Pursuant to APM Section A8.220, the Department requests a procurement exemption to purchase the following:

Description of goods, services, or construction:
Services are being sought to produce (4) commercials for the Office of the Chancellor, University of Hawaii at Manoa, for the recruitment of students to enroll at the Manoa campus. Production services shall include: 1) Collaborating with members of the UH Marketing Team regarding commercial content focused on identified demographic groups; 2) filming and editing of the commercials; and 3) formatting final commercials for mass media distribution.

Estimated Cost: $ 30,000-40,000

(1) Explanation describing how procurement by standard competitive means is either not practicable or not advantageous to the University;
Procurement by standard competitive means involving the preparation and advertising for a formal request for proposals will not permit the initiation of filming this summer for the purposes of the timely completion of the commercials for airing and distribution to commence at the start of the Fall 2014 semester.

As a reasonable alternative, it is proposed that invitations to submit proposals to be extended to those production companies who have been identified through research and discussions with the UH Manoa Marketing team as having experience in the film industry and proven track records of producing video projects portraying an emotional genre, which is key in this particular marketing campaign.

(2) Details of the process or procedures to be followed in selecting the vendor to ensure as fair and open competition as practicable;
A task group will be constituted to oversee and coordinate the review of proposals received to provide the production services.

In order to ensure fair and open competition, each invited production company shall be given an opportunity to demonstrate the ability to turn a video project around in a relatively short timeframe. At least two of the commercials must be completed for mass distribution no later than August 15, 2014.
(3) A description of the Department's internal controls and approval requirements for the exempted procurement; and
The Office of Procurement and Real Property Management will assist in reviewing a contract for services with the company selected. Expenditures will be subject to administrative review, approval and processing in conformity with specifications of the invitation and University expenditure policies and procedures.

(4) A list of Department personnel, by position title, who will be involved in the approval process and administration of the contract:
1) Tom Apple, UH Manoa Chancellor; 2) Elmer Kaai, Director of Public Affairs and Community Relations; 3) Tracy Orillo-Donovan, Associate Director of Public Affairs and Community Relations; 4) Dyan Kleckner, Director of Marketing; and 5) Arlene Abiang, Director of Special Events.
