how things are moving forward as well as inclusion. MAHALO. |

It is clear that the native Hawaiian community has been hurt by the management of Mauna Kea, and true changes have not been considered or executed. A sacred place for the people of Hawaii, this mountain should be treated in a way that the host culture appreciates, which seems to be by removing the telescopes on the mountain. It may be a loss for science, but it will be a big step in supporting Hawaii, the Hawaiian culture, and being an institution of Hawaiian learning. |

I am

I am a UH

I object to the UH Board of Regents moving forward with Mauna Kea restructuring and management plans (Agenda Item VII. b) for the following reason(s):
