

UNIVERSITY OF HAWAII SYSTEM

Legislative Testimony

Testimony Presented Before the
House Committee on Education and
House Committee on Labor & Public Employment

January 26, 2007

by

Donald B. Young, Interim Dean
College of Education
University of Hawai'i at Mānoa

HB 23: Relating to Criminal History Record Checks

Chair Takumi, Vice Chair Berg, Chair Sonson, Vice Chair Nakasone, and Members of the Committees:

The University of Hawai'i supports the intent of HB 23, which is to protect children in public schools by requiring criminal record checks of providers and contractors.

However, we oppose the inclusion of student trainees in this bill for the following reasons. Students selected to our teacher preparation program are carefully screened and once admitted, held to a high code of professional dispositions. All our student teachers (trainees) are required to submit to fingerprint checks prior to working in the public schools. This system is working well and we are unaware of any statistics that indicate that more extensive and more expensive criminal checks are required or will better protect the children in our schools.

Further, we also oppose the provision to pass on the cost of criminal checks to trainees. Such action will pose an undue financial burden on students at a time when tuition costs for all our institutions are rising.

Thank you for this opportunity to testify.
