A9.370 RETIREMENT SYSTEM CONTRIBUTIONS WHILE ON LEAVE

1. Purpose. To prescribe University procedures concerning options available to employees in the contributory retirement plan to participate in the Employees’ Retirement System while on certain leaves of absence under Section 88–21 HRS, Definitions.

   a. This instruction applies to all University personnel participating in the contributory retirement system who take a leave of absence at less than full pay for the purposes of professional improvement. The following leaves fail in this category:
      1. Sabbatical leaves at half-pay for BOR and civil service personnel.
      2. Study leaves at one-fourth or one-half pay for faculty.
      3. Professional improvement leaves at less than full pay for APT personnel.
      4. Leave without pay for professional improvement or educational leave without pay, as appropriate.

      (Note: Personnel in the noncontributory retirement plan will have their leaves reported through the Notification of Personnel Action, Form SF-5B and the Application for Leave of Absence (UH Form 1 (Pers)).

   b. Vice Presidents, Chancellors, Associate Vice President, Deans at Manoa, State Director for Vocational Education or their designee (henceforth Administrative Officer) are responsible for issuing appropriate election form to the affected employee.

3. Procedure.
a. Personnel who receive half-pay or more while on leave do not have an option to suspend contribution while on such leave (Attorney General Opinion). One may increase contribution to the full pay equivalent but one may not reduce contributions.

b. Each employee who takes a leave with pay for professional improvement described in paragraph 2a above should be offered the opportunity to make contributions to the Employees’ Retirement System while on such leave. Should an employee not make an election, retirement contributions will be deducted from the salary in proportion to percentage of pay received during such leave. The election form and instructions are provided in Attachment 1.

c. Retirement contributions are normally not deducted when the salary received is less than 50% of full rate. Therefore, personnel who go on study leave at one-fourth pay have no deductions made unless an election is made to make full rate contributions. The election form and instruction are provided in Attachment 2.

d. Personnel in the contributory retirement plan who are on professional improvement leave without pay may elect to continue making contributions to the Employees’ Retirement System. The election form, contribution form and instructions are provided in Attachment 3 and 3a.

e. The Notification of Personnel Action, SF-5B, is to be prepared for all leaves taken in accordance with this procedure by personnel in either the contributory or noncontributory retirement plan and submitted to the Personnel Management Office which will then forward the Retirement System copy as required. If Option 2 is selected while on sabbatical or study leave by personnel in the contributory plan, a copy of the election form is to be stapled to the Payroll copy of the SF-5B. The University Personnel Office will forward the SF-5B payroll copy to the Payroll Office.

f. An Application for Leave of Absence, UH Form 1 (Pers) is to be prepared for the specific leave being taken and submitted to the Personnel Management Office for batching and forwarding to the Keypunch Section, Management Systems Office.
4. Election Forms.

a. Attachment 1 is a UH Form 30 (PERS), for electing to continue retirement contributions while on sabbatical or professional improvement leave with pay.

b. Attachment 2 is a UH Form 56 (PERS), to be used for electing to continue retirement contributions while on study leave.

c. Attachment 3 and 3a are UH Form 31 (PERS) respectively, to be used for making retirement contributions while on leave without pay for professional improvement and educational leave without pay.

d. Using agencies should reproduce copies of the attachments as required.
