Description of goods, services, or construction:

(1) Explanation describing how procurement by standard competitive means is either not practicable or not advantageous to the University;

It is impractical to utilize standard procurement procedures for the purpose of soliciting proposals from marketing vendors for sponsorship programs for the universities athletic program. Marketing vendors do not adhere to a common set of requirements and criteria typical of advertised procurement solicitation for purposes of formulating their proposals for each college sports program. It is more advantageous in the sports marketing area to solicit such proposals by approaching vendors on an informal, one on one basis.

(2) Details of the process or procedures to be followed in selecting the vendor to ensure as fair and open competition as practicable;

There are a few sport marketing companies that would be able to market our athletic program. Learfield, IMG and Outfront Media are a few vendors that would be explored. The proposals from the different companies will be varied in the amount of rights fees, trade, capital and media commitment that they will be providing. The proposals will be reviewed by the Athletics Director, David Matlin and his executive team. The proposal that gives the university the best package of rights fees, trade, capital and media commitment will be chosen.
(3) A description of the Department's internal controls and approval requirements for the exempted procurement; and
The agreement will be reviewed by the Athletic Director and Associate Athletic Directors.

(4) A list of Department personnel, by position title, who will be involved in the approval process and administration of the contract:
David Matlin - Athletics Director
Joel Matsunaga - Associate Athletics Director
Carl Clapp - Associate Athletics Director
Tiffany Kuraoka - Fiscal Authority
