Office of Procurement and Real Property Management
1400 Lower Campus Road, Room 15
Honolulu, Hawai'i 96822

RECEIVED

REQUEST FOR EXEMPTION FROM CHAPTER 103D, HRS

13 APR 12 P3:44

TO: OFFICE OF PROCUREMENT AND REAL PROPERTY MANAGEMENT
 FROM: University of Hawaii at Manoa School of Nursing and Dental Hygiene (SONDH)
 (Department/Program)

Pursuant to APM Section A8.220, the Department requests a procurement exemption to purchase the following:

Description of goods, services, or construction:
 Multiple agreements with qualified healthcare agencies in the State of Hawaii to provide individualized clinical training experiences for graduate students in the UHM School of Nursing and Dental Hygiene's (SONDH) nurse practitioner program. The healthcare agencies will provide nurse practitioners and/or physicians available to complete University nursing clinical preceptor training, precept students, and with UH SONDH faculty, review and evaluate student practice, as outlined by the course objectives, a minimum of twice during the semester (150 hours estimated per student). (For Summer 2013 – Spring 2014)

Estimated Cost: \$ 5,000.00 - 6,000.00 per student

(1) Explanation describing how procurement by standard competitive means is either not practicable or not advantageous to the University;
 Procurement by standard competitive means is not practical for these agreements with healthcare agencies which require consideration of many subjective factors to provide appropriate clinical training for the students in the program. These factors include: 1) Access to a setting with the breadth and depth of case mix appropriate to the student's population and clinical focus areas; 2) Direct clinical experiences that will allow students to practice hands-on clinical skills and develop new clinical proficiency, including performing an appropriate history, physical examination, and diagnostic procedures for clients' complaints; demonstrating evidence-based clinical reasoning, and formulate and implement an appropriate and culturally sensitive plan of care for patients; 3) Participation in inter-professional team activity; 4) Ability to practice to the full scope of their APRN education in compliance with organizational policy and the Hawaii Nurse Practice Act; 5) Access to and utilization of electronic health records; and 6) Opportunity to participate in unit and/or organizational level quality improvement activity specific to the student clinical specialty area. Access to a variety of clinical rotations and patient populations within an accredited healthcare agency is necessary for graduation, licensure, and certification, which limits the healthcare agency type eligible for consideration under this arrangement. Furthermore, a standard rate of remuneration per student placed within each agency will be applied to all agreements issued under this proposed exemption.

(2) Details of the process or procedures to be followed in selecting the vendor to ensure as fair and open competition as practicable;
 The Director for Community Partnerships and Program Director for the Family Nurse Practitioner Program will contact healthcare agencies that meet the requirements as a training site, including an adequate staffing of nurse practitioners and/or physicians and agency accreditation, to discuss agency ability to meet the clinical training needs of the SONDH nurse practitioner program. They will formulate a plan that is most reasonable in terms of the numbers of required student placements; numbers of students by agency, specialty, and client population; and the criteria for an effective individualized clinical training experience. We expect to issue contracts to multiple healthcare agencies (approximately 5 to 15) to meet our clinical training needs.

(3) A description of the Department's internal controls and approval requirements for the exempted procurement; and
The Dean of SONDH will review all proposed agreements for services for the healthcare agencies selected prior to processing for execution. The School's Chief Administrative Officer will review and approve all requisition, purchasing, payment and related support documents for compliance with University procedural requirements.

(4) A list of Department personnel, by position title, who will be involved in the approval process and administration of the contract:
Mary Boland, Dean, School of Nursing and Dental Hygiene
Stephanie Marshall, Director for Community Partnerships
Christopher Kanehiro, Administrative Officer
TBA, Director of Operations
