

ARCS Foundation Honolulu Chapter invites you to

# Women's Cardiovascular Updates

## Featuring Margo Vassar, MD, FACC

in a special pauhana talk on women and heart disease  
hosted by the John A. Burns School of Medicine

**Thursday, March 19, 2020**

- ♥ More women die from heart disease than from breast cancer each year.
- ♥ Heart Disease is on the rise among younger women.
- ♥ Women are more likely to suffer microvascular disease or artery dissections, which require different treatment.
- ♥ Yet women are less likely to be counseled or to receive appropriate therapy for known risk factors.

Dr. Margo Vassar, a Queens Medical Center cardiologist, University of Hawai'i at Manoa assistant clinical professor and fellow of the American College of Cardiology share's the latest information on cardiovascular disease in women.

**Pupus at 5 p.m.**  
**Talk at 6 p.m.**
