**HB 1722: RELATING TO CAPITAL IMPROVEMENTS FOR THE UNIVERSITY
OF HAWAII**

Chair Takai and Members of the House Committee on Higher Education:

HB 1722 proposes the financing of six capital improvements program (CIP) projects for the University of Hawai'i at Mānoa's College of Tropical Agriculture and Human Resources. These six projects total \$23.569 million and are to be financed from the general revenues of the State.

While we support the intent of the bill, we have reservations if the proposed appropriations replace the priorities of the Board of Regents' CIP Budget for Supplemental Year 2004-2005.

Thank you for the opportunity to testify on HB 1722.
