Your Testimony/Comments

Aloha,

I think that it is important to foster regular in-depth communication so as to make sure that our board regents have the opportunity to fully educate themselves about the issues they discuss. If we did this, it would give our board regents to craft proposals that would better reflect and serve the needs of our community. Provided the reasoning about proposals made is made clear to the community and agreements are made in public, these allowances would be within the spirit of the Sunshine Law and help us find better ways to serve our community needs.

Mahalo
