Sam Callejo, Vice President for Administration

SB 1399 Making an Appropriation for Safety and Security Improvements for University of Hawaii Campuses.

The University of Hawaii supports SB 1399 provided that it does not replace or adversely impact the priorities in our Executive Biennium Budget. This measure makes an appropriation to improve safety and security measures on the University of Hawaii campuses system-wide.

The University supports the efforts of the Student Caucus and will continue to work with them in identifying and working on their Safety and Security priority projects.

The support included in this bill would add to the efforts of each of our campuses. Thank you for the opportunity to testify.
