III. OTHER

10. Describe any significant issues regarding the Foundations process on your campus.
Foundations designations and coresponding documents (e.g approval letters) are recorded in Kuali and follow the curriculum deadlines, which requires proposers to submit renewal applications a year and a half or more in advance; this is creating frustration on the part of the propers. We are currently working to make the process much easier and smoother.
11. Identify any issues for discussion for the Systemwide Foundations board.
