

UNIVERSITY OF HAWAII SYSTEM

Legislative Testimony

Testimony Presented Before the
Senate Committee on Human Services and Public Housing and
Senate Committee on Health

February 5, 2007

by

Dr. Gary K. Ostrander
Vice Chancellor for Research and Graduate Education &
Interim Dean for the John A. Burns School of Medicine
University of Hawai'i at Mānoa

SB 1115, Relating to Perinatal Care

Chairs Chun Oakland and Ige, Vice Chairs Ihara and Fukunaga, and members of the Committees:

My name is Gary Ostrander and I currently serve as the Interim Dean of the John A. Burns School of Medicine at the University of Hawai'i at Mānoa. I wish to express support for the intent of SB 1115, providing funds for the operation of a perinatal clinic.

I am pleased to offer my support for the intent of this measure, provided that its passage does not replace or adversely impact priorities as expressed in our Board of Regents-approved Executive Biennial Budget.

We appreciate the fact that this measure would provide much-needed resources for a critical public health program. However, we must emphasize that there are other needs contained in our UH budget request that deserve consideration as well – and have been affirmed through the review process of our University administrators, Board of Regents, and Governor.

The funds requested in the Biennium Budget are crucial to JABSOM's fulfillment of its mission to train physicians to serve Hawai'i and conduct research to improve the lives of our people. We cannot responsibly advocate proposals that would diminish the amount of resources needed to operate our School and execute its mission.

Thank you for the opportunity to testify on this measure.
