Submit written objections to this notice to issue an exemption from Chapter 103D, HRS, within seven (7) calendar days from the date posted to:

Office of Procurement and Real Property Management
1400 Lower Campus Road, Room 15
Honolulu, Hawai'i 96822

REQUEST FOR EXEMPTION FROM CHAPTER 103D, HRS

TO: OFFICE OF PROCUREMENT AND REAL PROPERTY MANAGEMENT

FROM: Information Technology Services

(Department/Program)

Pursuant to APM Section A8.220, the Department requests a procurement exemption to purchase the following:

Description of goods, services, or construction:

This request for the Adobe Enterprise Term License Agreement (ETLA) contract provides the following for the UH System for a three-year duration, to be paid on an annual basis:

1. 30,000 DC Enterprise Sign Transactions annually
2. Acrobat Pro software for all UH faculty, staff, labs and classrooms on all UH campuses

Estimated Cost: \$ 284,517.00 + tax (cumulative)

(1) Explanation describing how procurement by standard competitive means is either not practicable or not advantageous to the University;

Resellers are unable to competitively bid or quote for Adobe ETLA pricing. Establishment of pricing is established directly between Adobe and the customer (UH), based upon FTE counts, and inclusion of customer-specific additional features and capabilities are subject to unique direct-only offerings by Adobe. UH must purchase this directly with Adobe or select a single sales partner (reseller) to obtain the official quotation. Therefore requests through standard RFQ or IFB, or via NASPO are not applicable, any of the standard procurement means will result in a single offering, specific to the UH-Adobe ETLA offering.

(2) Details of the process or procedures to be followed in selecting the vendor to ensure as fair and open competition as practicable;

Per Adobe's policy, ETLA customers can either purchase directly from Adobe or purchase through a single sales partner (reseller). Selected resellers under the NASPO ValuePoint contract are all platinum resellers who can provide a quotation. However with no means of selecting a single reseller fairly, UH has opted to purchase directly from Adobe, to reduce any unnecessary Adobe channel overhead or added administrative costs.

In this situation, Adobe is the author/manufacturer/provider of the subject software, and therefore the sole entity that can provide the required solution for UH. The Adobe Acrobat product (current and all future offerings will be under the Adobe DC subscription method), is required to ensure the UH can comply with the active US DOE VRA relating to web accessibility. UH has ensured the subject subscription is being offered at a price-point lower than any comparable standard Adobe DC higher education subscription price point.

(3) A description of the Department's internal controls and approval requirements for the exempted procurement; and
 ITS site license administrator, along with the director responsible for systemwide accessibility compliance (Mitchell Ochi) will oversee the execution and oversight of the administration of the procurement and licensing process. Any and all provisioning of the resulting license will be under the joint oversight of ITS site license administration, ITS accessibility compliance, and ITS administrative services functions.

(4) A list of Department personnel, by position title, who will be involved in the approval process and administration of the contract:
 Sandra Ann Matsumoto, Site License Administrator
 Craig Shinsato, Fiscal Officer

Direct questions to: Sandra Ann Matsumoto Phone: (808) 956-5783

I CERTIFY THAT THE INFORMATION PROVIDED ABOVE IS TO THE BEST OF MY KNOWLEDGE, TRUE AND CORRECT.
