## UNIVERSITY OF HAWAI'I NOTICE OF SOLE SOURCE

Item(s) to be purchased: Cable Landing Station Access and Collocation Services

Description and quantity of item(s):

Qty.                      Description

Direct access to the Hawaiki submarine cable system lading station, including collocation space, and required power, in order to directly connect to capacity to support international research and education partners (initially New Zealand/REANNZ and American Samoa Community College/ASTCA). This will allow the University to have Charter construct INET facilities into the Hawaiki space and provide for collocation space to locate and operate University optical networking equipment within the space. Locating the University's equipment in the space will allow the University to connect to international partners. The space within the landing station is only available from Hawaiki Submarine Cable USA Limited. In addition, the minimum term commitment required by the service provider is for a period of five years. This extended term would result in a significant cost savings to the University as it would eliminate the high cost of point to point services.

Party to be awarded: Hawaiki Submarine Cable USA Limited

Address: 16192 Coastal Highway

City: Lewes                      State: Delaware                      Zip Code: 19958

Date Contract to be issued: April 25, 2019
