SB 1382: RELATING TO EDUCATION

Chair Tokuda, Vice Chair Kidani and members of the Senate Committee on Education:

Thank you very much for this opportunity to testify on Senate Bill 1382 that directs the Legislative Reference Bureau to examine the Higher Education Act of 1965, as amended, and regulations pursuant to that Act, to determine in consultation with the University of Hawai'i and the Department of Education what changes are required for the state to comply with various provisions of the federal law.

The University supports the direction of this bill and its proposal to request from the Legislative Reference Bureau a review of the state's options for compliance with the federal Higher Education Act.

Respectfully, we offer two observations regarding the language of SB 1382:

- 1) Page 4 (line 22) and page 5 (lines 1-2) states: "federal laws and regulations relating to the authorization of institutions to operate educational programs beyond secondary education"
 - a. For clarification, we would like to note that the new federal regulations regarding state authorization apply to private, not public higher education institutions. The University of Hawai'i campuses would be exempt.
- 2) Page 6 (line 14): "veterans affairs" should be deleted, and replaced with, "State Approving Agency for veterans benefits" and "the administration of the Federal Leveraging Educational Assistance Program (LEAP)."

We appreciate the chance to provide testimony and comment on SB 1382.
